University's Plant:

20 Blasts Rip Power Station

Fireman Hurled Into Air; Damage 'In Thousands;' NU Blacked Out

By ALLEN EDEE
Star Staff Writer

A series of 20 jolting power explosions destroyed "thousands of dollars worth of equipment" at the University's power plant Tuesday night plunging the University of Nebraska, the ag campus, Orthopedic Hospital and the State Capitol into total darkness.

The high voltage central switches punched eye-searing electrical explosions throughout the basement and through the windows of the 14th and Avery plant.

Firemen were immediately summoned while the explosions continued to rock the building. Foamite, dry powder, and carbon dioxide were fed on the dangerous fire until the current was shut off.

Fireman Don Hudkins was thrown several feet in the air when an explosion belted him almost in the face. He was carried from the building by other firemen, suffering from temporary shock, but miraculously escaping injury. He declined an ambulance and went back to the fire after a short rest.

Hudkins was above the fire directing some "dry powder" on the blazing wires at the time of the explosion.

Firemen were forced to leave the basement and flee outdoors as a new series of explosions seared the air.

A high pressure pump line was then fed on the south window of the power plant. When the explosions momentarily subsided, firemen again moved downstairs with two water hoses and a booster line to quench the dangerous fire.

A Short

Assistant Chief Hank Spahn said that "a short in the main switches probably caused the fire."

The blaze ate away equipment on a panel of switches, melting wires and blackening transformers.

Charles Fowler, director of buildings and grounds at the University said that the dairy and meat inspection lab on the ag campus would be the hardest hit."

"Possibly, several thousands dollars worth of meat may be spoiled," he said, "if it is not moved."

He also said that emergency crews of workers would man the milk stools to substitute for the electrical milkers for the dairy herd.

Commonwealth Electrical Company crews were immediately called to inspect the damage and start the tremendous repair job on the machinery.

Day or Two

Fowler said that it would be "a day, possibly two" before the repairs could be made.

The length of time, he said, will depend on whether a heavy cable is damaged and how soon destroyed equipemnt can be replaced.

The State Penitentiary, was notified during the fire to start shuttling power to the Capitol and the Hospital, but the city and ag college campuses will remain in darkness until repairs are completed. Fowler said.

Business Manager John K. Selleck, inspecting the premises, said that "there is no school, so no classes will be cut."

Firemen were troubled during the fire wondering when the power would be cut off. Police officers radioed Consumers and the State Pen to turn the switches.

Two University employees who were in the plant when the explosion-fires broke out were uninjured by the blasts.

Hoover Jr. Named To State Dept.

WASHINGTON (AP) — President Eisenhower Tuesday nominated Herbert Hoover Jr. to be undersecretary of state succeeding Walter Bedell Smith.

Hoover

The White House said Hoover-son of the former President will take over his new duties as soon as the Senate has acted on his confirmation.

The Senate Foreign Relations Committee summoned a special closed meeting Tuesday night and quickly approved Hoover's appointment. Acting Chairman H. Alexander Smith (R-NJ) told reporters the vote was unanimous.

Hoover, 50, has been serving during the last year as a special adviser, to Secretary of State Dulles.

Smith, former Army general who was Eisenhower's chief of staff in Europe during World War II, has wanted to leave the State Department for some months.

Hagerty said that when Smith became undersecretary of state shortly after Eisenhower took office in January, 1953, Smith agreed to stay for one year.

Just Before A New Power Explosion

Just a minute after this picture was taken, one fireman atop the ladder was knocked several feet into the air by an electrical explosion at the University of Nebraska power plant at 14th and Avery. Don Hudkins (shown on ladder at right) suffered shock but miraculously escaped injury. The other unidentified fireman retreated to the floor and was not harmed. (Star Staff Photo.)

It's A Crime To Be Communist

. . . House, Senate Both Approve Bill

WASHINGTON (AP)—The Senate and the House, overruling Eisenhower administration objections, voted Tuesday to make it a crime for a person to be a Communist.

By a 41-39 vote in the Senate, the language making Communists subject to five years in prison and a $10,000 fine was written into a bill designed to deprive the Communist party of its legal rights.

Then the Senate passed the whole bill 81-1.

Sens. Bowring and Reynolds, Nebraska Republicans, voted for passage of the bill.

In an extraordinary burst of speed, the House promptly voted on a roll call 208-100 to accept the Senate version. It did so in the face of an implied threat of presidential veto, expressed by Rep. Halleck (R-Ind).

Rep. Miller (R-Neb) voted for the amendment making it a felony to be a Communist, and Rep. Harrison (R-Neb) voted against it. Rep. Curtis (R-Neb) and Hruska (R-Neb) were not recorded as voting.

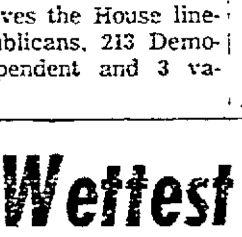
Halleck, the Republican leader in the House, told his colleagues he had no doubt that if the Senate version was adopted "it will not become law."

Halleck and other administration leaders objected that to make party membership a crime would play hob with existing Communist-control measures.

"If you don't want to destroy the Internal Security Act and surely hamper the enforcement of the Smith Act, then vote down this motion," Halleck pleaded. It was in vain.

Rep. Shafer Of Michigan Dead At 61

WASHINGTON (AP)—Rep. Paul W. Shafer, Michigan Republican, died Tuesday at Walter Reed Hospital. He was 61.



Shafer

Shafer, serving his 13th year in the House, entered the hospital on Aug. 5 and was operated on last Friday for a chronic liver ailment.

His death was announced by his office.

Shafer was born in Elkhart, Ind., and published newspapers there and at Battle Creek and Bronson, Mich. He was elected to Congress in 1936 for a term starting in January, 1937, and had been a member of the House ever since.

His death leaves the House lineup at 218 Republicans, 213 Democratss, 1 Independent and 3 vacancies.

Weather Causes Flooding, Death

Minor flooding continued Tuesday at Potter following a five-inch rain, hail and high winds in western Nebraska. An electrician from Sidney lost his life Tuesday during storm cleanup operations. Story appears on page 5

August So Far Is Wettest Since 1905

By MARILYN SWANSON
Starr Staff Writer

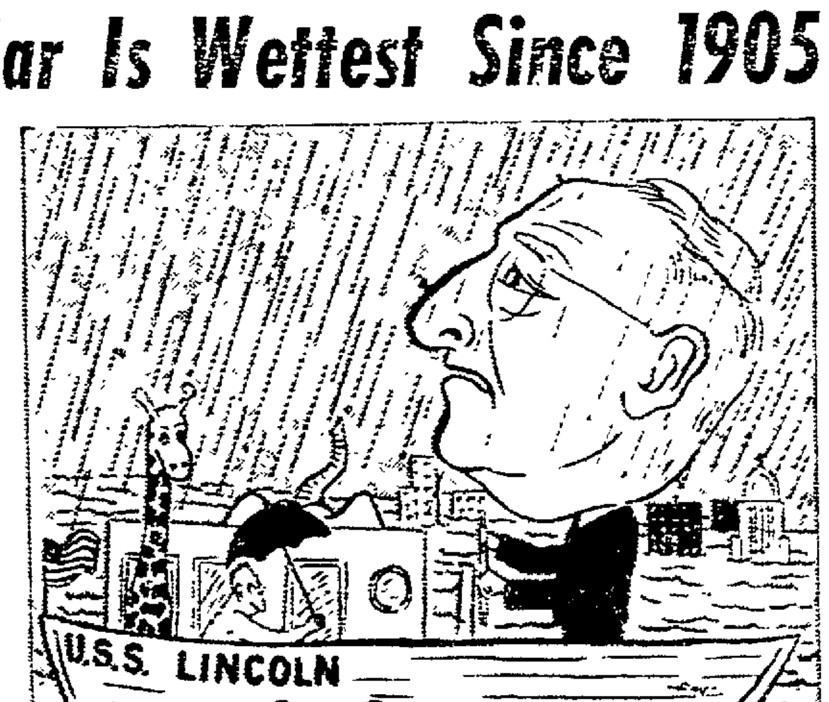
Lincoln's weatherman—without the aid of cloud seeding—has managed to produce moisture from the city's usual hot and dry August skies.

In fact, this August through Tuesday rated as the wettest month so far since 1905. The total precipitation now stands at 5.55 inches compared with the normal of 1.60 inches.

The latest wet August was in 1944, when the total for the entire month only reached 5.47 inches. The Weather Bureau adds that there are only four other months on record which equal or better the August, 1954, record. These include the Augusts of 1900 with 9.07 inches, 1903, 6.45 inches; 1905, 6.45 inches and 1910, 4.21 inches.

Although the official Weather Bureau figures put the rainfall total at 5.55 through Tuesday, an unofficial southeast Lincoln reading raises the total to 7.45 inches.

The total precipitation for the year is 21.04 inches as compared to the normal of 17.40 inches. June and July were dry months, although enough rain



fell at the end of July to put that months total over the normal reading.

A E. Anderson, state-federal crop statistician, said the recent rains have improved the corn crop outlook enormously. He added that the rains have also assured another alfalfa cutting.

Anderson said that normal temperatures and generally normal weather conditions are to be hoped for as ideal growing conditions during the remainder of the month.

An early frost, which has been predicted by some weather observers, would hurt the late corn which is now doing very well, according to Anderson.

SUSAN HAYES . . . Testifies as 'other woman'

Sheppard Re-Jailed In Slaying

Charged With Killing His Wife Marilyn, 31

CLEVELAND (AP) — Dr. Samuel H. Sheppard was rearrested late Tuesday on a first degree murder indictment charging him with the July 4 killing of his wife, Marilyn, 31.

The 30-year-old osteopath, first jailed July 30, had been free on $50,000 bond since Monday morning—the only time in more than 20 years liberty on bail has been permitted here to someone accused of first degree murder.

Minutes after six men and nine women grand jurors indicted the handsome doctor in the clubbing of his pregnant wife, officers were on their way to his parents' home in suburban Bay Village to return him to a county jail cell. His lawyers were with him at the jail.

Might Be Delayed

Common Pleas Judge Arthur H. Day, who announced the indictment, set an arraignment for Friday morning, but said it might be delayed if both the defense and prosecution want a delay.

The grand jury's indictment came after two full days of hearing testimony.

Dr. Sheppard has told police repeatedly that a bushy haired intruder killed his wife and knocked him out when he was awakened by her moaning and ran to help her.

Other Woman

The grand jurors, who were instructed by Judge Day not to discuss evidence they heard or the deliberations, Tuesday listened to Miss Susan Hayes, who had done hospital work with Sheppard before she moved last winter from nearby Rocky River to Los Angeles.

Investigators have cast her in the role of "the other woman."

She first denied a romance with the osteopath, and then signed a statement admitting the pair was intimate, County Prosecutor Frank T. Cullitan announced recently.

Flexible And Lower Price Props Approved

. . . ANGRY DISPUTE MARKS SENATE PASSAGE

WASHINGTON (Wednesday)—(AP)—The Senate early today passed the compromise farm bill, sending it to President Eisenhower after an angry squabble that routed many lawmakers from their beds after midnight.

The vote was announced as 44-28.

Sens. Bowring and Reynolds of Nebraska voted with majority.

The early morning vote after a more than 14-hour session came after a long squabble over whether or not there had been a "gentlemen's agreement" not to take a record vote.

The bill giving Eisenhower just about what he asked for in the way of flexible agricultural price supports represented a major administration triumph.

House Vote Is 208-47

The Senate passed the controversial measure after the House approved it by a standing vote of 208-47 after overriding bitter-end foes of the administration's program for abandonment of mandatory high farm price supports.

At one point in the final Senate debate, Republican Leader Knowland of California sought to end the long session under an agreement for a record roll call at 10 a.m. today.

This was blocked by Sen. Russell (D-Ga), an opponent of the administration farm program. Then the Senate got into an angry dispute about quitting for the night.

After Knowland and Democratic Leader Johnson of Texas had given lengthy explanations of their agreements and understanding, Knowland finally withdrew his motion to quit and the vote was taken.

Round Up Absentees

During this long argument, Republicans routed out a number of absentees who had left for the night with the understanding there would be no record votes.

On the showdown 31 Republicans and 13 Democrats voted for the conference agreement while 5 Republicans, 22 Democrats and the lone independent Morse of Oregon, voted against it.

The five Republicans voting against the compromise were Cooper of Kentucky, McCarthy of Wisconsin, Mundt of South Dakota, Thye of Minnesota and Young of North Dakota.

After disposing of the farm bill, the Senate recessed at 12:31 a.m. until 10 a.m.

Much of the thunder in the final debate came from opponents of the measure.

Sen. Kerr (D-Okla) boomed that the administration and Secretary of Agriculture Benson had "scored a great victory" but lower prices and income would mean "human poverty and suffering" for farmers.

Johnston Won't Sign

Sen. Olin D. Johnston (D-SC), who was a conferee but refused to sign the compromise, said he was "not in favor of flexible controls" or a "sliding scale" of supports.

Sen. Mundt (R-SD) said he would have to oppose passage because he feared the bill "holds a hazard for the farmer."

"This is not the road to agricultural prosperity," he declared.

Compromise Reached

What the President finally got was a compromise which, among other things, calls for.

1. A flexible program of supports between 82½ and 90 per cent of parity on cotton, wheat, corn, rice and peanuts. Tobacco alone of the "basics" continues to be supported at 90 per cent under a special program.

2. A 2½ billion dollar commodity "set-aside" from the more than six billion dollars' worth of surplus farm products now in government hands. Set-aside commodities go into government stockpiles or for relief purposes.

3. Authority to hold down the level of supports for butter, cheese and other dairy products at 75 per cent of parity, with almost unlimited powers for disposal of the millions of pounds of dairy products now glutting government storehouses.

4. A two-year extension of the basic farm act under which price supports and conservation payments are made.

5. Special incentive payments to support domestic wool prices up to 110 per cent of parity under a four-year program to encourage development of U. S. wool production.

Demo Chief Quizzes Ike On Power Project Deal

. . . 'Public Has Right To Know'—Mitchell

CHICAGO (INS) — Democratic National Chairman Stephen A. Mitchell fired a series of questions at President Eisenhower Tuesday night and said the public has a right to know whether the government made any attempt to solicit competing bids for a big Kentucky power project contract.

Mitchell

Mitchell at a news conference in his Chicago office replied to Mr. Eisenhower's comment on Mitchell's charge that the chief executive was guilty of favoritism to golfer Bobby Jones in the award of the contract.

Mr. Eisenhower, during his own news conference Tuesday, had extended an invitation to anyone to look at the full story of the contract awarded to the Dixon-Yates syndicate for providing power for the Atomic Energy commission's Paducah, Ky., plant.

'Whole Story'

Mitchell issued the following statement:

"I am glad to hear that President Eisenhower is now ready to make public the whole story behind the Dixon-Yates deal. There were bound to be objections about this multi-million dollar give-away as long as the administration failed to disclose how it originated and developed.

"If my remarks inspire the President to shed some light on this deal, they will have served a useful purpose.

"Moreover, if the veil of secrecy is really to be lifted, I hope the President will make sure that the public gets the answers to the following questions:

"1. Who originated the Dixon-Yates proposal? When and under what circumstances?

"2. Have any private power corporations, holding companies, combines or syndicates (not heretofore disclosed) been involved in any phase of this deal?

Specifications

"3. Were all the appropriate governmental agencies consulted by the administration? If any agency had reservations about the deal, what were they?

"4. Why were not specifications prepared for inspection by potential bidders in accordance with customary governmental policy?

"5. Did the government make any attempt to solicit competing bids so as to obtain the best possible terms and have a basis for judging the fairness of the Dixon-Yates proposal?

"6. Why did the President direct the AEC, an independent agency, against its better judgment, to enter into contract with a group personally picked by the President, to perform a construction job not directly related to the AEC's principal function?

Advice

"7 Before issuing his directive, did the President seek the advice of the directors of the TVA? If so, did they recommend or object?

"8. There has been sworn testimony that competition was suppressed in the selection of Dixon-Yates. In view of the express purpose of the administration that the Dixon-Yates award was made to futher our competitive free enterprise system, why didn't the President thereupon cancel his Dixon-Yates directive and order open competitive bidding?

"9. Why must the files of the Budget Bureau and the AEC be kept under lock and key for four days and four nights before they will be ready to be shown to the press? If the records are in order, why could they not be thrown open for inspection the minute the President's promise to make them public was made known officially to the Budget Bureau and the AEC?

"10. Does this case set a precedent? Under the guise of fostering free enterprise, will it be government policy in the future to take existing functions away from existing federal agencies and transfer them to selected private business organizations, without competitive bidding, no matter how great the added cost to the public?"

Senate OKs 400 Housing Units At Base

The Senate Tuesday night passed by a voice vote authorization for military housing which includes 400 units at Lincoln Air Force Base at a cost of $5,364,000.

A similar measure previously passed the House by a voice vote. The House bill provided for 443 units at a cost of $6,397,300.

The homes will be constructed and owned by the armed services, according to the Senate measure. The House measure provided that the units are to be 60 per cent for enlisted men.

It was speculated earlier that the units would not reach the building stage for a year or two after the bill passed

The bill, following Tuesday night's approval by the Senate, will be sent to the House for final action in ironing out the differences as passed by the two houses.

Frank Morrison To Keynote County Demo Convention

Frank Morrison of McCook, Democratic candidate for Congress in the First District, will keynote the post-primary convention of Lancaster County Democrats.

The County Democratic Central Committee announced after a meeting Tuesday night that the convention would be held at the Lincoln Hotel at 7:30 p.m. Thursday, Aug 26.

The convention, to be attended by delegates elected from precincts in the primary election, will choose county officers for the party for the next two years and will elect a slate of delegates and alternates for the state convention, which will be in Hastings Sept. 2.

Free Bus Service Planned For 'Double Dollar Days'

LINCOLN DOLLAR $1 DAY WEDNESDAY & THURSDAY

Dollar Days crowds have been so gigantic and the sales so successful that downtown merchants have planned another "Double Dollar Days" shopping event for Wednesday and Thursday.

Thousands of shoppers flocked into Lincoln last February from Nebraska, Iowa and northern Kansas, and thousands more are expected for this latest "Double Dollar Days."

There will be free bus service to downtown Lincoln from 9.15 to 11.15 a.m. both days. Stores will be open from 9:30 a.m. to 5.30 p.m. Wednesday and from 10 a.m. to 9 p.m. Thursday.

The event is sponsored by the Lincoln Promotional Council, with Leonard Hines president. Charles Hughes is chairman of the Dollar Days committee.

This will be Lincoln's 31st semi-annual Dollar Day promotion and the fourth time that two days instead of one have been set aside to give the customer the most for his money.

Many articles will carry price tags of $1 or multiples of $1.

Lincoln's big stores, many of them air-conditioned, are expecting "tremendous crowds" this time.

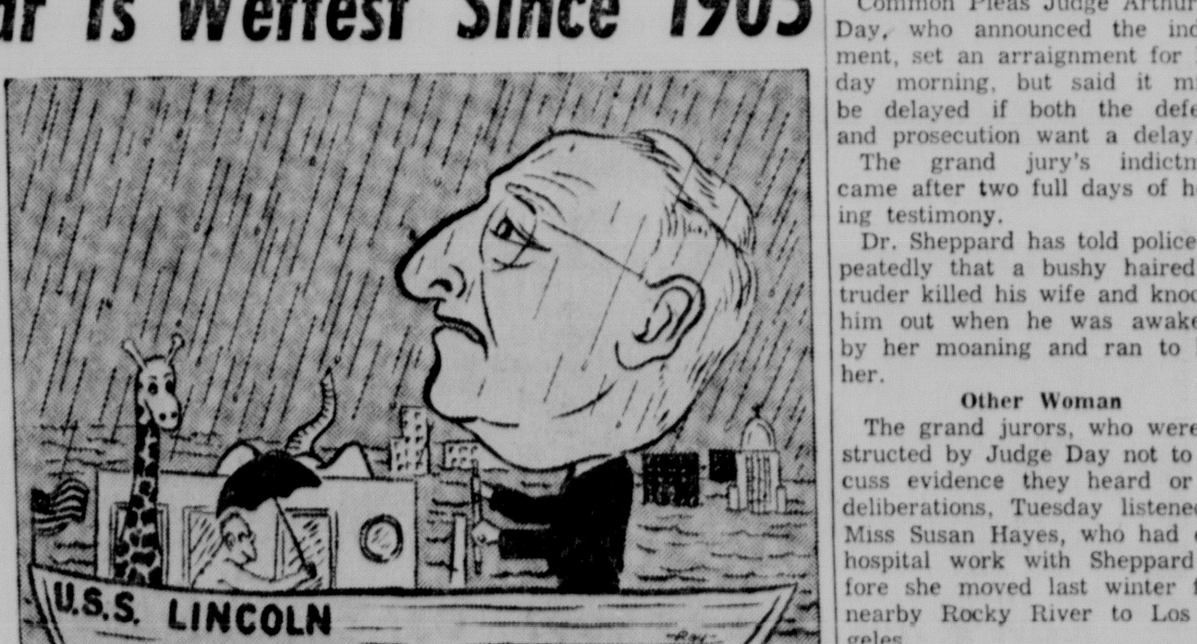
August So Far Is Wettest Since 1905

By MARILYN SWANSON
Starr Staff Writer



Lincoln's weatherman—without the aid of cloud seeding—has managed to produce moisture from the city's usual hot and dry August skies.

In fact, this August through Tuesday rated as the wettest month so far since 1905. The total precipitation now stands at 5.55 inches compared with the normal of 1.60 inches.

The latest wet August was in 1944, when the total for the entire month only reached 5.47 inches. The Weather Bureau adds that there are only four other months on record which equal or better the August, 1954, record. These include the Augusts of 1900 with 9.07 inches; 1903, 6.45 inches; 1905, 6.45 inches and 1910, 4.21 inches.

Although the official Weather Bureau figures put the rainfall total at 5.55 through Tuesday, an unofficial southeast Lincoln reading raises the total to 7.45 inches.

The total precipitation for the year is 21.04 inches as compared to the normal of 17.40 inches. June and July were dry months, although enough rain fell at the end of July to put that months total over the normal reading.

A. E. Anderson, state-federal crop statistician, said the recent rains have improved the corn crop outlook enormously. He added that the rains have also assured another alfalfa cutting.

Anderson said that normal temperatures and generally normal weather conditions are to be hoped for as ideal growing conditions during the remainder of the month.

An early frost, which has been predicted by some weather observers, would hurt the late corn which is now doing very well, according to Anderson.

Sheppard Re-Jailed In Slaying

Charged With Killing His Wife Marilyn, 31

CLEVELAND (AP) — Dr. Samuel H. Sheppard was rearrested late Tuesday on a first degree murder indictment charging him with the July 4 killing of his wife, Marilyn, 31.

The 30-year-old osteopath, first jailed July 30, had been free on $50,000 bond since Monday morning—the only time in more than 20 years liberty on bail has been permitted here to someone accused of first degree murder.

Minutes after six men and nine women grand jurors indicted the handsome doctor in the clubbing of his pregnant wife, officers were on their way to his parents' home in suburban Bay Village to return him to a county jail cell. His lawyers were with him at the jail.

Might Be Delayed

Common Pleas Judge Arthur H. Day, who announced the indictment, set an arraignment for Friday morning, but said it might be delayed if both the defense and prosecution want a delay.

The grand jury's indictment came after two full days of hearing testimony.

Dr. Sheppard has told police repeatedly that a bushy haired intruder killed his wife and knocked him out when he was awakened by her moaning and ran to help her.

Other Woman

The grand jurors, who were instructed by Judge Day not to discuss evidence they heard or the deliberations, Tuesday listened to Miss Susan Hayes, who had done hospital work with Sheppard before she moved last winter from nearby Rocky River to Los Angeles.

Investigators have cast her in the role of "the other woman."

She first denied a romance with the osteopath, and then signed a statement admitting the pair was intimate, County Prosecutor Frank T. Cullitan announced recently.

Flexible And Lower Price Props Approved

. . . ANGRY DISPUTE MARKS SENATE PASSAGE

WASHINGTON (Wednesday)—(AP)—The Senate early today passed the compromise farm bill, sending it to President Eisenhower after an angry squabble that routed many lawmakers from their beds after midnight.

The vote was announced as 44-28.

Sens. Bowring and Reynolds of Nebraska voted with majority.

The early morning vote after a more than 14-hour session came after a long squabble over whether or not there had been a "gentlemen's agreement" not to take a record vote.

The bill giving Eisenhower just about what he asked for in the way of flexible agricultural price supports represented a major administration triumph.

House Vote Is 208-47

The Senate passed the controversial measure after the House approved it by a standing vote of 208-47 after overriding bitter-end foes of the administration's program for abandonment of mandatory high farm price supports.

At one point in the final Senate debate, Republican Leader Knowland of California sought to end the long session under an agreement for a record roll call at 10 a.m. today.

This was blocked by Sen. Russell (D-Ga), an opponent of the administration farm program. Then the Senate got into an angry dispute about quitting for the night.

After Knowland and Democratic Leader Johnson of Texas had given lengthy explanations of their agreements and understanding, Knowland finally withdrew his motion to quit and the vote was taken.

Round Up Absentees

During this long argument, Republicans routed out a number of absentees who had left for the night with the understanding there would be no record votes.

On the showdown 31 Republicans and 13 Democrats voted for the conference agreement while 5 Republicans, 22 Democrats and the lone independent Morse of Oregon, voted against it.

The five Republicans voting against the compromise were Cooper of Kentucky, McCarthy of Wisconsin, Mundt of South Dakota, Thye of Minnesota and Young of North Dakota.

After disposing of the farm bill, the Senate recessed at 12:31 a.m. until 10 a.m.

Much of the thunder in the final debate came from opponents of the measure.

Sen. Kerr (D-Okla) boomed that the administration and Secretary of Agriculture Benson had "scored a great victory" but lower prices and income would mean "human poverty and suffering" for farmers.

Johnston Won't Sign

Sen. Olin D. Johnston (D-SC), who was a conferee but refused to sign the compromise, said he was "not in favor of flexible controls" or a "sliding scale" of supports.

Sen. Mundt (R-SD) said he would have to oppose passage because he feared the bill "holds a hazard for the farmer."

"This is not the road to agricultural prosperity," he declared.

Compromise Reached

What the President finally got was a compromise which, among other things, calls for:

1. A flexible program of supports between 82½ and 90 per cent of parity on cotton, wheat, corn, rice and peanuts. Tobacco alone of the "basics" continues to be supported at 90 per cent under a special program.

2. A 2½ billion dollar commodity "set-aside" from the more than six billion dollars' worth of surplus farm products now in government hands. Set-aside commodities go into government stockpiles or for relief purposes.

3. Authority to hold down the level of supports for butter, cheese and other dairy products at 75 per cent of parity, with almost unlimited powers for disposal of the millions of pounds of dairy products now glutting government storehouses.

4. A two-year extension of the basic farm act under which price supports and conservation payments are made.

5. Special incentive payments to support domestic wool prices up to 110 per cent of parity under a four-year program to encourage development of U. S. wool production.

Demo Chief Quizzes Ike On Power Project Deal

. . . 'Public Has Right To Know'—Mitchell

CHICAGO (INS) — Democratic National Chairman Stephen A. Mitchell fired a series of questions at President Eisenhower Tuesday night and said the public has a right to know whether the government made any attempt to solicit competing bids for a big Kentucky power project contract.

Mitchell

Mitchell at a news conference in his Chicago office replied to Mr. Eisenhower's comment on Mitchell's charge that the chief executive was guilty of favoritism to golfer Bobby Jones in the award of the contract.

Mr. Eisenhower, during his own news conference Tuesday, had extended an invitation to anyone to look at the full story of the contract awarded to the Dixon-Yates syndicate for providing power for the Atomic Energy commission's Paducah, Ky., plant.

'Whole Story'

Mitchell issued the following statement:

"I am glad to hear that President Eisenhower is now ready to make public the whole story behind the Dixon-Yates deal. There were bound to be objections about this multi-million dollar give-away as long as the administration failed to disclose how it originated and developed.

"If my remarks inspire the President to shed some light on this deal, they will have served a useful purpose.

"Moreover, if the veil of secrecy is really to be lifted, I hope the President will make sure that the public gets the answers to the following questions:

"1. Who originated the Dixon-Yates proposal? When and under what circumstances?

"2. Have any private power corporations, holding companies, combines or syndicates (not heretofore disclosed) been involved in any phase of this deal?

Specifications

"3. Were all the appropriate governmental agencies consulted by the administration? If any agency had reservations about the deal, what were they?

"4. Why were not specifications prepared for inspection by potential bidders in accordance with customary governmental policy?

"5. Did the government make any attempt to solicit competing bids so as to obtain the best possible terms and have a basis for judging the fairness of the Dixon-Yates proposal?

"6. Why did the President direct the AEC, an independent agency, against its better judgment, to enter into contract with a group personally picked by the President, to perform a construction job not directly related to the AEC's principal function?

Advice

"7. Before issuing his directive, did the President seek the advice of the directors of the TVA? If so, did they recommend or obobject?

"8. There has been sworn testimony that competition was suppressed in the selection of Dixon-Yates. In view of the express purpose of the administration that the Dixon-Yates award was made to futher our competitive free enterprise system, why didn't the President thereupon cancel his Dixon-Yates directive and order open competitive bidding?

"9. Why must the files of the Budget Bureau and the AEC be kept under lock and key for four days and four nights before they will be ready to be shown to the press? If the records are in order, why could they not be thrown open for inspection the minute the President's promise to make them public was made known officially to the Budget Bureau and the AEC?

"10. Does this case set a precedent? Under the guise of fostering free enterprise, will it be government policy in the future to take existing functions away from existing federal agencies and transfer them to selected private business organizations, without competitive bidding, no matter how great the added cost to the public?"

Senate OKs 400 Housing Units At Base

The Senate Tuesday night passed by a voice vote authorization for military housing which includes 400 units at Lincoln Air Force Base at a cost of $5,364,000.

A similar measure previously passed the House by a voice vote. The House bill provided for 443 units at a cost of $6,397,300.

The homes will be constructed and owned by the armed services, according to the Senate measure. The House measure provided that the units are to be 60 per cent for enlisted men.

It was speculated earlier that the units would not reach the building stage for a year or two after the bill passed.

The bill, following Tuesday night's approval by the Senate, will be sent to the House for final action in ironing out the differences as passed by the two houses.

Free Bus Service Planned For 'Double Dollar Days'

Dollar Days crowds have been so gigantic and the sales so successful that downtown merchants have planned another "Double Dollar Days" shopping event for Wednesday and Thursday.

LINCOLN DOLLAR $1 DAY WEDNESDAY & THURSDAY

Thousands of shoppers flocked into Lincoln last February from Nebraska, Iowa and northern Kansas, and thousands more are expected for this latest "Double Dollar Days."

There will be free bus service to downtown Lincoln from 9:15 to 11:15 a.m. both days. Stores will be open from 9:30 a.m. to 5:30 p.m. Wednesday and from 10 a.m. to 9 p.m. Thursday.

The event is sponsored by the Lincoln Promotional Council, with Leonard Hines president. Charles Hughes is chairman of the Dollar Days committee.

This will be Lincoln's 31st semi-annual Dollar Day promotion and the fourth time that two days instead of one have been set aside to give the customer the most for his money.

Many articles will carry price tags of $1 or multiples of $1.

Lincoln's big stores, many of them air-conditioned, are expecting "tremendous crowds" this time.

Frank Morrison To Keynote County Demo Convention

Frank Morrison of McCook, Democratic candidate for Congress in the First District, will keynote the post-primary convention of Lancaster County Democrats.

The County Democratic Central Committee announced after a meeting Tuesday night that the convention would be held at the Lincoln Hotel at 7:30 p.m. Thursday, Aug. 26.

The convention, to be attended by delegates elected from precincts in the primary election, will choose county officers for the party for the next two years and will elect a slate of delegates and alternates for the state convention, which will be in Hastings Sept. 2.

ABA Kills Plans For Red Study

CHICAGO (AP) — Recommendations that the theory and practice of communism be taught in public schools were rejected Tuesday by the American Bar Assn. after an hour and a half of bitter debate.

The original resolution was offered by the association's American Citizenship Comittee, whose chairman, U. S. District Judge Walter M. Bastian of Washington, D. C., argued that "to effectively combat Communism Americans need to have an understanding of what it is about."

Revised several times during the debate, the resolution in its final form would have put the association on record as favoring the teaching of principles of our constitutional government "in contrast with Communism, fascism and other totalitarian forms of government."

Samuel P. Sears of Boston, who led off the opposition, shouted:

"We don't need Communism in our educational system even as a scarecrow. We don't need to fly the Red flag of Russia alongside Old Glory just for comparison."

"If schools follow the mandate of this resolution, who's going to do the teaching? There's the rub."

Another opponent, Franklin Riter of Salt Lake City, told the lawyers he wasn't accusing the entire teaching profession of being disloyal, adding:

"But, unfortunately that profession has within it, just as our profession has within it, a disloyal element."

William Workman Services Friday

William J. Workman, 74, 1227 So. 24th, died Tuesday night at a local hospital.

He came to Lincoln 27 years ago from Arcadia, Neb. He had been employed by the city street department for 22 years, retiring two years ago.

A member of Arcadia Lodge 174, IOOF, he was also a member of Grace Methodist Church.

He is survived by his wife, Ollie C.; daughters, Mrs. Aretta Bellinger of Papillion, Neb., and Mrs. Opal Topps of Phoenix, Ariz.; son, Harold E. of Lincoln; brother, Issac E. of Ulysses, Neb.; sisters, Mrs. Vera Newman of Wood River, Neb., Mrs. Ruth Bivens of Broken Bow, Neb., and Mrs. Mary Covey of Prospect, Ore.; eight grandchildren and three great-grandchildren.

Funeral services will be held at 2 p.m. Friday at Grace Methodist Church.

News Around The Globe

Urgent Meeting

LONDON (AP) — Prime Minister Churchill Tuesday night conferred urgently with top aides on the crisis threatening the European Defense Community. There were mounting signs that France's allies will solidly oppose her efforts to radically change the European army plan.

The prime minister called an emergency meeting at Chartwell, his country home, reportedly to work out ways of saving the six-nation project. British officials believe that French Premier Pierre Mendes-France has gravely endangered EDC by demanding that its supranational character be watered down.

Pilot Killed

SPRING HILL, Kan. (INS)—A pilot was killed Tuesday when his F-9-F fighter jet plane crashed and burned on a farm three miles southeast of Spring Hill, Kan.

The pilot, believed to be a member of the Naval Reserve that began two weeks of training Monday at Olathe, Kan., Naval Air Station, had taken off nine minutes earlier from the station and had radioed that he was returning. Spring Hill is about 17 miles south of Olathe.

Attlee Celebrates

TOKYO (Wednesday) (AP)—Peiping radio said today that former British Prime Minister Clement Atlee and his touring Labor party group attended a reception given by the Indonesian ambassador to Communist China.

The reception celebrated the ninth anniversary of Indonesia's independence. The broadcast said Premier Chou En-lai and other high Chinese government officials attended.

60,000 Vote

CHEYENNE, Wyo. (AP)—An estimated 60,000 voters turned out Tuesday to choose from among a record field of 190 candidates for state and national offices in Wyoming's primary election.

The returns were slow. Results from only six scattered precincts gave U. S. Rep. William Henry Harrison 77 votes and his chief rival, Ewing T. Kerr, 76. Sam C. Hyatt, Hyattsville rancher, had 73 votes. No tally was available for William J. Taber, Cheyenne used car dealer.

Demand Rejected

PANMUNJOM (Wednesday) (INS)—An Allied demand that 2,840 Korean War prisoners, including 526 Americans, be freed from captivity in Red China or otherwise accounted for was flatly rejected by the Communists.

The Communists even refused to pick up from a conference table a revised list of the missing prisoners presented by the United Nations command at a Panmunjom meeting of the joint Military Armistice Commission.

Merger Of Studebaker, Packard OK'd

. . . By Stockholders

DETROIT (AP) — Stockholders of the Studebaker Corp. and Packard Motor Car Co. voted overwhelmingly Tuesday for a merger of the two companies.

The merger, to be completed within the next few weeks, brings together two of the oldest names in the auto industry. Combined they have assets of more than 251 million dollars; working capital of approximately 86 million and a net worth of nearly 179 million.

Votes of Studebaker shareholders were counted at Wilmington, Del. Almost 82 per cent of all Studebaker stock was represented and nearly 99 per cent favored the merger. Packard stockholders, voting in Detroit, represented nearly 83 per cent of the outstanding stock and almost 90 per cent voted for the consolidation.

Details yet to be completed include a reclassification of Packard stock, and the turning over to Packard of all Studebaker properties.

Brand New Company

When this has been done an amendment to the Packard articles of incorporation will be filed to create a new company to be known as the Studebaker-Packard Corp.

Ithaca Youth Named Head Of EUB Group

Lincoln Star Special

MILFORD, Neb.—New officers for the Senior Young People's Youth Fellowship convention of the Nebraska Evangelical United Brethren Church were installed at a camp fire service Tuesday night.

Gary Frahm of Ithaca is the new president. Wanda Weathearly of Merna is vice president, Eunice Oehlerking of Wabash, secretary.

Commission chairmen and and adult councilors appointed include:

Worship and devotional life—Lois Roker, Lincoln, chairman; the Rev. Marvin Herrick, Lincoln; councilor.

Missions and social action—Margaret Shaneyfelt, Aurora, chairman; Mrs. Doyle Hays, Hastings, councilor.

Evangelism and stewardship — Gale Miller, Wymore, chairman; the Rev. Duane Lenz, DuBois, councilor.

Recreation and leisure—Gary Henderson, Kearney, chairman; the Rev. Donald Miller, Miller, councilor.

State youth director, the Rev. Dale G. Ammon of Grand Island, was in charge of the installation.

The camp has a staff of 30. It will close Saturday morning.

Am-Tel, Inc., Files Bankruptcy Petition

Am-Tel, Inc., located at 1445 N, has filed in Federal Court a petition in voluntary bankruptcy listing liabilities of $4,662.15.

Listed unsecured claims among 15 creditors totalled $3,827.70. The remainder was $813.95 in federal taxes and $20.50 for rent.

Unsecured creditors, whose claims total $100 or more, are John E. Van Dorn, Omaha, $551; Ayres and Swanson, Inc., Lincoln, $634; Albert S. Johnston, Lincoln, $225; Am-Tel, Inc., for money loaned, $1,100; Capitol Broadcasting Co., $983.06.

Listed assets were $1,052.50 due on open accounts and tools, fixtures, and machinery, approximate value of $7,000.

President of the corporation is Harry H. Packard, of 1030 No. 48th.

$25,000 Injury Suit Filed For 7-Year-Old

A $25,000 personal injury suit has been filed in Lancaster District Court for Clairetta O'Neal, a minor, by her father, James W. O'Neal of 123 D. against Gerald G. Gallagher of 1029 So. 15th.

Petition alleges the seven-year-old girl, while crossing 22nd between D and E on Oct. 9, 1953, was struck by a motor vehicle driven by Gallagher.

Paul Geistlinger Dies At Age 84

Paul Geistlinger Sr., 84, 6926 Lexington, died at a local hospital Tuesday night. He was a retired farmer.

Born in Austria-Hungary, he had lived in the state 73 years, and farmed most of his life in the Hallam area. He came to Lincoln six years ago.

Mr. Geistlinger is survived by four daughters, Mrs. Ed Messman and Mrs. Floyd Shreve, Lincoln; Mrs. B. Albers, Hallam, and Mrs. Blockowitz, Julesberg, Colo.; and two sons, Harry G. of Hallam and Paul of Lincoln.

Lillian Pendarvis Funeral Friday

Funeral services for Mrs. Lillian Pendarvis, 80, of 735 K, will be held at 11 a.m. Friday at Wadlows Chapel. The Rev. Ralph Lewis will officiate. Burial will be at Dorchester.

Mrs. Pendarvis, a native of Barnesville, O., died Tuesday at a local hospital. She had lived in Lincoln 27 years coming here from Axtell.

Surviving are a daughter, Mrs. Marie Melroy of Lincoln; a son, Raymond of Lincoln; seven grandchildren and 13 great grandchildren.

William Thompson Dies At Age Of 70

William Thompson, 70, of 333 No. 33rd, died Tuesday afternoon.

A native of Green County, Tenn., he had lived in Lincoln 40 years. He was a member of the Methodist Church and Modern Woodmen.

Surviving are his wife, Christine; four daughters, Mrs. Pauline Meng, Mrs. Betty Baldwin and Mrs. Ruby Newcomb, all of Lincoln, and Mrs. Marie Fagler of Los Angeles; two sons, Conrad and William, both of Lincoln; 14 grandchildren, and six great grandchildren.

PIN-WORMS
MAY BE
A FAMILY AFFAIR

Fidgeting, nose-picking and a tormenting rectal itch are often telltale signs of Pin-Worms ... ugly parasites that medical experts say infest *one out of every three* persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, these pests must not only be killed, but killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do ... and here's how they do it:

First—a scientific coating carries the tablets into the bowels before they dissolve. *Then*—Jayne's modern, medically-approved ingredient goes right to work—*kills* Pin-Worms quickly and easily.

Don't take chances with this dangerous, highly contagious condition. At the first sign of Pin-Worms, ask your druggist for *genuine* Jayne's P-W Vermifuge ... the small, easy-to-take tablets perfected by famous Dr. D. Jayne & Son, specialists in worm remedies for over 100 years.

The reception celebrated the ninth anniversary of Indonesia's independence. The broadcast said Premier Chou En-lai and other high Chinese government officials attended.

60,000 Vote

CHEYENNE, Wyo. (AP)—An estimated 60,000 voters turned out Tuesday to choose from among a record field of 190 candidates for state and national offices in Wyoming's primary election.

The returns were slow. Results from only six scattered precincts gave U. S. Rep. William Henry Harrison 77 votes and his chief rival, Ewing T. Kerr, 76. Sam C. Hyatt, Hyattsville rancher, had 73 votes. No tally was available for William J. Taber, Cheyenne used car dealer.

Demand Rejected

PANMUNJOM (Wednesday) (INS)—An Allied demand that 2,840 Korean War prisoners, including 526 Americans, be freed from captivity in Red China or otherwise accounted for was flatly rejected by the Communists.

The Communists even refused to pick up from a conference table a revised list of the missing prisoners presented by the United Nations command at a Panmunjom meeting of the joint Military Armistice Commission.

Ithaca Youth Named Head Of EUB Group

Lincoln Star Special

MILFORD, Neb.—New officers for the Senior Young People's Youth Fellowship convention of the Nebraska Evangelical United Brethren Church were installed at a camp fire service Tuesday night.

Gary Frahm of Ithaca is the new president. Wanda Weathearly of Merna is vice president, Eunice Oehlerking of Wabash, secretary.

Commission chairmen and and adult councilors appointed include:

Worship and devotional life—Lois Roker, Lincoln, chairman; the Rev. Marvin Herrick, Lincoln; councilor.

Missions and social action—Margaret Shaneyfelt, Aurora, chairman; Mrs. Doyle Hays, Hastings, councilor.

Evangelism and stewardship — Gale Miller, Wymore, chairman; the Rev. Duane Lenz, DuBois, councilor.

Recreation and leisure—Gary Henderson, Kearney, chairman; the Rev. Donald Miller, Miller, councilor.

State youth director, the Rev. Dale G. Ammon of Grand Island, was in charge of the installation.

The camp has a staff of 30. It will close Saturday morning.

Am-Tel, Inc., Files Bankruptcy Petition

Am-Tel, Inc., located at 1445 N, has filed in Federal Court a petition in voluntary bankruptcy listing liabilities of $4,662.15.

Listed unsecured claims among 15 creditors totalled $3,827.70. The remainder was $813.95 in federal taxes and $20.50 for rent.

Unsecured creditors, whose claims total $100 or more, are John E. Van Dorn, Omaha, $551; Ayres and Swanson, Inc., Lincoln, $634; Albert S. Johnston, Lincoln, $225; Am-Tel, Inc., for money loaned, $1,100; Capitol Broadcasting Co., $983.06.

Listed assets were $1,052.50 due on open accounts and tools, fixtures, and machinery, approximate value of $7,000.

President of the corporation is Harry H. Packard, of 1030 No. 48th.

$25,000 Injury Suit Filed For 7-Year-Old

A $25,000 personal injury suit has been filed in Lancaster District Court for Clairetta O'Neal, a minor, by her father, James W. O'Neal of 123 D, against Gerald G. Gallagher of 1029 So. 15th.

Petition alleges the seven-year-old girl, while crossing 22nd between D and E on Oct. 9, 1953, was struck by a motor vehicle driven by Gallagher.

Paul Geistlinger Dies At Age 84

Paul Geistlinger Sr., 84, 6926 Lexington, died at a local hospital Tuesday night. He was a retired farmer.

Born in Austria-Hungary, he had lived in the state 73 years, and farmed most of his life in the Hallam area. He came to Lincoln six years ago.

Mr. Geistlinger is survived by four daughters, Mrs. Ed Messman and Mrs. Flovd Shreve, Lincoln; Mrs. B. Albers, Hallam, and Mrs. Elockowitz, Julesberg, Colo.; and two sons, Harry G. of Hallam and Paul of Lincoln.

Lillian Pendarvis Funeral Friday

Funeral services for Mrs. Lillian Pendarvis, 80, of 735 K, will be held at 11 a.m. Friday at Wadlows Chapel. The Rev. Ralph Lewis will officiate. Burial will be at Dorchester.

Mrs. Pendarvis, a native of Barnesville, O., died Tuesday at a local hospital. She had lived in Lincoln 27 years coming here from Axtell.

Surviving are a daughter, Mrs. Marie Melroy of Lincoln; a son, Raymond of Lincoln; seven grandchildren and 13 great grandchildren.

William Thompson Dies At Age Of 70

William Thompson, 70, of 333 No. 33rd, died Tuesday afternoon.

A native of Green County, Tenn., he had lived in Lincoln 40 years. He was a member of the Methodist Church and Modern Woodmen.

Surviving are his wife, Christine; four daughters, Mrs. Pauline Meng, Mrs. Betty Baldwin and Mrs. Ruby Newcomb, all of Lincoln, and Mrs. Marie Fagler of Los Angeles; two sons, Conrad and William, both of Lincoln; 14 grandchildren, and six great grandchildren.

PIN-WORMS
MAY BE
A FAMILY AFFAIR

Fidgeting, nose-picking and a tormenting rectal itch are often telltale signs of Pin-Worms . . . ugly parasites that medical experts say infest *one out of every three* persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, these pests must not only be killed, but killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do . . . and here's how they do it:

First—a scientific coating carries the tablets into the bowels before they dissolve. *Then*—Jayne's modern, medically-approved ingredient goes right to work—*kills* Pin-Worms quickly and easily.

Don't take chances with this dangerous, highly contagious condition. At the first sign of Pin-Worms, ask your druggist for *genuine* Jayne's P-W Vermifuge . . . the small, easy-to-take tablets perfected by famous Dr. D. Jayne & Son, specialists in worm remedies for over 100 years.

Ike Gets Bill Giving Private Enterprise Hand In A-Energy Development

WASHINGTON (AP)—A voice vote in the House Tuesday finally sent to President Eisenhower legislation he asked to give private enterprise a hand in development of atomic energy and to permit some exchange of atomic secrets with America's allies.

This first big overhaul of the 1946 atomic energy law had been quietly approved by the Senate Monday night 59-17 in sharp contrast with the long and fierce debate it underwent last month.

What the Senate and House have now passed is a second compromise, adjusting patent provisions which had been in dispute.

The new compromise provides that companies which enter the atomic field can obtain patents on atomic devices which they develop. However, for the first five years, these patents must be shared for a fee with qualified applicants. After that, regular, exclusive patent rights will be granted for the customary 17 years, renewable for the same period.

Compulsory Sharing

The House twice voted to authorize exclusive patents from the outset, without requiring patent-sharing. The Senate refused to accept a bill without compulsory sharing of patents, and originally insisted that this be for 10 years. Senators who spoke for compulsory patent-sharing said it was needed to prevent monopoly practices.

Rep. Cole (R-NY), chairman of the Senate-House Atomic Energy Committee and chief opponent of patent-sharing, said the House conferees receded from their position after getting assurances the whole patent question would be reviewd next January.

The revised measure also provides that cooperatives and publicly owned utilities must be given preference in the sale of government-produced atomic power and in applying for nuclear licenses. The Senate had opposed an original qualification that the power preference be given "insofar as practicable."

Full-Scale Plants

The final measure allows private industry to operate atomic facilities and handle fissionable material, under 40-year renewable licenses from the Atomic Energy Commission. The AEC is authorized to build full-scale research power plants and other government agencies can get commercial A-power, if Congress approves.

The President is authorized to give foreign nations details on the external characteristics of atomic weapons, to reveal information on civilian atomic power and to start negotiations for a global atomic pool to help underdeveloped nations, all subject to congressional approval.

Pension Banned

WASHINGTON (INS)—The Senate passed Tuesday night a House-approved bill prohibiting the payment of a government pension to Alger Hiss or other federal employees convicted of crimes.

The bill goes back to the House for action on a Senate amendment extending from three to five years the statute of limitations on certain crimes committed by government employees.

The bill would rule out annuities payable under the government retirement system to government personnel convicted of a wide list of offenses, including perjury and concealment of Communist activity.

'New Strength'

WASHINGTON (AP)—President Eisenhower Tuesday signed legislation which he said will help give "important new strength to our national efforts to conserve the vital water and soil resources of the United States."

The bill amends the water facilities act of 1937. The original version was limited to 17 states. The new broader law makes available to all loans for developing agricultural water improvements on farms and ranches.

In addition, the measure establishes a program of direct or insured loans for drainage facilities, reforestation, and other water and soil conservation measures.

Probe Approved

WASHINGTON (AP)—Senate passage Tuesday night sent to President Eisenhower a bill giving authority to the Justice Department and FBI to investigate any suspected wrongdoing in the Treasury Department.

Sen. Williams (R-Del), author of the bill, had described it as a key measure in his fight for a cleanup of corruption in government.

Compensation Boost

WASHINGTON (AP)—The Senate passed by voice vote Tuesday night an administration bill to extend the unemployment compensation system to nearly four million additional workers.

The legislation would extend jobless pay protection to nearly all federal civilian employees and also would bring into the program employees of firms which have four or more workers during at least 20 weeks of a year.

Funds Bill OK'd

WASHINGTON (INS)—The House approved legislation Tuesday authorizing extra appropriations of one billion, 700 million dollars for more than a score of government agencies.

The measure, which now goes to the Senate, includes appropriations for the current fiscal year. It is approximately 300 million dollars less than the administration requested.

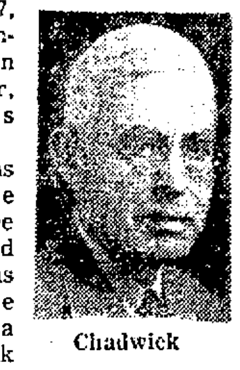
Included in the measure are the following projects: Military construction, 817 million dollars earmarked as follows: Navy, 98 millions; Air Force, 630 millions; family housing construction, 75 millions; Army, no funds requested.

Air Force Luxury

OKLAHOMA CITY (AP)—Shirley M. Schnell, a WAF airman second class from Hopatcong, N. J., was Tinker Air Force Base's airman of the month. One of her prizes: breakfast in bed served by M. Sgt. Charles A. Harris, her first sergeant.

Chadwick To Be Counsel In Censure Case

WASHINGTON (AP)—A special Senate committee named to investigate censure charges against Sen. McCarthy (R-Wis) Tuesday appointed E. Wallace Chadwick, 67, a former congressman from Chester, Pa., as its counsel.



Chadwick

Sen. Watkins (R-Utah), the committee chairman, said Chadwick has assured the group in a telephone talk that "he hasn't any decided stand that would disqualify him" from serving as the neutral, able counsel the committee sought.

Watkins said Chadwick will arrive here Wednesday and start work immediately.

A reporter asked Watkins how the committee had chosen Chadwick.

Trial Lawyer

"We searched and searched, and we found him," the senator replied.

He said Chadwick is a trial lawyer, specializing in civil cases, and a former judge.

A Republican, Chadwick served in the House in 80th Congress representing the Delaware County, Pa., district, Watkins said. He described Chadwick as a man who would be remembered by many for a House speech on U.S. responsibilities to allies and the peoples who fought gallantly against oppression in World War II.

Guardsmen Are Back With Grim Reminders

NEBRASKA CITY (AP)—Nebraska City National Guardsmen brought a few things other than medals back from their two-week summer encampment at Camp Ripley, Minn.

About two dozen of the guardsmen picked up poison ivy infections during a two-day bivouac their first week in the field.

Two-Unit Fremont Armory Approved

Construction of a two-unit armory with added space for training of reserves has been approved by the Washington headquarters of the National Guard for Fremont, Maj. Gen. Guy N. Henninger, adjutant general of the Nebraska guard, said.

Gen. Henninger said the building would cost approximately $175,000 and that with the plans and specifications approved, the contract can be let in plenty of time to start construction before winter weather halts work.

The armory will provide facilities to train about 400 men. It is part of the building construction authorized by the state 1.1 mill levy for state institutions. State money will be matched with federal funds for the construction. Sites for the buildings are provided by the cities in which located.

Rubber Asphalt Tried On Highway

The State Highway Department is experimenting on U.S. 77 south of Lincoln in the use of rubberized asphalt to extend the life of asphaltic concrete.

Heavy traffic tends to remove the aggregate from the seal coat, leaving mostly asphalt, which gives a slick driving surface.

In the experiment, rubber is sprayed on the asphalt coated aggregate and then mixed into the asphaltic concrete. It is hoped this will make the surface more resistant to weather damage, and render the pavement less likely to break up under traffic because of additional elasticity.

Nebraska has 1500 miles of concrete highway. Sixty per cent of this pavement is expected to wear out within the next ten years.

The experiment with rubberized asphalt is being conducted on a section where concrete was resurfaced with asphaltic concrete a few years ago.

Emerson Takes Western SCS Job

Arthur W. Emerson, former information director of the Lincoln Regional Office of the Soil Conservation Service, said Tuesday he has taken the post of head of the SCS information service for the West Coast states.

He was with the Lincoln office 15 years before it was abolished in the recent reorganization of the soil conservation service. He started with the service at Huron, S. D. in 1935 and was stationed at Rapid City for a time.

He will direct SCS information in California, Oregon, Washington, Idaho, Utah, Nevada and Arizona. He is living in Oakland, Calif.

4-Bridge County Work Goes To Lincoln Firm

By VIRGIL FALLOON
Star Staff Writer

The Lancaster County Board has awarded a $40,075,25 contract for the construction of four bridges to the Midwest Lumber, Bridge and Supply Co., of Lincoln.

The award, upon the recommendation of County Engineer Louis Weaver, was made after the apparent low bidder, Korshoj Construction Co., of Blair, was disqualified.

Korshoj bid $39,169.74, but restricted its bid to a completion date 60 days after delivery of needed structural steel ,estimated to be Dec. 1.

$50 Penalty

Weaver pointed out bid specifications called for a Nov. 15 completion date and a $50 a day penalty thereafter.

Maybe the other bidders have better suppliers, he commented, or else the $50 a day penalty was computed in their bids.

Weaver said the early completion date was necessary to complete grading of road and bridge approaches for winter travel.

Other bidders were Capital Bridge Co., Lincoln, $40,425.50, and Midland Construction Co., Omaha, $44,166. All bids, as computed by the engineer, include base bids on the bridges and cost of specified dry excavation

Type of bridge, location, accepted base bid on bridge structure, and the engineer's estimate follows:

A 65-foot steel girder bridge, located just south of Pioneers Park entrance and near the Yankee Hill Brick yard, $16,990 bid; $17,500 estimate.

A 40-foot steel girder bridge, located just south of Malcolm, $10,092 bid, $9,500 estimate.

A 30-foot I-beam bridge, located three miles north and 3½ miles west of Sprague, $6,488 bid, $6,200 estimate.

A 24-foot I-beam bridge, located 1½ miles north and quarter-mile east of Malcolm, $6,050 bid, $5,400 estimate.

Printing

In bidding on the printing of 72,000 Motor Vehicle Tax certificates for the county treasurer's office, the board awarded the contract to Jacob North and Co., Lincoln, at $1,433.85.

Other bidders were Nebraska Salesbook Co., $1,524.24; Moore Business Forms Co., $1,461.60; and Egry Register Co., Dayton, O., $1,420.56.

In accepting the second low bid, the board pointed out the Egry firm was an out-of-town firm and had no local representative.

For $13

"For the $13 difference between the bids," Chairman Russell Brehm recommended that the bid of the Lincoln firm be accepted.

In other action, the board laid over for one week and until the return of Commissioner Chauncey E. Barney, who is vacationing, a proposal for the re-construction of the Air Base road, between U.S-6 (West O) and the south entrance of the Lincoln Air Force Base.

Earlier, the board had approved designation of the two-mile stretch of road as part of the county's federal aid secondary system.

Weaver said the road on which the paving is buckling and disintegrating, would be given an asphalt surface at an estimated cost of $30,000 under the construction proposal. County's share would be $15,000.

The FAS designation for the road was made by the county after federal and state agencies claimed no responsibility for the maintenance of the road. The county had disclaimed any responsibility for the road since it was originally built by the state with federal funds during activation of the air base during World War II.

About two dozen of the guardsmen picked up poison ivy infections during a two-day bivouac their first week in the field.

Two-Unit Fremont Armory Approved

Construction of a two-unit armory with added space for training of reserves has been approved by the Washington headquarters of the National Guard for Fremont, Maj. Gen. Guy N. Henninger, adjutant general of the Nebraska guard, said.

Gen. Henninger said the building would cost approximately $175,000 and that with the plans and specifications approved, the contract can be let in plenty of time to start construction before winter weather halts work.

The armory will provide facilities to train about 400 men. It is part of the building construction authorized by the state 1.1 mill levy for state institutions. State money will be matched with federal funds for the construction. Sites for the buildings are provided by the cities in which located.

Rubber Asphalt Tried On Highway

The State Highway Department is experimenting on U.S. 77 south of Lincoln in the use of rubberized asphalt to extend the life of asphaltic concrete.

Heavy traffic tends to remove the aggregate from the seal coat, leaving mostly asphalt, which gives a slick driving surface.

In the experiment, rubber is sprayed on the asphalt coated aggregate and then mixed into the asphaltic concrete. It is hoped this will make the surface more resistant to weather damage, and render the pavement less likely to break up under traffic because of additional elasticity.

Nebraska has 1500 miles of concrete highway. Sixty per cent of this pavement is expected to wear out within the next ten years.

The experiment with rubberized asphalt is being conducted on a section where concrete was resurfaced with asphaltic concrete a few years ago.

Emerson Takes Western SCS Job

Arthur W. Emerson, former information director of the Lincoln Regional Office of the Soil Conservation Service, said Tuesday he has taken the post of head of the SCS information service for the West Coast states.

He was with the Lincoln office 15 years before it was abolished in the recent reorganization of the soil conservation service. He started with the service at Huron, S. D. in 1935 and was stationed at Rapid City for a time.

He will direct SCS information in California, Oregon, Washington, Idaho, Utah, Nevada and Arizona. He is living in Oakland, Calif.

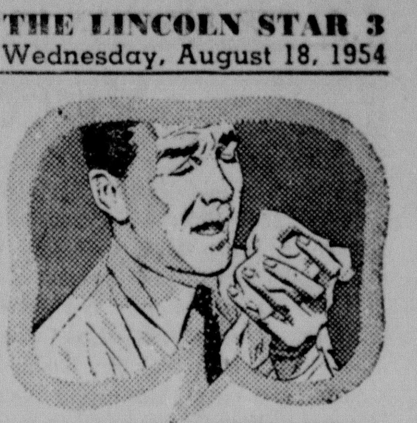
Work, Sleep, Play In Comfort
Without Nagging Backache
Nagging backache, loss of pep and energy, headaches and dizziness may be due to slowdown of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.
Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!



HAY FEVER?
Get instant relief!
Persistent suffering can be discouraged. Simply spread Mentholatum® Inside each nostril and breathe deeply. The vapors quickly soothe and comfort irritated membranes. You'll feel relieved right away. Use Mentholatum regularly when the pollen count soars.

Vacation For Benson

The news columns relate that President Eisenhower has admonished Secretary of Agriculture Ezra Taft Benson to knock off work and to take a three-week vacation once the controversial farm bill is disposed of by Congress.

The President may not know it but in some areas of rural America there are many who would not object to Mr. Eisenhower's giving his secretary of agriculture a permanent vacation. Among those, it appears, is Texas State Agricultural Commissioner John C. White who, a little hot under the collar because of the lag in the federal drought relief program, publicly charged that it is being ruined by "Republican political ambitions."

White's blast put squarely on the spot Gov. Allan Shivers, now battling for his political life in a run-off election against an opponent Shivers defeated easily two years ago by more than a quarter million votes only in seeking renomination to nose out by a few thousand votes in the recent Texas primary. All that Shivers could say by way of answer was that he would leave it up to Mr. White.

It is not the first time that the federal drought relief program has come in for criticism. There were rumblings in Missouri in midsummer, rumblings based upon the slowness of action. But no one, drought-bitten farmer or town dweller, will begrudge Mr. Benson his vacation. So far as the Midwest states are concerned, Mr. Benson could use a little rest—the longer, the better.

Eyes Upon Lincoln

It is a healthy, wholesome development when the people of a community take time to give some thought to what is happening on the local level.

A reader called Monday to voice the criticism that Lincoln's parks (in this instance, the reference was to Pioneers) are not sprayed regularly to combat insects and flies.

The question was referred to Park Superintendent Jim Ager, who reported that the parks are sprayed quite regularly but during the past week because of wet grounds, spraying had to be eliminated as a result of the inability to get into sections of the parks with heavy spraying equipment. Mr. Ager reported that Pioneers and other parks ordinarily are sprayed once a week. Weather permitting, Pioneers will be sprayed before the week end, Mr. Ager said. Most effective time for spray treatment is early in the year. After the first sprayings, flies and other insects build up a resistance to the spray which makes it less and less effective.

Still another reader called to direct attention to Mayor Clark Jeary's appeal for a clean-up of Lincoln residential sections in advance of the state fair crowds. July's heat was a rough one on the lawns and gardens of this community. But the grass particularly as a result of the abundant rains of early August is staging an excellent comeback.

This caller said that the island parking or the central parking on South 15th (maintained by the city itself) should be put into shape, cleared of weeds, mowed. The mayor's appeal is commendable. The city itself can aid by setting an example on South 15th.

Spend It Ourselves

Sterling McCaw of the Norfolk News notes that a recent survey of the nation's school facilities made by the U.S. Office of Education, aided by state educational departments, has reached the conclusion that Nebraska needs to spend $137 million to bring its school plant up to requirements. Our resources, McCaw notes, while admittedly among the highest in the country are only 79.45 per cent adequate.

That would suggest Nebraska needs $28 million in federal aid. The hooker in all of this, Mr. McCaw insists, is that in accepting federal aid for education, Nebraska will have to pay into the fund more than we get back because our resources are above those of the average state.

So far, so good.

"Why not raise the money ourselves, and spend it as we see fit?" McCaw asks in closing.

No reason, at all, except for the fact that we never will raise that amount of money by affirmative action here in Nebraska.

Of Men And Things

By J. E. LAWRENCE

August dog days! . . . Time was in Nebraska when freckled, barefoot boys, bamboo poles resting on their shoulders and a can of worms by their side, could be seen marching toward their favorite fishing holes. . . . Each step along the highway raised a cloud of dust as bare toes drew strength from thirsty Mother Earth. . . . Maybe that still is a part of the order of things.

★

One Unchanging World

It was a good world that another generation knew, and still is, for all we know. . . . On a hot August afternoon these deep pools of the otherwise winding, shallow streams invited contemplation. . . . Invariably their surfaces were hidden under a thick blanket of green. . . . The small boy was always certain that in the depths underneath lurked the fish he sought. More frequently with darkness closing in, he trudged homeward empty-handed. . . If he had a good string of fish to show for his efforts, then he was the hero of the neighborhood and the target for endless questions on where he got his string. . . . That was the recreational outlet in the early years of this century for thousands of sturdy young Nebraskans who were not hard to please when it came to improvising the joys of outdoor life.

★

It is a better world today. . . . Scores and scores of Nebraska communities have reached into their pockets to provide youngsters with swimming pools. . . . They are a far cry from the malaria-laden waters of the streams where other Nebraskans, clad only in their birthday suits, sought relief from the heat. . . . Not only pools but playground equipment and in many instances supervised play. . . . It may rob the youngsters of some of the ingenuity called for in developing their own recreation, but nevertheless this trend so common in all sections of the country is good.

★

Cross-Section Of America

August dog days! . . . Back in Washington in the steaming heat of the national capital, Congress was bending every energy to wind up its business so its members could return home or leave on vacation jaunts. . . . A rather messy session, by and large, to be extolled to the skies for its accomplishments or bitterly denounced for its failures. . . . We find it difficult to agree with Brother Drew Pearson that Congress should vote itself a handsome salary increase. . . . Pearson feels better salaries could attract better men. . . . That is the way it is supposed to work out, but would it? . . . We have the notion that the mediocres still would be running for office . . . drab . . . unimaginative . . . in our opinion, party hacks . . . Many of these congressmen have not been treated too badly by their constituencies . . . For example if our information is correct, Nebraska's First District congressman could retire and qualify for a congressional pension in excess of $4,000 a year. . . . Life has not been too rough with Mr. Curtis, it would seem. . . . One thing is certain. . . If salaries continue to rise and rise, we can be sure that budget-balancing will be impossible unless spending is curtailed in other channels.

★

Size of the paycheck is not the dominant note when it comes to the spirit of dedicated public service. . . . Funny thing is that men recognized for the services they perform seem to have less to say about the unsatisfactory compensation which members of Congress receive than some of those less vigilant in safeguarding the interests of the American people . . . After all, Mr. Pearson seems to overlook that generally it has been the case of the man seeking the job, not the job seeking the man.

No End To It

Then there was the fellow down in Georgia whose domicile was in danger of being overrun by rats. In order to get rid of the rats, he got two cats. Now he has no rats, but he has two cats. He might get a dog to worry the cats into disappearance, but then that would lead to the need for a cow with a crumpled horn to toss the dog that worried the cats that killed the rats—no his name isn't Jack. It's Bill

Burgers A La Buffalo

Holdrege came up with something new and different in a food-fest for its community fun-fest, even explained how to go about concocting what Holdregers have christened "buffalo-burgers."

If you have a handy little outdoor grill in your backyard, was the advice—forget it. For an undertaking of this magnitude, there is need for a trench 90 feet long, four feet wide and four feet deep. The fuel needs consist of a bed of coals one and a half feet deep in the trench. Next, call the meatman. Or on second thought, better contact the caretaker of a wild-life preserve. Anyway, get 3,000 pounds of buffalo meat, which on the hoof adds up to three medium-sized bison. If you really are one for meeting challenges head-on, get the live animals and butcher and dress them yourself, or if you want to do it the easy way, bone and chunk the dressed meat into 20 or 30-pound chunks. Over the hot coals is sprinkled a layer of fine sand about three-fourths of an inch deep and the meat, wrapped first in muslin and then burlap, is dropped into the trench atop the sand and covered with corrugated steel.

The next two steps are a cinch. First you go to a movie, a ball game, a dance or on a fishing trip, and come back in about 16 hours.

The next step, and the last one, is even easier. You just eat and eat—and eat.

The Bounce

The men of Russia are in danger of losing their trousers because of a current shortage of suspenders, to say nothing of already having lost their shirts. And the Russian women complain that they can't keep their hose up because garters are not for sale.

In fact, reported Soviet Trade, official publication of the Ministry of Internal Trade which controls all stores and shops, elastic products of all kinds are "in especially short supply."

Everything, that is, but the promises. They are still plentiful and they still bounce.

Planning Made Easy

Solution of community problems is easy if you live in the right places. For instance, Houma, La., with a long-time service contract running out, faced a hike from 16 to 25 cents per thousand cubic feet of gas. It called in a drilling outfit and offered drilling rights in return for 12 cent gas if any were hit. The driller quickly did so and now the well is flowing five million cubic feet daily.

Congress And Judges Deserve Salary Raise

It may sound strange coming from one who has done his share of criticizing Congress, but in my opinion it would be a tragedy if Congress did not come back this fall to vote a pay raise both for judges and congressmen themselves.

President Eisenhower urged such a pay boost last year. A commission was appointed, a recommendation made, but now all has been forgotten.

Congressmen and federal judges are still struggling along on salaries that few similarly qualified professional men would work for, though some are getting tired and resigning.

In the old days, the Senate was a rich man's corporation, where a member could afford to work for nothing. And the resultant legislation, as could be expected, benefited the rich. The House of Representatives has featured those who got kickbacks from their staff, private expense accounts a la Nixon, or skimped their families.

Few men in any job these days have to maintain two houses, unless they are corporation executives and get paid for it. But a congressman must keep a home in his district and a home in Washington, especially if he has children. The expense is teriffic.

On top of this, few people are called upon to work longer hours than a United States senator. While the rest of the U.S. was pleasantly week-ending, the Senate adjourned at 8:07 p.m. last Saturday night. Long hours have been the rule rather than the exception. Seldom has the Senate adjourned this summer before 8 p.m., and this does not include filibusters when debate continued all night.

The ordinary citizen working such hours would have gone on strike long ago, whether union or non-union.

Yet most members of Congress are conscientious, honest men. This writer happens to have exposed irregularities, helped send four congressmen to jail in recent years. However, I am certain these do not represent the congressional average.

What's bound to happen is that if congressional salaries are not increased, the caliber of our legislators will go down and down.

Since congressmen hesitate to vote themselves an increase before elections I suggest that the House return after November when the Senate will have to return to vote on McCarthy anyway, and then both take up the long overdue question of congressional and judicial salaries.

DORIS FLEESON

Farm Issue Emerges As Campaign Fodder

WASHINGTON—The new Eisenhower farm program will not have to wait long for its campaign baptism.

"Farmers Get the Business" will be the headline on the upcoming issue of the Democratic Digest. The face on the cover will be that of Secretary of Agriculture Ezra Taft Benson, and inside he and the program he took to Congress for the administration will get the full treatment.

August 28 next, Democrats of ten states, including the farm belt, will meet in Sioux Falls, S. D., and make the welkin ring on the same issue. Adlai Stevenson and farm leaders will be present to help the farmers decide what they think about the new program.

☆ ☆ ☆

Missing, incidentally, will be one former Democratic agriculture secretary, Sen. Clinton Anderson of New Mexico. Sen. Anderson not only supported the Eisenhower policy; he had the same idea when secretary.

But Sen. Anderson is an exception to the party line, which is as the Digest headline indicates—that the farmer is getting it in the neck under the Eisenhower administration and that the new program won't staunch the flow of his lifeblood.

Some Democrats firmly believe this. They think that the individual farm family is going down the drain with all marginal farmers, and that Mr. Benson doesn't care and President Eisenhower doesn't understand. Others perhaps only remember 1948, when dissatisfied farmers contributed heavily to Harry Truman's upset victory.

When Democrats say the farmers are unhappy again, they point to Texas, where loyalist Democrat Ralph Yarborough slaughtered pro-Ike Gov. Allan Shivers in the farm areas in the recent primary, forcing a run-off: to Alabama and Tennessee, where liberal Senators John Sparkman and Estes Kefauver won big in their primaries and overwhelmingly carried rural communities. Democrats have received from Iowa a state-wide poll which shows Democrat Guy Gillette a big favorite for re-election to the Senate in that normally Republican state.

☆ ☆

The outs are also convinced that the President and Secretary Benson made a mistake in taking a high moral tone on the farm price support issue. They argue that the farmers are irked by being classified as Americans who have been getting too much at the expense of the taxpayer.

What the administration is doing for other segments of the economy, such as tax reductions to business, etc., will be stressed in the campaign.

The Republican view that they will profit in the cities from the altered farm principle, especially in those 50-odd swing districts in the House where congressmen win by about a 5 per cent majority, is disputed.

Democrats reply that: the unions have done a fine educational job in convincing their members that the city cannot be prosperous without the farmer, that low prices for the farmer mean loss of factory jobs. The unions have certainly worked at this, though the reciprocal understanding by the farmers has been more than a trifle nebulous.

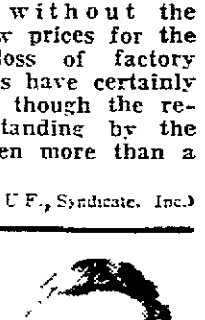
MARQUIS CHILDS



Promises Fulfilled Will Hold Tunisian Violence

TUNIS—In some respects the problem that French Premier Mendes-France confronts in Tunisia resembles the dilemma that he faced in Indo-China. The urgency is nothing like as great, since it is not a question for the time being at least of direct Communist aggression.

Yet, as in Indo-China, the responsibility he must accept here represents a long accumulation of error, of delay and uncertainty. Even among French businessmen fearful that they will lose investments carefully built up here over the years, there is recognition that in the final showdown the new premier had no choice but to offer the Tunisians an independent government with control over internal affairs.

The promise of freedom has several times been advanced and each time it has come to nothing.

☆ ☆ ☆

There are overtones here of the kind of change taking place almost everywhere in the world. The French planter sounds like the southerner in the United States. He likes the Arabs and he understands them. They work on his plantation and he and his wife are kind to them, giving them medicine and food beyond the wages they receive. If only the politicians in Tunis and in Paris would stop their trouble-making, everything would be all right.

The pattern is familiar from India, Burma and Indonesia. The French colonel says that he knows from his own experience that the natives are not ready for self-government. Give them time, a probationary period of 10 or 15 years, and then it may work.

All this may be literally true and yet, as such a tough-minded realist as Mendes-France clearly understands, it is too late for the gradual solution. The time for such a solution was 25 years ago.

In the last wave of oppression two years ago, hundreds of independence leaders were put in prison camps, held under house arrest or exiled to remote French islands. One of Mendes-France's first moves before his dramatic flight to Tunis was to bring Habib Bourguiba, exiled Neo-Destourian leader, back to France for consultations.

The most extreme member of the new government is one of the three ministers of state, Mongi Slim, who will negotiate the basic agreement with France. Slim spent 5½ years in the worst jail in France, in Marseilles.

☆ ☆ ☆

Yet as he talks in the big high-ceilinged reception room of his house, he expresses confidence in Mendes-France and in the peaceful development of an autonomous government. This will be true so long as the French premier lives up to his promise. If he goes back on that promise, under pressure from the powerful interests opposing his program, the violence in Tunisia will know no limits.

Slim talks frankly of the part played even by the Fellagha in using violence as a deliberate instrument to bring the French to awareness that change had to come. At the same time he insists that Communism has had nothing to do with the independence movement.

If an agreement can be reached in Paris, the chances are good for peaceful development of a semi-independent Tunisia within the French Union. But Slim and the other Neo-Destourian leaders leave no doubt that they consider this merely one stage on the way to full independence.

Even in this first stage, the pressure will be strong for the next step and the right to carry on foreign relations and assume the burden of defense.

(Dist. By U. F. Syndicate, Inc.)

AS OTHERS SEE IT

Europe's Image Of America

Editor's Note: Europe has formed a picture of the United States from its impressions gained from tourists, our movies and the utterances of our politicians, according to Joseph M. Duffy Jr., Fulbright scholar, writing in The Commonweal. The picture is not reassuring, for Europeans fear the United States is no longer pursuing its ideals of freedom. Duffy writes as follows:

★

Unless we are willing to believe—as some Americans apparently are—that all the world is either nearsighted of perverse in its judgment of the United States, we might consider that there may be a basis in fact for some of the prevailing conceptions and misconceptions of America and Americans among our European cousins.

In view of the McCarthy hearings the charges and counter-charges among persons in and out of high places, the ugly spasms of terror over possible subversion of our government, our industries, our schools and churches, the sententious proclamations of foreign policy and the hasty second thoughts on policy, the timidity of the Executive with regard to the whims of Congress and the timidity of Congress with regard to the whims of the electorate, we have lost less, perhaps, of our dignity in the world than we deserve.

If it leads to ameliorative self-examination, official concern over world opinion is a good sign. More salutary still would be the wholesale transportation of responsible Americans, including Congressmen, to distant lands where they might view at close range the impressions held about the United States.

☆ ☆ ☆

American tourists, together with the military, provide Europeans with their impressions. At once innocent and shrewd, amiable and truculent, generous and petty, cowed and overbearing, they have come over here to be envied, admired, despised, and swindled and to contribute, for better or worse, to the paradoxical image of America.

On a different and larger scale the movies have been responsible for the usual fantasy of the United States. Aspects of the Hollywood-created myth evidently have official sanction because the United States Information Service recently showed itself willing to become a partner in the enchantment.

There were no crowds around the panels illustrating union organization in the United States and few, if any, visitors leafed through the copy of The Kenyon Critics in the sample library, but the lure of Indian films was overwhelming.

☆ ☆ ☆

A time will soon come, perhaps, when an article of this kind can be written and no mention need be made of Senator McCarthy. The time is certainly not now. Even the staid Sunday Times broke out in a startling headline to record the bizarre Army-McCarthy controversy: "McCarthy Is Like a Gored Bull at Bay; White House Acting as Picadors." Despite Senator McCarthy's prodigious personal achievement in subverting the prestige of the United States abroad, he is also merely a symptom of prevailing domestic tendencies that confuse Europeans. At best they provoke dismay and skepticism about our conduct of internal affairs; at worst they excite derisive abuse.

These tendencies appear to have created an atmosphere which the Manchester Guardian describes as one of "intolerance, unfairness, and intellectual cowardice."

An Italian deputy who also expressed doubts that American financial aid had been judiciously distributed in Italy, pointed out that a disparity seems to exist between America's public espousal of freedom and its practical application of that ideal. He was referring to the difficulties encountered by his countrymen in obtaining visas to the United States.

☆ ☆ ☆

Rejection because of past or present political associations bewildered them, he said, because party attachments were not considered of critical importance in Italy. Why then, they wondered, should it be so difficult for them to enter the traditional land of freedom?

The restrictions, the rules, the excessive selectivity of our policy strain friendships everywhere and invite invidious comparisons with the situation in totalitarian countries.

As more items fit the pattern, large assumptions become easier to make. At the end of a discussion of recent events in the United States, an English university professor maintained that our country is now distinguished for many qualities—for its power, its wealth, its comfortable way of life—but not any longer for its freedom.

☆ ☆ ☆

We have created a dangerous impression of uncertainty and improvisation. Domestic irresponsibility, it should be emphasized, also influences European interpretation of our foreign policy. The Manchester Guardian recently summed up informed opinion in this regard: "But a country so torn by fear and suspicion cannot formulate its policies with care and coolness. Its government must always be looking over its shoulder to the political strains at home."

Although Europe may have lost some of its confidence and respect for this country, it still depends upon the perilous and admirable creative energy of the United States. The real danger for Europe is that America might retire altogether from Europe's affairs and let that continent and the rest of the world "go hang."

The People Speak

The Women

Lincoln, Neb.

To the editor of The Lincoln Star: Mr. Oliver Goldsmith wrote his opinion on women, and he is so right:

There is not a blessing nor a woe,
There is not a whisper, yes or no,
There is not a life nor death nor birth
That has a feather's weight of worth
Without a woman in it.

MRS. L. L. ECKLE

☆ ☆ ☆

Our Highway System

Bayard, Neb.

To the editor of The Lincoln Star: Our state highway engineer has been making a lot of fuss lately about needing more money for his roads. We have nearly one and a half miles of road in this state to every square mile of land, yet the highway engineer thinks we should have more. Some $42 million of the taxpayers' money was spent in 1952 by the highway department people, but they don't think that's enough. I read that the highway department was spending $22 million in 1946. It isn't difficult to figure out that what we are spending is more than twice as much money as six short years earlier. Is there no limit to the demands?

As far as I can tell, we have a fine road system in Nebraska. Most of us can use a car to get where we want to go easily and comfortably and get back just as satisfactorily. So why all the excitement to grab more chunks of the taxpayers' money?

Perhaps it's about time the highway people use a little more common sense and save some of our tax cents.

LORENA E. LEWELLEN

☆ ☆ ☆

Time Will Tell

Lincoln, Neb.

To the editor of The Lincoln Star: I wonder when the American people will get fed up with this administration's screaming about Communism and taxes. The two words are certainly important, but it does great harm and means less than nothing when President Eisenhower, U.S. Attorney General Herbert Brownell, Sen. William Jenner, chairman of securities, and GOP leader William Knowland of California are against outlawing the Communist in our country.

They say it would be unconstitutional but they didn't worry about our constitutional rights when they gave away our Tidelands oil, atomic power plant and secrets, and may vote to return millions of dollars worth of German property paid for with the lives of American boys.

My only child is standing watch in Alaska, serving his seventh year of service. If Communism is lawful, why is he there? Americans will never let this go on. Time will prove this.

AN AMERICAN MOTHER

☆ ☆ ☆

McCarthy Record

Ainsworth, Neb.

To the editor of The Lincoln Star: Letters like that of Melvyn R. Eickleberry (Lincoln Star, Aug. 16) would not be possible if all would read the documented report of Joseph McCarthy's career. See the 45th anniversary edition of "Progressive Magazine"—see "McCarthy, the Man, the Senator, the Ism," by Anderson and May—see Elmer Davis's "But We Were Born Free," etc.

Two groups support McCarthy: (1) the gullible; (2) the political reactionaries who would establish the conditions of which Communists accuse us.

What has McCarthy, the "brave American," done?

Communists discovered—none. Loose claims of numbers investigated and exonerated before McCarthy appeared.

Hurled false charges, "bravely," always under senatorial immunity, at his betters, true anti-Communists.

Aroused suspicion, fear, division, and reluctance on the part of decent and competent people to work for the government at the mercy of a politician interested only in himself.

In all ways served as the useful tool of the Communists he professes to attack, whose votes were all that gained him his seat in the Senate against a true and fearless anti-Communist, LaFollette.

Alarmed West Germans, French and Scandinavians by his striking resemblance to Hitler and our tolerance of his "Big Lie" tactics.

So lowered our national standing in the eyes of our allies, as reported by many reliable witnesses, that they doubt our fitness to lead them.

By his disgusting effrontery seriously delayed important government business and interfered with genuine efforts to defeat Communism.

Cheaply called any critic "Communist," made many threats but hasn't dared to meet the charges of his political skulduggery.

Small wonder that all the great church and educational leaders, who are naturally anti-Communist, and official church assemblies have denounced McCarthy and warned against McCarthyism.

Read the facts of his life and only one verdict is possible: The man's influence is a menace to a free world.

Vacation For Benson

The news columns relate that President Eisenhower has admonished Secretary of Agriculture Ezra Taft Benson to knock off work and to take a three-week vacation, once the controversial farm bill is disposed of by Congress.

The President may not know it but in some areas of rural America there are many who would not object to Mr. Eisenhower's giving his secretary of agriculture a permanent vacation. Among those, it appears, is Texas State Agricultural Commissioner John C. White who, a little hot under the collar because of the lag in the federal drought relief program, publicly charged that it is being ruined by "Republican political ambitions."

White's blast put squarely on the spot Gov. Allan Shivers, now battling for his political life in a run-off election against an opponent Shivers defeated easily two years ago by more than a quarter million votes only in seeking renomination to nose out by a few thousand votes in the recent Texas primary. All that Shivers could say by way of answer was that he would leave it up to Mr. White.

It is not the first time that the federal drought relief program has come in for criticism. There were rumblings in Missouri in midsummer, rumblings based upon the slowness of action. But no one, drought-bitten farmer or town dweller, will begrudge Mr. Benson his vacation. So far as the Midwest states are concerned, Mr. Benson could use a little rest—the longer, the better.

Eyes Upon Lincoln

It is a healthy, wholesome development when the people of a community take time to give some thought to what is happening on the local level.

A reader called Monday to voice the criticism that Lincoln's parks (in this instance, the reference was to Pioneers) are not sprayed regularly to combat insects and flies.

The question was referred to Park Superintendent Jim Ager, who reported that the parks are sprayed quite regularly but during the past week because of wet grounds, spraying had to be eliminated as a result of the inability to get into sections of the parks with heavy spraying equipment. Mr. Ager reported that Pioneers and other parks ordinarily are sprayed once a week. Weather permitting, Pioneers will be sprayed before the week end, Mr. Ager said. Most effective time for spray treatment is early in the year. After the first sprayings, flies and other insects build up a resistance to the spray which makes it less and less effective.

Still another reader called to direct attention to Mayor Clark Jeary's appeal for a clean-up of Lincoln residential sections in advance of the state fair crowds. July's heat was a rough one on the lawns and gardens of this community. But the grass particularly as a result of the abundant rains of early August is staging an excellent comeback.

This caller said that the island parking or the central parking on South 15th (maintained by the city itself) should be put into shape, cleared of weeds, mowed. The mayor's appeal is commendable. The city itself can aid by setting an example on South 15th.

Spend It Ourselves

Sterling McCaw of the Norfolk News notes that a recent survey of the nation's school facilities made by the U.S. Office of Education, aided by state educational departments, has reached the conclusion that Nebraska needs to spend $137 million to bring its school plant up to requirements. Our resources, McCaw notes, while admittedly among the highest in the country are only 79.45 per cent adequate.

That would suggest Nebraska needs $28 million in federal aid. The hooker in all of this, Mr. McCaw insists, is that in accepting federal aid for education, Nebraska will have to pay into the fund more than we get back because our resources are above those of the average state.

So far, so good.

"'Why not raise the money ourselves, and spend it as we see fit?" McCaw asks in closing.

No reason, at all, except for the fact that we never will raise that amount of money by affirmative action here in Nebraska.

Of Men And Things

By J. E. LAWRENCE

August dog days! . . . Time was in Nebraska when freckled, barefoot boys, bamboo poles resting on their shoulders and a can of worms by their side, could be seen marching toward their favorite fishing holes. . . . Each step along the highway raised a cloud of dust as bare toes drew strength from thirsty Mother Earth. . . . Maybe that still is a part of the order of things.

★

One Unchanging World

It was a good world that another generation knew, and still is, for all we know. . . . On a hot August afternoon these deep pools of the otherwise winding, shallow streams invited contemplation. . . . Invariably their surfaces were hidden under a thick blanket of green. . . . The small boy was always certain that in the depths underneath lurked the fish he sought. More frequently with darkness closing in, he trudged homeward empty-handed. . . If he had a good string of fish to show for his efforts, then he was the hero of the neighborhood and the target for endless questions on where he got his string. . . . That was the recreational outlet in the early years of this century for thousands of sturdy young Nebraskans who were not hard to please when it came to improvising the joys of outdoor life.

★

It is a better world today. . . . Scores and scores of Nebraska communities have reached into their pockets to provide youngsters with swimming pools. . . . They are a far cry from the malaria-laden waters of the streams where other Nebraskans, clad only in their birthday suits, sought relief from the heat. . . . Not only pools but playground equipment and in many instances supervised play. . . . It may rob the youngsters of some of the ingenuity called for in developing their own recreation, but nevertheless this trend so common in all sections of the country is good.

★

Cross-Section Of America

August dog days! . . . Back in Washington in the steaming heat of the national capital, Congress was bending every energy to wind up its business so its members could return home or leave on vacation jaunts. . . . A rather messy session, by and large, to be extolled to the skies for its accomplishments or bitterly denounced for its failures. . . .. We find it difficult to agree with Brother Drew Pearson that Congress should vote itself a handsome salary increase. . . . Pearson feels better salaries could attract better men. . . . That is the way it is supposed to work out, but would it? . . . We have the notion that the mediocres still would be running for office . . . drab . . . unimaginative . . . in our opinion, party hacks . . . Many of these congressmen have not been treated too badly by their constituencies . . . For example if our information is correct, Nebraska's First District congressman could retire and qualify for a congressional pension in excess of $4,000 a year. . . . Life has not been too rough with Mr. Curtis, it would seem. . . . One thing is certain. . . . If salaries continue to rise and rise, we can be sure that budget-balancing will be impossible unless spending is curtailed in other channels.

★

Size of the paycheck is not the dominant note when it comes to the spirit of dedicated public service. . . . Funny thing is that men recognized for the services they perform seem to have less to say about the unsatisfactory compensation which members of Congress receive than some of those less vigilant in safeguarding the interests of the American people . . . After all, Mr. Pearson seems to overlook that generally it has been the case of the man seeking the job, not the job seeking the man.

No End To It

Then there was the fellow down in Georgia whose domicile was in danger of being overrun by rats. In order to get rid of the rats, he got two cats. Now he has no rats, but he has 14 cats. He might get a dog to worry the cats into disappearance, but then that would lead to the need for a cow with a crumpled horn to toss the dog that worried the cats that killed the rats—no his name isn't Jack. It's Bill.

Burgers A La Buffalo

Holdrege came up with something new and different in a food-fest for its community funfest, even explained how to go about concocting what Holdregers have christened "buffalo-burgers."

If you have a handy little outdoor grill in your backyard, was the advice—forget it. For an undertaking of this magnitude, there is need for a trench 90 feet long, four feet wide and four feet deep. The fuel needs consist of a bed of coals one and a half feet deep in the trench. Next, call the meatman. Or on second thought, better contact the caretaker of a wildlife preserve. Anyway, get 3,000 pounds of buffalo meat, which on the hoof adds up to three medium-sized bison. If you really are one for meeting challenges head-on, get the live animals and butcher and dress them yourself, or if you want to do it the easy way, bone and chunk the dressed meat into 20 or 30-pound chunks. Over the hot coals is sprinkled a layer of fine sand about three-fourths of an inch deep and the meat, wrapped first in muslin and then burlap, is dropped into the trench atop the sand and covered with corrugated steel.

The next two steps are a cinch. First you go to a movie, a ball game, a dance or on a fishing trip, and come back in about 16 hours.

The next step, and the last one, is even easier. You just eat and eat—and eat.

The Bounce

The men of Russia are in danger of losing their trousers because of a current shortage of suspenders, to say nothing of already having lost their shirts. And the Russian women complain that they can't keep their hose up because garters are not for sale.

In fact, reported Soviet Trade, official publication of the Ministry of Internal Trade which controls all stores and shops, elastic products of all kinds are "in especially short supply."

Everything, that is, but the promises. They are still plentiful and they still bounce.

Planning Made Easy

Solution of community problems is easy if you live in the right places. For instance, Houma, La., with a long-time service contract running out, faced a hike from 16 to 25 cents per thousand cubic feet of gas. It called in a drilling outfit and offered drilling rights in return for 12 cent gas if any were hit. The driller quickly did so and now the well is flowing five million cubic feet daily.

Congress And Judges Deserve Salary Raise

It may sound strange coming from one who has done his share of criticizing Congress, but in my opinion it would be a tragedy if Congress did not come back this fall to vote a pay raise both for judges and congressmen themselves.

President Eisenhower urged such a pay boost last year. A commission was appointed, a recommendation made, but now all has been forgotten.

Congressmen and federal judges are still struggling along on salaries that few similarly qualified professional men would work for, though some are getting tired and resigning.

In the old days, the Senate was a rich man's corporation, where a member could afford to work for nothing. And the resultant legislation, as could be expected, benefited the rich. The House of Representatives has featured those who got kickbacks from their staff, private expense accounts a la Nixon, or skimped their families.

Few men in any job these days have to maintain two houses, unless they are corporation executives and get paid for it. But a congressman must keep a home in his district and a home in Washington, especially if he has children. The expense is teriffic.

On top of this, few people are called upon to work longer hours than a United States senator. While the rest of the U.S. was pleasantly week-ending, the Senate adjourned at 8:07 p.m. last Saturday night. Long hours have been the rule rather than the exception. Seldom has the Senate adjourned this summer before 8 p.m., and this does not include filibusters when debate continued all night.

The ordinary citizen working such hours would have gone on strike long ago, whether union or non-union.

Yet most members of Congress are conscientious, honest men. This writer happens to have exposed irregularities, helped send four congressmen to jail in recent years. However, I am certain these do not represent the congressional average.

What's bound to happen is that if congressional salaries are not increased, the caliber of our legislators will go down and down.

Since congressmen hesitate to vote themselves an increase before elections I suggest that the House return after November when the Senate will have to return to vote on McCarthy anyway, and then both take up the long overdue question of congressional and judicial salaries.

DORIS FLEESON

Farm Issue Emerges As Campaign Fodder

WASHINGTON—The new Eisenhower farm program will not have to wait long for its campaign baptism.

"Farmers Get the Business" will be the headline on the upcoming issue of the Democratic Digest. The face on the cover will be that of Secretary of Agriculture Ezra Taft Benson, and inside he and the program he took to Congress for the administration will get the full treatment.

August 28 next, Democrats of ten states, including the farm belt, will meet in Sioux Falls, S. D., and make the welkin ring on the same issue. Adlai Stevenson and farm leaders will be present to help the farmers decide what they think about the new program.

☆ ☆ ☆

Missing, incidentally, will be one former Democratic agriculture secretary, Sen. Clinton Anderson of New Mexico. Sen. Anderson not only supported the Eisenhower policy; he had the same idea when secretary.

But Sen. Anderson is an exception to the party line, which is as the Digest headline indicates—that the farmer is getting it in the neck under the Eisenhower administration and that the new program won't stanch the flow of his lifeblood.

Some Democrats firmly believe this. They think that the individual farm family is going down the drain with all marginal farmers, and that Mr. Benson doesn't care and President Eisenhower doesn't understand. Others perhaps only remember 1948, when dissatisfied farmers contributed heavily to Harry Truman's upset victory.

When Democrats say the farmers are unhappy again, they point to Texas, where loyalist Democrat Ralph Yarborough slaughtered pro-Ike Gov. Allan Shivers in the farm areas in the recent primary, forcing a run-off; to Alabama and Tennessee, where liberal Senators John Sparkman and Estes Kefauver won big in their primaries and overwhelmingly carried rural communities. Democrats have received from Iowa a state-wide poll which shows Democrat Guy Gillette a big favorite for reelection to the Senate in that normally Republican state.

☆ ☆ ☆

The outs are also convinced that the President and Secretary Benson made a mistake in taking a high moral tone on the farm price support issue. They argue that the farmers are irked by being classified as Americans who have been getting too much at the expense of the taxpayer.

What the administration is doing for other segments of the economy, such as tax reductions to business, etc., will be stressed in the campaign.

The Republican view that they will profit in the cities from the altered farm principle, especially in those 50-odd swing districts in the House where congressmen win by about a 5 per cent majority, is disputed.

Democrats reply that: the unions have done a fine educational job in convincing their members that the city cannot be prosperous without the farmer, that low prices for the farmer mean loss of factory jobs. The unions have certainly worked at this, though the reciprocal understanding by the farmers has been more than a trifle nebulous.

MARQUIS CHILDS

Promises Fulfilled Will Hold Tunisian Violence

TUNIS—In some respects the problem that French Premier Mendes-France confronts in Tunisia resembles the dilemma that he faced in Indo-China. The urgency is nothing like as great, since it is not a question for the time being at least of direct Communist aggression.

Yet, as in Indo-China, the responsibility he must accept here represents a long accumulation of error, of delay and uncertainty. Even among French businessmen fearful that they will lose investments carefully built up here over the years, there is recognition that in the final showdown the new premier had no choice but to offer the Tunisians an independent government with control over internal affairs.

The promise of freedom has several times been advanced and each time it has come to nothing.

☆ ☆ ☆

There are overtones here of the kind of change taking place almost everywhere in the world. The French planter sounds like the southerner in the United States. He likes the Arabs and he understands them. They work on his plantation and he and his wife are kind to them, giving them medicine and food beyond the wages they receive. If only the politicians in Tunis and in Paris would stop their trouble-making, everything would be all right.

The pattern is familiar from India, Burma and Indonesia. The French colonel says that he knows from his own experience that the natives are not ready for self-government. Give them time, a probationary period of 10 or 15 years, and then it may work.

All this may be literally true and yet, as such a tough-minded realist as Mendes-France clearly understands, it is too late for the gradual solution. The time for such a solution was 25 years ago.

In the last wave of oppression two years ago, hundreds of independence leaders were put in prison camps, held under house arrest or exiled to remote French islands. One of Mendes-France's first moves before his dramatic flight to Tunis was to bring Habib Bourguiba, exiled Neo-Destourian leader, back to France for consultations.

The most extreme member of the new government is one of the three ministers of state, Mongi Slim, who will negotiate the basic agreement with France. Slim spent 5½ years in the worst jail in France, in Marseilles.

☆ ☆ ☆

Yet as he talks in the big high-ceilinged reception room of his house, he expresses confidence in Mendes-France and in the peaceful development of an autonomous government. This will be true so long as the French premier lives up to his promise. If he goes back on that promise, under pressure from the powerful interests opposing his program, the violence in Tunisia will know no limits.

Slim talks frankly of the part played even by the Fellagha in using violence as a deliberate instrument to bring the French to awareness that change had to come. At the same time he insists that Communism has had nothing to do with the independence movement.

If an agreement can be reached in Paris, the chances are good for peaceful development of a semi-independent Tunisia within the French Union. But Slim and the other Neo-Destourian leaders leave no doubt that they consider this merely one stage on the way to full independence.

Even in this first stage, the pressure will be strong for the next step and the right to carry on foreign relations and assume the burden of defense.

(Dist. By U.F. Syndicate, Inc.)

AS OTHERS SEE IT

Europe's Image Of America

Editor's Note: Europe has formed a picture of the United States from its impressions gained from tourists, our movies and the utterances of our politicians, according to Joseph M. Duffy Jr., Fulbright scholar, writing in The Commonweal. The picture is not reassuring, for Europeans fear the United States is no longer pursuing its ideals of freedom. Duffy writes as follows:

★

Unless we are willing to believe—as some Americans apparently are—that all the world is either nearsighted of perverse in its judgment of the United States, we might consider that there may be a basis in fact for some of the prevailing conceptions and misconceptions of America and Americans among our European cousins.

In view of the McCarthy hearings the charges and counter-charges among persons in and out of high places, the ugly spasms of terror over possible subversion of our government, our industries, our schools and churches, the sententious proclamations of foreign policy and the hasty second thoughts on policy, the timidity of the Executive with regard to the whims of Congress and the timidity of Congress with regard to the whims of the electorate, we have lost less, perhaps, of our dignity in the world than we deserve.

If it leads to ameliorative self-examination, official concern over world opinion is a good sign. More salutary still would be the wholesale transportation of responsible Americans, including Congressmen, to distant lands where they might view at close range the impressions held about the United States.

☆ ☆ ☆

American tourists, together with the military, provide Europeans with their impressions. At once innocent and shrewd, amiable and truculent, generous and petty, cowed and overbearing, they have come over here to be envied, admired, despised, and swindled and to contribute, for better or worse, to the paradoxical image of America.

On a different and larger scale the movies have been responsible for the usual fantasy of the United States. Aspects of the Hollywood-created myth evidently have official sanction because the United States Information Service recently showed itself willing to become a partner in the enchantment.

There were no crowds around the panels illustrating union organization in the United States and few, if any, visitors leafed through the copy of The Kenyon Critics in the sample library, but the lure of Indian films was overwhelming.

☆ ☆ ☆

A time will soon come, perhaps, when an article of this kind can be written and no mention need be made of Senator McCarthy. The time is certainly not now. Even the staid Sunday Times broke out in a startling headline to record the bizarre Army-McCarthy controversy: "McCarthy Is Like a Gored Bull at Bay; White House Acting as Picadors." Despite Senator McCarthy's prodigious personal achievement in subverting the prestige of the United States abroad, he is also merely a symptom of prevailing domestic tendencies that confuse Europeans. At best they provoke dismay and skepticism about our conduct of internal affairs; at worst they excite derisive abuse.

These tendencies appear to have created an atmosphere which the Manchester Guardian describes as one of "intolerance, unfairness, and intellectual cowardice."

An Italian deputy who also expressed doubts that American financial aid had been judiciously distributed in Italy, pointed out that a disparity seems to exist between America's public espousal of freedom and its practical application of that ideal. He was referring to the difficulties encountered by his countrymen in obtaining visas to the United States.

☆ ☆ ☆

Rejection because of past or present political associations bewildered them, he said, because party attachments were not considered of critical importance in Italy. Why then, they wondered, should it be so difficult for them to enter the traditional land of freedom?

The restrictions, the rules, the excessive selectivity of our policy strain friendships everywhere and invite invidious comparisons with the situation in totalitarian countries.

As more items fit the pattern, large assumptions become easier to make. At the end of a discussion of recent events in the United States, an English university professor maintained that our country is now distinguished for many qualities—for its power, its wealth, its comfortable way of life—but not any longer for its freedom.

☆ ☆ ☆

We have created a dangerous impression of uncertainty and improvisation. Domestic irresponsibility, it should be emphasized, also influences European interpretation of our foreign policy. The Manchester Guardian recently summed up informed opinion in this regard: "But a country so torn by fear and suspicion cannot formulate its policies with care and coolness. Its government must always be looking over its shoulder to the political strains at home."

Although Europe may have lost some of its confidence and respect for this country, it still depends upon the perilous and admirable creative energy of the United States. The real danger for Europe is that America might retire altogether from Europe's affairs and let that continent and the rest of the world "go hang."

The People Speak

Editor's Note: Be brief. Limit letters to 200 words or less. Letters signed by a pen name or initials must be accompanied by writer's name and address. Letters represent only contributor's view.

The Women

Lincoln, Neb.

To the editor of The Lincoln Star: Mr. Oliver Goldsmith wrote his opinion on women, and he is so right:

There is not a blessing nor a woe,
There is not a whisper, yes or no,
There is not a life nor death nor birth
That has a feather's weight of worth
Without a woman in it.

MRS. L. L. ECKLE

☆ ☆ ☆

Our Highway System

Bayard, Neb.

To the editor of The Lincoln Star: Our state highway engineer has been making a lot of fuss lately about needing more money for his roads. We have nearly one and a half miles of road in this state to every square mile of land, yet the highway engineer thinks we should have more. Some $42 million of the taxpayers' money was spent in 1952 by the highway department people, but they don't think that's enough. I read that the highway department was spending $22 million in 1946. It isn't difficult to figure out that what we are spending is more than twice as much money as six short years earlier. Is there no limit to the demands?

As far as I can tell, we have a fine road system in Nebraska. Most of us can use a car to get where we want to go easily and comfortably and get back just as satisfactorily. So why all the excitement to grab more chunks of the taxpayers' money?

Perhaps it's about time the highway people use a little more common sense and save some of our tax cents.

LORENA E. LEWELLEN

☆ ☆ ☆

Time Will Tell

Lincoln, Neb.

To the editor of The Lincoln Star: I wonder when the American people will get fed up with this administration's screaming about Communism and taxes. The two words are certainly important, but it does great harm and means less than nothing when President Eisenhower, U.S. Attorney General Herbert Brownell, Sen. William Jenner, chairman of securities, and GOP leader William Knowland of California are against outlawing the Communist in our country.

They say it would be unconstitutional but they didn't worry about our constitutional rights when they gave away our Tidelands oil, atomic power plant and secrets, and may vote to return millions of dollars worth of German property paid for with the 'ves of American boys.

My only child is standing watch in Alaska, serving his seventh year of service. If Communism is lawful, why is he there? Americans will never let this go on. Time will prove this.

AN AMERICAN MOTHER

☆ ☆ ☆

McCarthy Record

Ainsworth, Neb.

To the editor of The Lincoln Star: Letters like that of Melvyn R. Eickleberry (Lincoln Star, Aug. 16) would not be possible if all would read the documented report of Joseph McCarthy's career. See the 45th anniversary edition of "Progressive Magazine"—see "McCarthy, the Man, the Senator, the Ism," by Anderson and May—see Elmer Davis's "But We Were Born Free," etc.

Two groups support McCarthy: (1) the gullible; (2) the political reactionaries who would establish the conditions of which Communists accuse us.

What has McCarthy, the "brave American," done?

Communists discovered — none. Loose claims of numbers investigated and exonerated before McCarthy appeared.

Hurled false charges, "bravely," always under senatorial immunity, at his betters, true anti-Communists.

Aroused suspicion, fear, division, and reluctance on the part of decent and competent people to work for the government at the mercy of a politician interested only in himself.

In all ways served as the useful tool of the Communists he professes to attack, whose votes were all that gained him his seat in the Senate against a true and fearless anti-Communist, LaFollette.

Alarmed West Germans, French and Scandinavians by his striking resemblance to Hitler and our tolerance of his "Big Lie" tactics.

So lowered our national standing in the eyes of our allies, as reported by many reliable witnesses, that they doubt our fitness to lead them.

By his disgusting effrontery seriously delayed important government business and interfered with genuine efforts to defeat Communism.

Cheaply called any critic "Communist," made many threats but hasn't dared to meet the charges of his political skulduggery.

Small wonder that all the great church and educational leaders, who are naturally anti-Communist, and official church assemblies have denounced McCarthy and warned against McCarthyism.

Read the facts of his life and only one verdict is possible: The man's influence is a menace to a free world.

Nebraskan Wins Crochet Contest At 92

NORMAN, Neb. — The winner of the 1954 nationwide crochet contest division at the Kearney County Fair was a 92-year-old Norman woman.

But if you didn't know Mrs. Fred Bergsten's age when you met her, you'd guess that she is far younger than her 92 years.

Mrs. Bergsten, who lives alone here, spends a lot of time at needlecraft and gardening, besides doing her own housework.

An intricately designed 54-inch tablecloth crocheted with No. 30 thread was her championship exhibit at the county fair.

She also got a blue ribbon in the crochet contest on an expertly-fashioned doily.

Mrs. Bergsten, who moved to Kearney County from Iowa in 1892 hadn't planned to enter the tablecloth at the fair but decided to after several people had urged her to.

She said she didn't know exactly how much time it took to make the tablecloth because she "just worked on it a little bit at a time."

Winning the prize at the county fair means Mr. Bergsten's tablecloth will be entered in national competition.

The national winner will receive a $500 prize and an expense-paid trip to New York City.

Mrs. Bergsten was enthusiastic about winning the county fair prize and said she plans to have some entries ready again next year.

Cattle Barn Is Added To Knox Fairgrounds

NIOBRARA, Neb.—A 22x140 foot cattle barn, valued at $2,000, has been added to facilities at the Knox County Fairgrounds. The addition will accommodate 60 head of calves.

Following this fall's fair, it is planneed that repairs will be made on other buildings including the octagan building used for the sale of calves by 4-H Club members.

Stromsburg Clinic Almost Finished

STROMSBURG, Neb. — Work is expected to be finished within the next 90 days on the new doctor's clinic building here.

The office, to include a reception room, X-ray room, consultation room, laboratory and drug room, will be occupied by Dr. Dean F. Hammond of Chetek, Wis.

Conscience Bothers

BURTON-ON-TRENT, England (INS) — A middle-aged man walked into a candy stor in Burton-on-Trent, placed the equivalent of seven cents on the counter and explained it was "conscience money" for a chocolate bar he stole 42 years ago.

Minor Mishap Drives Florida Man To Suicide

HYPOLUXO, Fla. (INS) — A Hypoluxo man committed suicide on his 54th birthday minutes after being involved in an auto accident that did less than $150 damage.

The victim was Chester Newell Morrell.

Officers arrived on the scene after Morrell's car cut across the highway to make a left turn and was struck by another vehicle. No one was injured.

"I'll have to charge you with reckless driving," said Partolman Stanley Schwartz.

"Okay," responded Morrell.

As the officer returned to his car, Morrell put a gun barrel into his mouth and pulled the trigger, killing himself.

Williams Accepts Cozad Church Call

HASTINGS, Neb.—The Rev Carl Williams, who has been pastor of the Church of God here for the past six years, has accepted a call to the First Church of God in Cozad.

The change is effective the first Sunday in September.

The Rev. Mr. Williams will preach his final sermon here on Sunday, Aug. 29.

Active in the Hastings Council of Churches, the Rev. Mr. Williams has served on the executive committee. He is a past president and vice president of the Hastings Ministerial Association and is a member of the Lions Club.

Mrs. Williams and their two sons, Paul and Robert, will accompany the Rev. Mr. Williams to Cozad late in August.

Nebraskan Wins Crochet Contest At 92

NORMAN, Neb. — The winner of the 1954 nationwide crochet contest division at the Kearney County Fair was a 92-year-old Norman woman.

But if you didn't know Mrs. Fred Bergsten's age when you met her, you'd guess that she is far younger than her 92 years.

Mrs. Bergsten, who lives alone here, spends a lot of time at needlecraft and gardening, besides doing her own housework.

An intricately designed 54-inch tablecloth crocheted with No. 30 thread was her championship exhibit at the county fair.

She also got a blue ribbon in the crochet contest on an expertly-fashioned doily.

Mrs. Bergsten, who moved to Kearney County from Iowa in 1892 hadn't planned to enter the tablecloth at the fair but decided to after several people had urged her to.

She said she didn't know exactly how much time it took to make the tablecloth because she "just worked on it a little bit at a time."

Winning the prize at the county fair means Mr. Bergsten's tablecloth will be entered in national competition.

The national winner will receive a $500 prize and an expense-paid trip to New York City.

Mrs. Bergsten was enthusiastic about winning the county fair prize and said she plans to have some entries ready again next year.

Cattle Barn Is Added To Knox Fairgrounds

NIOBRARA, Neb.—A 22x140 foot cattle barn, valued at $2,000, has been added to facilities at the Knox County Fairgrounds. The addition will accommodate 60 head of calves.

Following this fall's fair, it is planneed that repairs will be made on other buildings including the octagan building used for the sale of calves by 4-H Club members.

Stromsburg Clinic Almost Finished

STROMSBURG, Neb. — Work is expected to be finished within the next 90 days on the new doctor's clinic building here.

The office, to include a reception room, X-ray room, consultation room, laboratory and drug room, will be occupied by Dr. Dean F. Hammond of Chetek, Wis.

Conscience Bothers

BURTON - ON - TRENT, England (INS) — A middle-aged man walked into a candy stor in Burton-on-Trent, placed the equivalent of seven cents on the counter and explained it was "conscience money" for a chocolate bar he stole 42 years ago.

Minor Mishap Drives Florida Man To Suicide

HYPOLUXO, Fla. (INS) — A Hypoluxo man committed suicide on his 54th birthday munutes after being involved in an auto accident that did less than $150 damage.

The victim was Chester Newell Morrell.

Officers arrived on the scene after Morrell's car cut across the highway to make a left turn and was struck by another vehicle. No one was injured.

"I'll have to charge you with reckless driving," said Partolman Stanley Schwartz.

"Okay," responded Morrell.

As the officer returned to his car, Morrell put a gun barrel into his mouth and pulled the trigger, killing himself.

Williams Accepts Cozad Church Call

HASTINGS, Neb.—The Rev Carl Williams, who has been pastor of the Church of God here for the past six years, has accepted a call to the First Church of God in Cozad.

The change is effective the first Sunday in September.

The Rev. Mr. Williams will preach his final sermon here on Sunday, Aug. 29.

Active in the Hastings Council of Churches, the Rev. Mr. Williams has served on the executive committee. He is a past president and vice president of the Hastings Ministerial Association and is a member of the Lions Club.

Mrs. Williams and their two sons, Paul and Robert, will accompany the Rev. Mr. Williams to Cozad late in August.

Hungarian Bishop Urges Churches Of World To Assert Their Freedom

. . . Iron Curtain Prelate Speaks In U.S.

EVANSTON, Ill. (AP) — A Hungarian bishop Tuesday urged the world's churches to assert "more courageously" their freedom from domination by any social system.

But he disputed implied criticisms about the church's position in his Red homeland.

He said the churches receive a state subsidy — but this is being gradually eliminated so the church may live "by what the Lord decrees to sustain it."

Bishop John Peter, a shadowy figure in modern Christendom, drew both ardent applause, and a barrage of barbed questions as he appeared before representatives of the World Council of Churches assembly.

Not Bound

Declaring that the church "is not bound up with any social system," the handsome, silver-haired prelate told a packed assembly hall:

"Not only in our country but everywhere in the world where there are Christians, the churches ought to voice the independence of the church of all social systems, more courageously and more resolutely than heretofore."

The bishop, to whom the State Department issued a visa with the notice he would be watched more closely than other delegates from Communist lands, was introduced as a "brother greatly beloved."

This was greeted by lively applause, and more hand-clapping came when the presiding officer, the Rev. George Appleton, of London, said:

"He knows that in this meeting he is among friends."

Integrity Kept

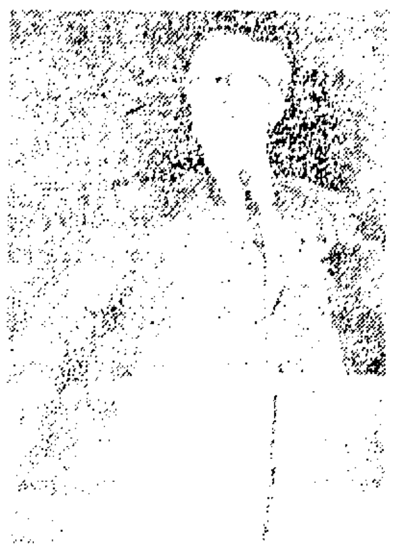
The bishop, of the Reformed Church of Hungary, said the spiritual vitality of churches there has heightened in recent times, and kept its integrity "in the midst of events of World War II and after it."

When he finished, delegates passed up a stream of written questions. The bishop sidestepped some, but took others head-on. He did not directly commend the Red regime, but he maintained the churches were gaining strength under it.

In reply to questions, he said "avowed atheistic Communists" have been converted to Christianity, and without suffering "political disability." He said the church is allowed to hold outside mass meetings to win converts.

The meeting, the most widely representative Christian gathering ever held on American soil, includes 1,500 representatives from 48 nations. Twenty are from Communist countries.

Most of them were given visas to attend preliminary meetings, but Peter's trip was restricted to the assembly. A State Department spokesman implied there was information he might be a Hungarian secret agent.



Addresses Council

Bishop John Peter of the Hungarian Reformed Church speaks before the Second Assembly of the World Council of Churches in Evanston, Ill. (UP Telephoto.)

Nebraska July Traffic Smashes Post-War Mark

Traffic on Nebraska highways last month hit a new post-war peak for July.

The average daily volume was eleven and a quarter million vehicle miles, up one per cent from July, 1953 and up five per cent from June this year.

Traffic for the first seven months of the year is running one per cent ahead of 1953, which was the heaviest year since the war.

When the report on this month's traffic comes out in September, it is expected to show further gain, since August traditionally is the heaviest month of the year because of vacation travel.

Most heavily travelled route in the state last month was U.S. 30, where an average of 4,719 vehicles passed the recording station west of Elm Creek every 24 hours.

U.S. 6 between Lincoln and Omaha was a close second, with a daily average of 4,654 vehicles. U.S. 77-275 north of Fremont had 4,564 vehicles every 24 hours.

'Accidents Can Be Prevented' Solons Decide

"Accidents can be prevented," a Legislative Council committee under the chairmanship of Sen. O. H. Person, concluded after a study of causes of traffic, farm, home and industrial accidents.

Prevention of farm and home accidents, it was concluded, will continue to be the responsiblity of each individual involved. Laws for regulation of conditions causing industrial and traffic accidents were found to be adequate. Industrial accidents were found to be largely individual responsibilities.

"While recognizing that law enforcement alone can only go so far in solving the accident problem, the committee feels that it does have a significant role to play and that this role in Nebraska should be extended," the report said.

They found the present traffic regulations adequate but suggested "an attempt be made to provide for more intensive and extensive enforcement." The committee recommended:

"The next session of the Legislature make provision for increasing the size of the State Safety Patrol." They made no recommendation as to the number to be added but advocated enough men "adequate for the responsibilities and duties now allotted to it."

The committee joined with the committee on drivers' licenses in urging that the fee be increased $1 and prorated back to the public schools to increase training of students as motor vehicle drivers.

It was also recommended that penalties and confiscation be authorized for possession of illegal fireworks.

Other members of the committee are: Sens. Lester H. Anderson, Fay Britt, Dwight Burney, Terry Carpenter, Tom Coffey, D. J. Cole, A. A. Fenske and John J. Larkin Jr.

Joe Claim Denied

LONDON (AP)—The Foreign Office denied an allegation by Sen. McCarthy that Britain has been shipping industrial diamonds to Russia. McCarthy made the allegation Saturday in the course of a debate on the appropriations bill for mutual security.

Here In Lincoln

Attending Meeting—Miss Doris Melving and Mrs. Floyd R. Jones of Lincoln are attending the American Baptist Assembly at Green Lake, Wis., this week. Miss Melvin is director of religious education at First Baptist Church while Mrs. Jones is superintendent of the church's junior high department.

Bids On Gering Armory Slated

Bids will be opened Aug. 31 on a proposed new 120-man National Guard armory for Gering, Maj. Gen. Guy Henninger said.

Bids on a 400-man armory for Fremont will be received in September, with the exact date to be announced later.

The Hastings armory, first to be constructed under the armory building program launched over a year ago, was occupied last month.

Construction is still in progress on new armories at Holdrege, Grand Island and Scottsbluff.

Water Users In Nebraska Reject Terms

CASPER, Wyo., (AP)—Two major Nebraska irrigation districts have refused what I. J. Matthews, district manager of the Bureau of Reclamation, called a "fair and reasonable" water loan offer from the Casper-Alcova project board of directors.

Smashing hopes for quick settlement of the Kendrick - North Platte water fued, Matthews said the Kendrick water users offered to loan 150,000 acre feet of water to the downstream water users providing it be repaid from future allotments.

Representatives from the Pathfinder Irrigation District of Mitchell, Neb., and the Gering - Fort Laramie Irrigation District of Gering, Neb., rejected the offer.

Wyoming water users had previously accepted the loaning agreement at a previous meetig here.

Wanted Own Terms

Matthews said the Pathfinder - Gering - Fort Laramie districts asked for an agreement at their own terms, including repayment by them at their own date. Kendrick water users refused the Nebraska request.

With collapse of the agreement it is expected that an attempt will be made to set aside an injunction barring the sale of Casper-Alcova water.

In Washington, Assistant Secretary of Interior Fred C. Aandahl declined Tuesday to comment on possible Interior Department action in the dispute.

Adamson Auburn Chief Of Police

AUBURN, Neb.—James B. Adamson, formerly a member of the Auburn police force, has been named chief of police by the Auburn City Council.

Serving as deputy sheriff of Nemaha County from 1951 to 1953, he later moved to Colorado but returned to Auburn about a year ago.

Don Miller, who has been acting police chief since the resignation of Glenn Erisman, continues in his capacity as assistant chief.

NAVY ALERT FOR LOST SCHOONER

SAN FRANCISCO (INS)—U. S. Naval forces in the South Pacific were alerted Tuesday to be on the lookout for a New Orleans schooner feared "lost or disabled" in waters off Easter Island, 1,500 miles northwest of Santiago, Chile.

A distress message received by two Oakland, Calif., amateur radio operators indicated the vessel, identified as the "Windjammer," was in trouble.

Peter Folini and Morris Greer notified the Coast Guard they received the message from Easter Island reading:

"American schooner Windjammer feared lost or disabled off Easter Island. Last sighted Wednesday the 11th, 109 miles off Easter Island. Please notify naval authorities Canal Zone."

Folini said radio contact with the Chilean island was poor and the operator there had trouble using English.

Move around a lot? See the offers under "Trailer Homes" in the Want Ads.

Sheldon Quits State Position

Resignation of Assist. Atty. Gen. Chauncey C. Sheldon, who is joining a Lincoln law firm Sept. 1, was announced Tuesday.

Atty. Gen. C. S. Beck said Homer Hamilton, formerly of Holdrege, who has been counsel for the State Liquor Commission, will succeed Sheldon.

Sheldon, a former Scotts Bluff County attorney, joined the attorney general's staff in December, 1952. He will be connected with the law firm of Van Pelt, Marti and O'Gara.

U.S., Reds May Barter

CHICAGO (INS)—Assistant Secretary of State Thruston Morton said Tuesday the United States may resume some limited form of barter with the Soviet Union. Morton, in Chicago to address the National Food Distributors Association, told reporters: "The U. S. may, if it is found to this country's advantage, barter specific items with Russia."

Hungarian Bishop Urges Churches Of World To Assert Their Freedom

. . . Iron Curtain Prelate Speaks In U.S.

EVANSTON, Ill. (AP) — A Hungarian bishop Tuesday urged the world's churches to assert "more courageously" their freedom from domination by any social system.

But he disputed implied criticisms about the church's position in his Red homeland.

He said the churches receive a state subsidy — but this is being gradually eliminated so the church may live "by what the Lord decrees to sustain it."

Bishop John Peter, a shadowy figure in modern Christendom, drew both ardent applause, and a barrage of barbed questions as he appeared before representatives of the World Council of Churches assembly.

Not Bound

Declaring that the church "is not bound up with any social system," the handsome, silver-haired prelate told a packed assembly hall:

"Not only in our country, but everywhere in the world where there are Christians, the churches ought to voice the independence of the church of all social systems, more courageously and more resolutely than heretofore."

The bishop, to whom the State Department issued a visa with the notice he would be watched more closely than other delegates from Communist lands, was introduced as a "brother greatly beloved."

This was greeted by lively applause, and more hand-clapping came when the presiding officer, the Rev. George Appleton, of London, said:

"He knows that in this meeting he is among friends."

Integrity Kept

The bishop, of the Reformed Church of Hungary, said the spiritual vitality of churches there has heightened in recent times, and kept its integrity "in the midst of events of World War II and after it."

When he finished, delegates passed up a stream of written questions. The bishop sidestepped some, but took others head-on. He did not directly commend the Red regime, but he maintained the churches were gaining strength under it.

In reply to questions, he said "avowed atheistic Communists" have been converted to Christianity, and without suffering "political disability." He said the church is allowed to hold outside mass meetings to win converts.

The meeting, the most widely representative Christian gathering ever held on American soil, includes 1,500 representatives from 48 nations. Twenty are from Communist countries.

Most of them were given visas to attend preliminary meetings, but Peter's trip was restricted to the assembly. A State Department spokesman implied there was information he might be a Hungarian secret agent.

Addresses Council

Bishop John Peter of the Hungarian Reformed Church speaks before the Second Assembly of the World Council of Churches in Evanston, Ill. (UP Telephoto.)

Nebraska July Traffic Smashes Post-War Mark

Traffic on Nebraska highways last month hit a new post-war peak for July.

The average daily volume was eleven and a quarter million vehicle miles, up one per cent from July, 1953 and up five per cent from June this year.

Traffic for the first seven months of the year is running one per cent ahead of 1953, which was the heaviest year since the war.

When the report on this month's traffic comes out in September, it is expected to show further gain, since August traditionally is the heaviest month of the year because of vacation travel.

Most heavily travelled route in the state last month was U.S. 30, where an average of 4,719 vehicles passed the recording station west of Elm Creek every 24 hours.

U.S. 6 between Lincoln and Omaha was a close second, with a daily average of 4,654 vehicles. U.S. 77-275 north of Fremont had 4,564 vehicles every 24 hours.

'Accidents Can Be Prevented' Solons Decide

"Accidents can be prevented," a Legislative Council committee under the chairmanship of Sen. O. H. Person, concluded after a study of causes of traffic, farm, home and industrial accidents.

Prevention of farm and home accidents, it was concluded, will continue to be the responsiblity of each individual involved. Laws for regulation of conditions causing industrial and traffic accidents were found to be adequate. Industrial accidents were found to be largely individual responsibilities.

"While recognizing that law enforcement alone can only go so far in solving the accident problem, the committee feels that it does have a significant role to play and that this role in Nebraska should be extended,'" the report said.

They found the present traffic regulations adequate but suggested "an attempt be made to provide for more intensive and extensive enforcement." The committee recommended:

"The next session of the Legislature make provision for increasing the size of the State Safety Patrol." They made no recommendation as to the number to be added but advocated enough men "adequate for the responsibilities and duties now allotted to it."

The committee joined with the committee on drivers' licenses in urging that the fee be increased $1 and prorated back to the public schools to increase training of students as motor vehicle drivers.

It was also recommended that penalties and confiscation be authorized for possession of illegal fireworks.

Other members of the committee are: Sens. Lester H. Anderson, Fay Britt, Dwight Burney, Terry Carpenter, Tom Coffey, D J. Cole, A. A. Fenske and John J. Larkin Jr.

Joe Claim Denied

LONDON (AP)—The Foreign Office denied an allegation by Sen. McCarthy that Britain has been shipping industrial diamonds to Russia. McCarthy made the allegation Saturday in the course of a debate on the appropriations bill for mutual security.

Here In Lincoln

Bike Stolen—Henry Thoman of 3545 Mohawk, reported to police that his son's bicycle, valued at $80, was stolen while the youth was watching the boat races at Oak Lake park.

Bids On Gering Armory Slated

Bids will be opened Aug. 31 on a proposed new 120-man National Guard armory for Gering, Maj. Gen. Guy Henninger said.

Bids on a 400-man armory for Fremont will be received in September, with the exact date to be announced later.

The Hastings armory, first to be constructed under the armory building program launched over a year ago, was occupied last month.

Construction is still in progress on new armories at Holdrege, Grand Island and Scottsbluff.

Water Users In Nebraska Reject Terms

CASPER, Wyo., (AP)—Two major Nebraska irrigation districts have refused what I. J. Matthews, district manager of the Bureau of Reclamation, called a "fair and reasonable" water loan offer from the Casper-Alcova project board of directors.

Smashing hopes for quick settlement of the Kendrick - North Platte water fued, Matthews said the Kendrick water users offered to loan 150,000 acre feet of water to the downstream water users providing it be repaid from future allotments.

Representatives from the Pathfinder Irrigation District of Mitchell, Neb., and the Gering - Fort Laramie Irrigation District of Gering, Neb., rejected the offer.

Wyoming water users had previously accepted the loaning agreement at a previous meetig here.

Wanted Own Terms

Matthews said the Pathfinder - Gering - Fort Laramie districts asked for an agreement at their own terms, including repayment by them at their own date. Kendrick water users refused the Nebraska request.

With collapse of the agreement it is expected that an attempt will be made to set aside an injunction barring the sale of Casper-Alcova water.

In Washington, Assistant Secretary of Interior Fred C. Aandahl declined Tuesday to comment on possible Interior Department action in the dispute.

Adamson Auburn Chief Of Police

AUBURN, Neb.—James B. Adamson, formerly a member of the Auburn police force, has been named chief of police by the Auburn City Council.

Serving as deputy sheriff of Nemaha County from 1951 to 1953, he later moved to Colorado but returned to Auburn about a year ago.

Don Miller, who has been acting police chief since the resignation of Glenn Erisman, continues in his capacity as assistant chief.

NAVY ALERT FOR LOST SCHOONER

SAN FRANCISCO (INS)—U. S. Naval forces in the South Pacific were alerted Tuesday to be on the lookout for a New Orleans schooner feared "lost or disabled" in waters off Easter Island, 1,500 miles northwest of Santiago, Chile.

A distress message received by two Oakland, Calif., amateur radio operators indicated the vessel, identified as the "Windjammer," was in trouble.

Peter Folini and Morris Greer notified the Coast Guard they received the message from Easter Island reading:

"American schooner Windjammer feared lost or disabled off Easter Island. Last sighted Wednesday the 11th, 109 miles off Easter Island. Please notify naval authorities Canal Zone."

Folini said radio contact with the Chilean island was poor and the operator there had trouble using English.

Move around a lot? See the offers under "Trailer Homes" in the Want Ads.

Sheldon Quits State Position

Resignation of Assist. Atty. Gen. Chauncey C. Sheldon, who is joining a Lincoln law firm Sept. 1, was announced Tuesday.

Atty. Gen. C. S. Beck said Homer Hamilton, formerly of Holdrege, who has been counsel for the State Liquor Commission, will succeed Sheldon.

Sheldon, a former Scotts Bluff County attorney, joined the attorney general's staff in December, 1952. He will be connected with the law firm of Van Pelt, Marti and O'Gara.

U.S., Reds May Barter

CHICAGO (INS)—Assistant Secretary of State Thruston Morton said Tuesday the United States may resume some limited form of barter with the Soviet Union. Morton, in Chicago to address the National Food Distributors Association, told reporters: "The U. S. may, if it is found to this country's advantage, barter specific items with Russia."

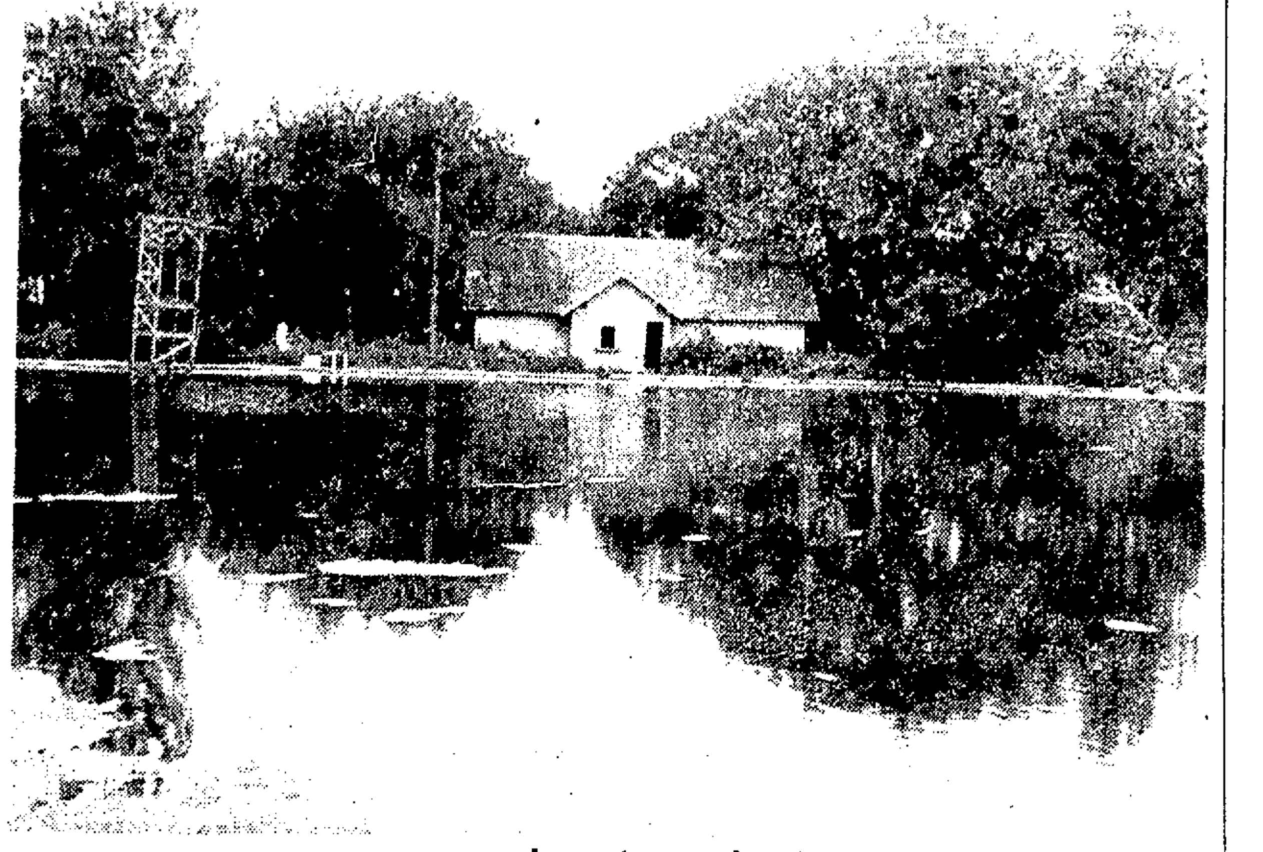
Beaver Crossing Pool Making Comeback



Most Popular Spot In Town

Pictured here in unaccustomed solitude is the Beaver Crossing pool, one of the largest natural pools in the state. It is fed by hundreds of artesian wells. Once one of the most popular swimming pools in the area, the pool—closed to swimmers since the start of World War II—is still a popular spot for Beaver Crossing youngsters. The Flowing Well Grange, which leases the pool and park from the town, has stocked the pool with the fish and it is now the "kids' fishing hole." **(Star Staff Photo)**

Used Now For Kids' Fishing Hole

By MARILYN SWANSON
Star Staff Writer

BEAVER CROSSING, Neb. — A quiet, almost forgotten pool is getting a second lease on life here. Once known throughout the area as one of the best swimming pools in the state, the pool is now a "kids' fishing hole."

Bullheads, bluegills, and bass now are the only swimmers in the pool. Fishing is good—two small lads reported that during one evening's fishing, they caught 25 fish.

The park and pool are rented from the city by the Flowing Well Grange. The State Game Commission stocked the pool last year and fishing opened this spring.

Fred Ross, unofficial Beaver Crossing historian, said the pool is one of the largest natural pools in the state. The pool here is fed by hundreds of artesian wells. The park was opened in 1908.

In its heyday before World War II, the pool was one of the most popular swimming spots in the state. Residents here recall that parking spots were at a premium in the town during warm summer Sundays as swimmers flocked to the pool.

The pool was equipped with a large bathhouse, diving tower, and water sports equipment. One of the most unusual features of the pool was the bandstand set on stilts in the middle of the pool. Band members rowed out to the bandstand in boats and played their concerts

Swimming ended in the pool with the beginning of World War II as the manpower shortage made it impossible to obtain lifeguards.

After the war, Beaver Crossing found that it would cost more than the town could afford to equip the pool with the filters

★ ★ ★

and other sanitary devices required by state law.

Nearest swimming pools now are located at Friend, eight miles away, or at Seward, 18 miles from Beaver Crossing.

The Flowing Well Grange has leased the park from the city for the past four years. The American Legion post here leases the ball diamond and the grandstand. Legionnaires and Beaver Crossing firemen co-operate in sponsoring the baseball team.

Although its swimming days are over, Beaver Crossing's pint-sized anglers are carrying on the tradition that the pool is the popular spot in town.

Greeley Man Sits On McCall's 'Jury'

GREELEY, Neb. — A colorful and fabled segment of western history has taken on a special meaning for one Greeley resident.

Ray Butler found himself playing a part in the re-enactment of the historic killing of Wild Bill Hickok in Deadwood, S. D. while on a recent trip to South Dakota.

Butler and his wife were attending the re-enactment of the trial of Jack McCall—the man who killed Hickok—in a Deadwood hall when Butler heard his name called. The "bailiff" in the trial had selected Butler's name as part of the "jury list." Butler figures the name was taken from the registry of a nearby hotel. At any rate, the Nebraskan was provided with a front row seat for the staging of the trial.

Hay Springs Plans Friendly Festival

HAY SPRINGS, Neb. — Plans are taking shape here for the annual Hay Springs Friendly Festival, to be held Sept. 6 and 7.

Festivities call for a giant parade, street acts, a public dance and other activities. Tom Peabody is chairman of the parade committee. Various other committees are drawing up plans for the big two-day event.

Hay Springs Plans Friendly Festival

HAY SPRINGS, Neb. — Plans are taking shape here for the annual Hay Springs Friendly Festival, to be held Sept. 6 and 7.

Festivities call for a giant parade, street acts, a public dance and other activities. Tom Peabody is chairman of the parade committee. Various other committees are drawing up plans for the big two-day event.

North Platte Wild Horse Business Is Thriving

NORTH PLATTE, Neb.—A return to the era of wild-horse roundups has brought a new and thriving livestock industry to North Platte.

Between 70 and 100 head of horses are shipped into North Platte daily. Here they are slaughtered, graded and processed for both human and animal consumption. The killing and processing is being carried out under strict government inspection.

The supply of horses moving into the North Platte Central States Packing Co. plant seems to be holding up well, despite earlier fears that the number of horses available for slaughter would not last long. Art Watson, head horse buyer for the firm, said there has been no trouble in finding horses so far, and indications are that the supply of the animals will remain good for another two years. Other officials have predicted that the supply will hold up indefinitely.

About half of the horses arriving at the plant here are brought off the open range, and two-thirds of the animals are wild. The balance are those which have become crippled, blind or aged.

Plant officials explained that the slaughtering of the wild horses is actually a humane way of dealing with the animals. One pointed out that the horses which have overstocked some portions of the range were formerly disposed of by crude and painful means. The range horses are killed off because there is no longer any demand for them, and no excess range on which they may feed.

The horses are purchased for an average price of four cents a pound. The plant is processing a large quantity of meat for shipment to Belgium. The North Platte horse meat plant is the only one in this state which is under government inspection. Many others are operating but do not produce meat for human consumption.

'Crime Wave' Is Blamed On Lack Of Enforcement

NEW YORK (AP) — Chief City Magistrate John M. Murtagh says that inadequate enforcement of federal narcotics laws is a major cause of New York's "crime wave."

Enforcement should be transferred from the Treasury Department to the Federal Bureau of Investigation, the jurist said.

"Almost every addict in this city is an active criminal and the federal government is failing miserably in dealing with both the public health and enforcement aspects of the problem" he said.

Murtagh detailed his views in a press interview following a telecast Citizens Union, WNBT in which he briefly referred to federal responsibility in the local situation.

Ex-Fremonter Is Quincy Pastor

FREMONT—The Rev. John D. Banks, former pastor of the First Congregational Church, has been named pastor of a Quincy, Mass., church.

He will take over the pastoral duties of Bethany Congregational Church Sept. 15.

The Rev. Mr. Banks was pastor of the Fremont church from October, 1945, to June, 1954.

NealGallantTakes York School Post

YORK, Neb. — The post of chairman of the Board of Education here has been filled by Neal Gallant.

He succeeds Mrs. Ruth Wages who resigned. Gallant is serving his second year on the board. He served as coach at York College, and was with the Kearney schools for some time. He had lived in York since 1951. Gallant is a veteran of World War II.

Ex-Lincolnite Finds Town Grows To City In 12 Years

Lincoln is no longer a small town. It is now a city.

This belief was expressed by Charles MacAhan, long time Lincoln resident, who has returned for his first visit in 12 years.

MacAhan, composing room

MacAHAN . . . A City Now. (Star Photo.)

foreman at The Lincoln Star for many years, said he hardly knows his way around town.

"The transformation of Lincoln to a city of beautiful homes, businesses and architecture," he said, "is beyond the comprehension of an individual."

He found it hard to believe that such a development would occur in such a short span of years.

'Appealing Beauty'

"Every project has one point of view that would please everybody," he said. "That's appealing beauty. All the people who have contributed to the beautification of Lincoln are far-sighted, and in a large measure have anticipated the future development along the same trend to attain architectural design that will enhance and develop the city beyond the dream of many."

MacAhan complimented "all those patriotic citizens who love their city" for fulfilling their desire that Lincoln will be rated so highly that those interested in city beautification will desire to follow the example set here.

"The city has the solace and restfulness not to be found in other places," he said. "The unity of all the loyal citizens in the future will follow the precedence of those who today have attained great heights in the desire to build a city that is truly outstanding."

Lincoln, Not Tulsa

MacAhan said that although Tulsa, Okla. has been rated as the second most beautiful city in the country, he believes that Lincoln should now occupy the position.

He said the biggest change that he found here was the opening of 15th giving a view from the Capitol to the University of Nebraska. A project that had been needed for many years has been attained, he said.

Lincoln, he said, is not a one business street anymore. Business has spread to other sections and more streets have been widened, he pointed out.

MacAhan found that many of the old landmarks have disappeared.

"But," he said, "that is the penalty you have to pay. The things you loved and admired have disappeared and succumbed to progress."

MacAhan now lives in Buffalo, N. Y. He first started work for The Star in 1919.

Nebraska Citian Builds Steam Wagon Replica

NEBRASKA CITY, Neb.—Ray Fahrlander of Nebraska City has built an accurate, miniature replica of the historic old steam wagon which figured in early history in this area.

The old steam wagon of the last century broke down ...ly a few miles west of here, thus ending hopes of a power steam transportation route to Denver.

Fahrlander used a wide assortment of materials in assembling the tiny wagon. It is complete with tiny whistle and chain steering apparatus. About eight months were required to build the wagon which will be used as a centerpiece at the centennial "Governor's Day" banquet here this month.

3-Pound Cucumber Grown In Fairbury

FAIRBURY, Neb.—Something like the championship cucumber-growing honors of this area should probably be awarded to Fred Huss Jr.

Huss has grown a cucumber which weighs three pounds. Other smaller cucumbers from his garden tip the scales at two and a half pounds and a mere one pound, six ounces, respectively.

The large cucumber, Huss stated, probably would not have been allowed to grow so large without being picked if its owner had not been away on vacation.

North Platte Wild Horse Business Is Thriving

NORTH PLATTE, Neb.—A return to the era of wild-horse roundeps has brought a new and thriving livestock industry to North Platte.

Between 70 and 100 head of horses are shipped into North Platte daily. Here they are slaughtered, graded and processed for both human and animal consumption. The killing and processing is being carried out under strict government inspection.

The supply of horses moving into the North Platte Central States Packing Co. plant seems to be holding up well, despite earlier fears that the number of horses available for slaughter would not last long. Art Watson, head horse buyer for the firm, said there has been no trouble in finding horses so far, and indications are that the supply of the animals will remain good for another two years. Other officials have predicted that the supply will hold up indefinitely.

About half of the horses arriving at the plant here are brought off the open range, and two-thirds of the animals are wild. The balance are those which have become crippled, blind or aged.

Plant officials explained that the slaughtering of the wild horses is actually a humane way of dealing with the animals. One pointed out that the horses which have overstocked some portions of the range were formerly disposed of by crude and painful means. The range horses are killed off because there is no longer any demand for them, and no excess range on which they may feed.

The horses are purchased for an average price of four cents a pound. The plant is processing a large quantity of meat for shipment to Belgium. The North Platte horse meat plant is the only one in this state which is under government inspection. Many others are operating but do not produce meat for human consumption.

'Crime Wave' Is Blamed On Lack Of Enforcement

NEW YORK (AP) — Chief City Magistrate John M. Murtagh says that inadequate enforcement of federal narcotics laws is a major cause of New York's "crime wave."

Enforcement should be transferred from the Treasury Department to the Federal Bureau of Investigation, the jurist said.

"Almost every addict in this city is an active criminal and the federal government is failing miserably in dealing with both the public health and enforcement aspects of the problem" he said.

Murtagh detailed his views in a press interview following a telecast Citizens Union, WNBT in which he briefly referred to federal responsibility in the local situation.

Ex-Fremonter Is Quincy Pastor

FREMONT—The Rev. John D. Banks, former pastor of the First Congregational Church, has been named pastor of a Quincy, Mass., church.

He will take over the pastoral duties of Bethany Congregational Church Sept. 15.

The Rev. Mr. Banks was pastor of the Fremont church from October, 1945, to June, 1954.

NealGallantTakes York School Post

YORK, Neb. — The post of chairman of the Board of Education here has been filled by Neal Gallant.

He succeeds Mrs. Ruth Wages who resigned. Gallant is serving his second year on the board. He served as coach at York College, and was with the Kearney schools for some time. He had lived in York since 1951. Gallant is a veteran of World War II.

Methodist Group Visits Black Hills

LEXINGTON, Neb.—Twenty intermediates in Junior-Hi Fellowship of the Methodist Church took a bus trip to the Black Hills.

They were David Gilbert, Gary Neff, Bob Ernst, Steve Smith, Larry Erwin, Bob Martin, Martin Cooper, Ruth Cooper, David Dyke, Michael Murdock, Jerry Simmons, Judy Young, Joan Hammond, Ruth Snurr, Sharon Glen, Betty Byrns, Dorothy Hamar, Judy Stark, Keith Ferguson and Bonnie Collicott.

Sponsors who accompanied the group were the Rev. and Mrs. L. R. Davis, Gary Lemmon and Marlene Evans.

North Platte Wild Horse Business Is Thriving

NORTH PLATTE, Neb.—A return to the era of wild-horse roundups has brought a new and thriving livestock industry to North Platte.

Between 70 and 100 head of horses are shipped into North Platte daily. Here they are slaughtered, graded and processed for both human and animal consumption. The killing and processing is being carried out under strict government inspection.

The supply of horses moving into the North Platte Central States Packing Co. plant seems to be holding up well, despite earlier fears that the number of horses available for slaughter would not last long. Art Watson, head horse buyer for the firm, said there has been no trouble in finding horses so far, and indications are that the supply of the animals will remain good for another two years. Other officials have predicted that the supply will hold up indefinitely.

About half of the horses arriving at the plant here are brought off the open range, and two-thirds of the animals are wild. The balance are those which have become crippled, blind or aged.

Plant officials explained that the slaughtering of the wild horses is actually a humane way of dealing with the animals. One pointed out that the horses which have overstocked some portions of the range were formerly disposed of by crude and painful means. The range horses are killed off because there is no longer any demand for them, and no excess range on which they may feed.

The horses are purchased for an average price of four cents a pound. The plant is processing a large quantity of meat for shipment to Belgium. The North Platte horse meat plant is the only one in this state which is under government inspection. Many others are operating but do not produce meat for human consumption.

'Crime Wave' Is Blamed On Lack Of Enforcement

NEW YORK (AP) — Chief City Magistrate John M. Murtagh says that inadequate enforcement of federal narcotics laws is a major cause of New York's "crime wave."

Enforcement should be transferred from the Treasury Department to the Federal Bureau of Investigation, the jurist said.

"Almost every addict in this city is an active criminal and the federal government is failing miserably in dealing with both the public health and enforcement aspects of the problem" he said.

Murtagh detailed his views in a press interview following a telecast Citizens Union, WNBT in which he briefly referred to federal responsibility in the local situation.

Methodist Group Visits Black Hills

LEXINGTON, Neb.—Twenty intermediates in Junior-Hi Fellowship of the Methodist Church took a bus trip to the Black Hills.

They were David Gilbert, Gary Neff, Bob Ernst, Steve Smith, Larry Erwin, Bob Martin, Martin Cooper, Ruth Cooper, David Dyke, Michael Murdock, Jerry Simmons, Judy Young, Joan Hammond, Ruth Snurr, Sharon Glen, Betty Byrns, Dorothy Hamar, Judy Stark, Keith Ferguson and Bonnie Collicott.

Sponsors who accompanied the group were the Rev. and Mrs. L. R. Davis, Gary Lemmon and Marlene Evans.

Ex-Fremonter Is Quincy Pastor

FREMONT—The Rev. John D. Banks, former pastor of the First Congregational Church, has been named pastor of a Quincy, Mass., church.

He will take over the pastoral duties of Bethany Congregational Church Sept. 15.

The Rev. Mr. Banks was pastor of the Fremont church from October, 1945, to June, 1954.

NealGallantTakes York School Post

YORK, Neb. — The post of chairman of the Board of Education here has been filled by Neal Gallant.

He succeeds Mrs. Ruth Wages who resigned. Gallant is serving his second year on the board. He served as coach at York College, and was with the Kearney schools for some time. He had lived in York since 1951. Gallant is a veteran of World War II.

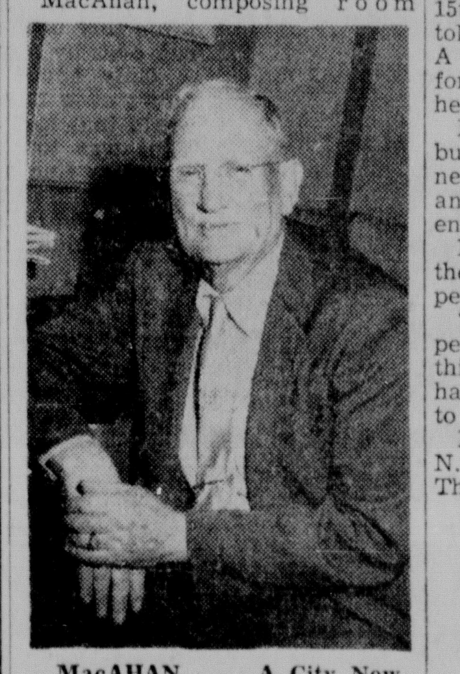
Ex-Lincolnite Finds Town Grows To City In 12 Years

Lincoln is no longer a small town. It is now a city.

This belief was expressed by Charles MacAhan, long time Lincoln resident, who has returned for his first visit in 12 years.

MacAhan, composing room foreman at The Lincoln Star for many years, said he hardly knows his way around town.



MacAHAN . . . A City Now. (Star Photo.)

"The transformation of Lincoln to a city of beautiful homes, businesses and architecture," he said, "is beyond the comprehension of an individual."

He found it hard to believe that such a development would occur in such a short span of years.

'Appealing Beauty'

"Every project has one point of view that would please everybody," he said. "That is appealing beauty. All the people who have contributed to the beautification of Lincoln are far-sighted, and in a large measure have anticipated the future development along the same trend to attain architectural design that will enhance and develop the city beyond the dream of many."

MacAhan complimented "all those patriotic citizens who love their city" for fulfilling their desire that Lincoln will be rated so highly that those interested in city beautification will desire to follow the example set here.

"The city has the solace and restfulness not to be found in other places," he said. "The unity of all the loyal citizens in the future will follow the precedence of those who today have attained great heights in the desire to build a city that is truly outstanding."

Lincoln, Not Tulsa

MacAhan said that although Tulsa, Okla., has been rated as the second most beautiful city in the country, he believes that Lincoln should now occupy the position.

He said the biggest change that he found here was the opening of 15th giving a view from the Capitol to the University of Nebraska. A project that had been needed for many years has been attained, he said.

Lincoln, he said, is not a one business street anymore. Business has spread to other sections and more streets have been widened, he pointed out.

MacAhan found that many of the old landmarks have disappeared.

"But," he said, "that is the penalty you have to pay. The things you loved and admired have disappeared and succumbed to progress."

MacAhan now lives in Buffalo, N. Y. He first started work for The Star in 1919.

Nebraska Citian Builds Steam Wagon Replica

NEBRASKA CITY, Neb.—Ray Fahrlander of Nebraska City has built an accurate, miniature replica of the historic old steam wagon which figured in early history in this area.

The old steam wagon of the last century broke down only a few miles west of here, thus ending hopes of a power steam transportation route to Denver.

Fahrlander used a wide assortment of materials in assembling the tiny wagon. It is complete with tiny whistle and chain steering apparatus. About eight months were required to build the wagon which will be used as a centerpiece at the centennial "Governor's Day" banquet here this month.

3-Pound Cucumber Grown In Fairbury

FAIRBURY, Neb.—Something like the championship cucumber-growing honors of this area should probably be awarded to Fred Huss Jr.

Huss has grown a cucumber which weighs three pounds. Other smalelr cucumbers from his garden tip the scales at two and a half pounds and a mere one pound, six ounces, respectively.

The large cucumber, Huss stated, probably would not have been allowed to grow so large without being picked if its owner had not been away on vacation.

Ex-Lincolnite Finds Town Grows To City In 12 Years

Lincoln is no longer a small town. It is now a city.

This belief was expressed by Charles MacAhan, long time Lincoln resident, who has returned for his first visit in 12 years.

MacAHAN . . . A City Now. (Star Photo.)

MacAhan, composing room foreman at The Lincoln Star for many years, said he hardly knows his way around town.

"The transformation of Lincoln to a city of beautiful homes, businesses and architecture," he said, "is beyond the comprehension of an individual."

He found it hard to believe that such a development would occur in such a short span of years.

'Appealing Beauty'

"Every project has one point of view that would please everybody," he said. "That is appealing beauty. All the people who have contributed to the beautification of Lincoln are far-sighted, and in a large measure have anticipated the future development along the same trend to attain architectural design that will enhance and develop the city beyond the dream of many."

MacAhan complimented "all those patriotic citizens who love their city" for fulfilling their desire that Lincoln will be rated so highly that those interested in city beautification will desire to follow the example set here.

"The city has the solace and restfulness not to be found in other places," he said. "The unity of all the loyal citizens in the future will follow the precedence of those who today have attained great heights in the desire to build a city that is truly outstanding."

Lincoln, Not Tulsa

MacAhan said that although Tulsa, Okla., has been rated as the second most beautiful city in the country, he believes that Lincoln should now occupy the position.

He said the biggest change that he found here was the opening of 15th giving a view from the Capitol to the University of Nebraska. A project that had been needed for many years has been attained, he said.

Lincoln, he said, is not a one business street anymore. Business has spread to other sections and more streets have been widened, he pointed out.

MacAhan found that many of the old landmarks have disappeared.

"But," he said, "that is the penalty you have to pay. The things you loved and admired have disappeared and succumbed to progress."

MacAhan now lives in Buffalo, N. Y. He first started work for The Star in 1919.

Nebraska Citian Builds Steam Wagon Replica

NEBRASKA CITY, Neb.—Ray Fahrlander of Nebraska City has built an accurate, miniature replica of the historic old steam wagon which figured in early history in this area.

The old steam wagon of the last century broke down ily a few miles west of here, thus ending hopes of a power steam transportation route to Denver.

Fahrlander used a wide assortment of materials in assembling the tiny wagon. It is complete with tiny whistle and chain steering apparatus. About eight months were required to build the wagon which will be used as a centerpiece at the centennial "Governor's Day" banquet here this month.

3-Pound Cucumber Grown In Fairbury

FAIRBURY, Neb.—Something like the championship cucumber-growing honors of this area should probably be awarded to Fred Huss Jr.

Huss has grown a cucumber which weighs three pounds. Other smalelr cucumbers from his garden tip the scales at two and a half pounds and a mere one pound, six ounces, respectively.

The large cucumber, Huss stated, probably would not have been allowed to grow so large without being picked if its owner had not been away on vacation.

'Snowball' Comes Through; Kittens Get Mom

Linda Sue Mohr, 'Snowball' And Ex-Orphans

The nine lives attributed to every feline might well be those of her six kittens, plus three homeless waifs, as far as one mother cat is concerned.

"Snowball" belongs to Mr. and Mrs. Marvin Mohr, 2240 So. 38th. She had raised her own six lively youngsters and Mrs. Mohr had just found homes for all of them when the Mohrs received a phone call from John Van Vliet of 2700 Winthrop Road.

The Humane Society was temporarily housing three tiny orphans whose own mother had been run over by a car.

Only about eight days old, the frail mites didn't even have their eyes open yet to see the world that had dealt so cruelly with them. Van Vliet was touched by their plight, and determined to find a home for them if possible. He saw an item in the morning Star about the Mohr kittens, and called her.

Mrs. Mohr said she'd leave it up to "Snowball."

And "Snowball" came through nobly, welcoming the little outsiders as her own.

Sisters Win Dairy Cattle Awards In Holdrege Judging

HOLDREGE, Neb.—Two sisters won championships in 4-H dairy cattle competition here.

Janet Bauer won grand champion with her calf in the calf division while her sister, Joan Bauer's animal took reserve champion.

They are the daughters of Mr. and Mrs. Conrad Bauer of Overton.

The girls belong to the Willamsburg Junior Feeders Club led by Carl Nelson. They have both had six years in 4-H.

Modern Lights

NEBRASKA CITY, Neb.—Postmaster Nellie Werkvitz has announced that a modern lighting system will be installed in the post office workroom and in the Bureau of Internal Revenue offices. Fluorescent lights will be used in both projects.

Barred For Life

FLORENCE, Italy (INS)—A 34-year-old Italian woman, Jolanda Erpici, charged with being drunk and disorderly, was sentenced to four months' imprisonment and barred from any premises serving alcoholic drinks for the rest of her life.

Wayne Corn Borer Loss Looks Big

WAYNE, Neb. — Loss of 25 to 50 per cent of the corn crop in this area because of the increased infestation of corn borers this year has been indicated.

Apparently the infestation is spotty, with one field scarcely affected by the worms and an adjoining one severely damaged, farmers report.

Indications are that the early corn is the hardest hit. The first hatch occurred in late June and early July, with the result that the borers have attacked the stalks and caused breakage.

The second hatch is currently in progress and the targets now are the ears of corn.

Reports from a few farmers that army worms have stripped their oats have also been received in this area.

Norfolk Man Accepts Texas A & M Position

NORFOLK, Neb.—John L. Skinner, geneticist for a local hatchery for the past four years, has accepted a post as supervisor of the poultry research center at Texas A & M College at College Station, Tex.

Skinner was graduated from the University of Nebraska in 1949 and received his master's degree at Texas A & M.

Western Germany Is Approaching 'Pre-War' Look, Student Cyclists Say

GERING, Neb. — A pair of motorcycling German students, stopping here on a tour of the United States and Canada, indicated that Western Germany is becoming more like it was before World War II.

Western Germans, one of the German youths said, enjoys a much higher standard of living than those behind the Iron Curtain in eastern Germany.

There is a great deal of friction between the two sections, he said.

Peter Barth, 21, a student at Bonn University, and his sidekick, Gunter Kirke, 23, also of Germany, carry a tent and a dented cooking kit, and all of their clothes on the motorcycle.

Both say that America is wonderful.

"Here your washing machines, refrigerators and other machines are luxurious," Peter said; "My mother still washes for a family of eight by hand."

Peter came first to Montreal from Germany several month's ago working at any kind of job. He even working for a while as a supervisor in a juvenile detention home in Edmonton, Alberta.

His school friend Gunter hitchhiked from New York west in 10 days by the aid of a sign on his suitcase which read, "German Student, Not a Robber."

Out-Of-State Visitors At Scottsbluff Increase

SCOTTSBLUFF, Neb. — Although the total number of visitors to Scotts Bluff National Monument dropped 11 per cent during July, the number of out-of-the-state visitors increased 7 per cent, compared with 1953 figures.

There were cars from 39 other states, Alaska and Canada registered at the monument, representing 3,253 persons. The Nebraska vistiors totaled 5,118.

CD SURPRISE 'ALERT' SET

PHILADELPHIA (INS) — The federal Civil Defense Administration announced that it will hold its first surprise "alert" exercise in the District of Columbia and seven nearby states during the last week of October.

Regional Civil Defense Administrator J. George Brueckmann said that the test will be held to determine "our ability to mobilize without previous notice."

He added that the exercise "will simulate actual attack conditions, in that an attack by an enemy would involve the surprise element."

Brueckmann said that some of the states in his region are planning public participation while others will confine the "alert" exercise to command post activities.

North Platte Wild Horse Business Is Thriving

NORTH PLATTE, Neb.—A return to the era of wild-horse roundups has brought a new and thriving livestock industry to North Platte.

Between 70 and 100 head of horses are shipped into North Platte daily. Here they are slaughtered, graded and processed for both human and animal consumption. The killing and processing is being carried out under strict government inspection.

The supply of horses moving into the North Platte Central States Packing Co. plant seems to be holding up well, despite earlier fears that the number of horses available for slaughter would not last long. Art Watson, head horse buyer for the firm, said there has been no trouble in finding horses so far, and indications are that the supply of the animals will remain good for another two years. Other officials have predicted that the supply will hold up indefinitely.

About half of the horses arriving at the plant here are brought off the open range, and two-thirds of the animals are wild. The balance are those which have become crippled, blind or aged.

Plant officials explained that the slaughtering of the wild horses is actually a humane way of dealing with the animals. One pointed out that the horses which have overstocked some portions of the range were formerly disposed of by crude and painful means. The range horses are killed off because there is no longer any demand for them, and no excess range on which they may feed.

The horses are purchased for an average price of four cents a pound. The plant is processing a large quantity of meat for shipment to Belgium. The North Platte horse meat plant is the only one in this state which is under government inspection. Many others are operating but do not produce meat for human consumption.

'Crime Wave' Is Blamed On Lack Of Enforcement

NEW YORK (AP) — Chief City Magistrate John M. Murtagh says that inadequate enforcement of federal narcotics laws is a major cause of New York's "crime wave."

Enforcement should be transferred from the Treasury Department to the Federal Bureau of Investigation, the jurist said.

"Almost every addict in this city is an active criminal and the federal government is failing miserably in dealing with both the public health and enforcement aspects of the problem" he said.

Murtagh detailed his views in a press interview following a telecast Citizens Union, WNBT in which he briefly referred to federal responsibility in the local situation.

Ex-Fremonter Is Quincy Pastor

FREMONT—The Rev. John D. Banks, former pastor of the First Congregational Church, has been named pastor of a Quincy, Mass., church.

He will take over the pastoral duties of Bethany Congregational Church Sept. 15.

The Rev. Mr. Banks was pastor of the Fremont church from October, 1945, to June, 1954.

NealGallantTakes York School Post

YORK, Neb. — The post of chairman of the Board of Education here has been filled by Neal Gallant.

He succeeds Mrs. Ruth Wages who resigned. Gallant is serving his second year on the board. He served as coach at York College, and was with the Kearney schools for some time. He had lived in York since 1951. Gallant is a veteran of World War II.

Methodist Group Visits Black Hills

LEXINGTON, Neb.—Twenty intermediates in Junior-Hi Fellowship of the Methodist Church took a bus trip to the Black Hills.

They were David Gilbert, Gary Neff, Bob Ernst, Steve Smith, Larry Erwin, Bob Martin, Martin Cooper, Ruth Cooper, David Dyke, Michael Murdock, Jerry Simmons, Judy Young, Joan Hammond, Ruth Snurr, Sharon Glen, Betty Byrns, Dorothy Hamar, Judy Stark, Keith Ferguson and Bonnie Collicott.

Sponsors who accompanied the group were the Rev. and Mrs. L. R. Davis, Gary Lemmon and Marlene Evans.

Ike Gives Reds Blunt Warning

'U.S. Fleet Protecting Formosa'

WASHINGTON (INS)— President Eisenhower said Tuesday that any Communist invasion of Formosa will have to run over the United States fleet.

The chief executive served this blunt notice on Red China at his news conference when he was asked for comment on reports of the recent Red build-up on the mainland opposite the Nationalist China stronghold.

He noted that the U.S. Seventh Fleet is still operating under the orders he handed down shortly after he took office, when he lifted former President Harry S. Truman's directive keeping the Nationalists from invading the mainland.

Reaffirms Orders

Mr. Eisenhower said his directive reaffirmed the defensive part of the orders to the fleet which had been in effect since 1950. The White House added the phrase "defensive part" to the President's remarks after the news conference to make it clear that he was referring to the fleet's order to defend Formosa against any Red attack.

The President also made these points at his final meeting with newsmen before a scheduled Saturday take-off for a Denver vacation:

1. Said he approves of the House version of a bill to outlaw the Communist party politically and legally but declined comment on the measure as amended in the Senate today which would make membership by individuals a crime.

2. Declared any proposals to revise the European defense community treaty would be quite serious if they forced member countries to ratify the pact all over again.

3. Said that some form of military training is advantageous both to American youth and their country in the present state of the world.

4. Asserted that the mass of expert opinion among economists is that the United States is in a mild general upswing.

5. Disclosed he now plans to deliver a radio-television address to the nation summing up the achievements of the present Congress from Denver early next week.

Ike Slams Back At Demo Attack

WASHINGTON (INS) — President Eisenhower struck back sharply Tuesday at Democratic National Chairman Stephen Mitchell's charge that the Chief Executive was guilty of favoritism to his friend, golfer Bobby Jones, in the award of a huge power contract.

Mr. Eisenhower told his news conference that when he entered politics he knew he would be subjected to many charges from many types of strange characters. He did not mention Mitchell by name.

The President invited anyone wishing to do so to look at the complete story of the power contract which Mitchell called an administration scandal.

With out-thrust jaw and blazing ey the President delivered ringing praise of Jones, declaring that there is no gentleman he knows whose integrity and probity are more certain than the Georgia golfer's.

Mr. Eisenhower added that he was not going to make a defense of his own actions but that anyone could go to the Budget Bureau or the Atomic Energy Commission and get the complete story of the contract.

Meanwhile, Republican leaders and an influential Democrt voiced angry replies to Mitchell's charge that Mr. Eisenhower personally intervened to assure a 140-million dollar subsidy to a power syndicate of which Jones is a member.

'Furnish Facts'

Senate Republican Leader William F. Knowland demanded that Mitchell "furnish the facts," if he has any, to back the accusation.

In Chicago, Mitchell commented: "Furnish the facts? The matter was debated in the Senate for 13 days. It was one of the things all the shouting was about. Something irregular has been going on. It should be investigated."

Mitchell's charge involved the contract award to the Dixon-Yates syndicate to furnish electric power for the Atomic Energy Commission's Paducah, Ky., plant.

Sen. Walter F. George (D-Ga), came stoutly to Jones' defense. He declared that the one-time grand slam golf champion is a man of the highest integrity. He said he knew Jones well and that "he is incapable of asserting himself with the President in any matter in which he has a personal interest."

STAN DELAPLANE'S

POSTCARD

I attended a wedding the other day. It was held in a church. Which is a nice place to have a wedding, I always say.

There is a good deal of happy weeping at weddings. I notice. The lady beside me was related in some vague way to the bride. She sniffled a good deal during the ceremony and seemed to feel the better for it.

"Isn't she sweet?" she said, dabbing at her nose.

"In five assorted flavors," I said heartily. The bride was a dish. I was weeping a little myself. I often do during hay fever season.

☆ ☆ ☆

Well this is not what I was going to say. So much is changing in this atomic age. It is pleasant to see that weddings go along pretty much as usual.

Everybody weeps. The bride does not blush, no matter what the writers of the purple prose may say. The bride is usually pretty professional about it all. Even if it is her first time around.

The bride bustles about getting people into line and generally surveying the scene. Like a commander surveying his troops before the battle.

It is the helpers who fall all over their feet. Mama flutters about underfoot. The maids-of-honor are busy looking for other prospects in the house.

☆ ☆ ☆

The first wedding I attended was for a fellow journalist of gay and carefree days. It was performed by a superior court room judge whom we had put on the cuff. On the basis we would sometime get his name in the papers.

The bridegroom was to reach back to me at the proper time and get the ring. To make thigs more interesting, I had worked out a private switch with a cameraman, also attendant. The groom would reach to me, I would reach to the cameraman.

It was like a tricky play in the backfield. And I was of the opinion it would liven up the ceremony

At the last minute, the photographer had a brilliant idea.

"When you reach for the ring, I reach in my pocket and get a handful of dime store rings. We fumble. The rings spill all over the floor. This makes for happy laughter from all hands which I understand is a good thing. Marriage being a happy affair."

☆ ☆ ☆

I will report that we did this thing. And neither the bride nor her mother has spoken to us since.

Ah, well, another bride is launched and I was there when the champagne bottle cracked. Weeping a little. But not for her. I weep for days when weddings were livelier and I was livelier and dime store wedding rings spilled across a polished floor.

(McNaught Syndicate, Inc.)

Ripley Encampment:

Training Conditions Top-Flight

Nebraska National Guard units, back in the state after two weeks at Camp Ripley, Minn., experienced "the finest training period we ever had," Maj. Gen. Guy Henninger commented Tuesday.

"There were the most people we ever had, and we had more hours of actual training without interference from the weather," Gen. Henninger explained.

Nebraska sent 2,900 men, comprising nine organizations, to Camp Ripley.

Weather Perfect

"The weather was perfect. It was warm in the daytime and cold at night. Two blankets were a must," the general continued.

Camp Ripley is about 100 miles northwest of Minneapolis.

Brig. Gen. Warren Wood of Gering becomes commanding officer of the Iowa-Nebraska units of the National Guard Sept. 1 upon the retirement of Maj. Gen. Ray Fountain of Des Moines.

Nebraska components at Camp Ripley were the 134th Infantry, 128th Engineers, 195th Tank Battalion, 734th Ordnance Battalion, 568th Field Artillery Battalion, State Headquarters of Nebraska, the 134th Army Band from Omaha, the 43rd Army Band from Lincoln, and the 34th Division headquarters part.

Nebraskans Head YM-YWConference

Two Nebraskans have been elected co-chairmen of the Rocky Mountain Regional Conference of College branches of the YMCA and YWCA, it was announced.

Meeting in Estes Park, Colo., the conference elected Joyce Laase of Lincoln, a University of Nebraska student, and Marvin Evers of Dunbar, a Nebraska Wesleyan student.

As leaders of the conference, they will attend the National YM-YWCA Student Council, the groups' planning body, at Oxford, O., Aug. 31 to Sept. 5, and the United Student Christian Council from Sept. 6-11, also at Oxford.

The region consists of schools in Utah, New Mexico, Colorado, South Dakota, Arizona and Nebraska.

23 New Polio Cases Listed

The Health Department counted 23 new cases of polio in Nebraska last week. This compared to 32 the preceding week, and a peak of 39 for the week ending July 24.

The total for the year so far is 209, compared to 129 at this date a year ago.

Sarpy County reported five new cases last week. Douglas and Scotts Bluff had three each.

Other counties, with one each, were Buffalo, Cass, Gage, Grant, Hall, Kearney, Lancaster, Lincoln, Madison, Nuckolls, Thomas and York.

Ex-Lincolnite Finds Town Grows To City In 12 Years

Lincoln is no longer a small town. It is now a city.

This belief was expressed by Charles MacAhan, long time Lincoln resident, who has returned for his first visit in 12 years.

MacAhan, composing room foreman at The Lincoln Star for many years, said he hardly knows his way around town.

MacAHAN . . . A City Now. (Star Photo.)

"The transformation of Lincoln to a city of beautiful homes, businesses and architecture," he said, "is beyond the comprehension of an individual."

He found it hard to believe that such a development would occur in such a short span of years.

'Appealing Beauty'

"Every project has one point of view that would please everybody," he said. "That is appealing beauty. All the people who have contributed to the beautification of Lincoln are far-sighted, and in a large measure have anticipated the future development along the same trend to attain architectural design that will enhance and develop the city beyond the dream of many."

MacAhan complimented "all those patriotic citizens who love their city" for fulfilling their desire that Lincoln will be rated so highly that those interested in city beautification will desire to follow the example set here.

"The city has the solace and restfulness not to be found in other places," he said. "The unity of all the loyal citizens in the future will follow the precedence of those who today have attained great heights in the desire to build a city that is truly outstanding."

Lincoln, Not Tulsa

MacAhan said that although Tulsa, Okla., has been rated as the second most beautiful city in the country, he believes that Lincoln should now occupy the position.

He said the biggest change that he found here was the opening of 15th giving a view from the Capitol to the University of Nebraska. A project that had been needed for many years has been attained, he said.

Lincoln, he said, is not a one business street anymore. Business has spread to other sections and more streets have been widened, he pointed out.

MacAhan found that many of the old landmarks have disappeared.

"But," he said, "that is the penalty you have to pay. The things you loved and admired have disappeared and succumbed to progress."

MacAhan now lives in Buffalo, N. Y. He first started work for The Star in 1919.

Nebraska Citian Builds Steam Wagon Replica

NEBRASKA CITY, Neb.—Ray Fahrlander of Nebraska City has built an accurate, miniature replica of the historic old steam wagon which figured in early history in this area.

The old steam wagon of the last century broke down only a few miles west of here, thus ending hopes of a power steam transportation route to Denver.

Fahrlander used a wide assortment of materials in assembling the tiny wagon. It is complete with tiny whistle and chain steering apparatus. About eight months were required to build the wagon which will be used as a centerpiece at the centennial "Governor's Day" banquet here this month.

3-Pound Cucumber Grown In Fairbury

FAIRBURY, Neb.—Something like the championship cucumber-growing honors of this area should probably be awarded to Fred Huss Jr.

Huss has grown a cucumber which weighs three pounds. Other smalelr cucumbers from his garden tip the scales at two and a half pounds and a mere one pound, six ounces, respectively.

The large cucumber, Huss stated, probably would not have been allowed to grow so large without being picked if its owner had not been away on vacation.

A FUN MORNING--FOR NEWS

IT DEFINITELY is a fun morning as far as the news is concerned— We have so many interesting topics of conversation we scarcely know where to start—whether we should begin at home or abroad— We've just made a decision— Because some of our news from the other side of the Atlantic will have so much interest around and about, we'll begin the morning with news of the Greens—Lt. Col. and Mrs. William Dutton Green and their family. As all who know Lt. Col. and Mrs. Green know, the family has been stationed in Germany for more than three years— But the Greens are coming home. They plan to arrive in New York City in September, and after a brief visit with Mr. and Mrs. Samuel . Waugh in Washington, D.C., Lt. Col. Green and his family will go on to his new assignment with the 2653rd Air Reserve Center in Kansas City—the closest to home the Air Force officer has been for many a day.

* * *

AND while we were rejoicing over news of the Greens we began wondering about other former Lincoln people who spend considerable time abroad— Mrs. John G. Maher and her son-in-law and daughter, Mr. and Mrs. Jacques Vergotti and the four-year-old Lili— We learned that Mrs. Maher and the Vergotti trio are in Lucerne, Switzerland, this summer, and that Mr. Vergotti recently received his Ph.D. in economics and international law from the University of Lucerne. In September the travelers will return to the States where Mr. Vergotti is on the faculty at Mt. St. Vincent College, and Manhattan College in New York City.

* * *

OUR NEWS of home is exciting, too—Just learned for instance that there is to be quite a celebration at the end of August, and that it will honor the 50th wedding anniversary of Dr. and Mrs. H. W. Orr. Dr. and Mrs. Orr's wedding anniversary officially is Sept. 7, but since members of their family are coming from the east and the west, and because included in the family are numerous grandchildren who will be in school a few weeks later, the festivities will begin on Aug. 24, and continue through Aug. 27. All the sons and daughters and their children will be in Lincoln by the 25th, and will honor Dr. and Mrs. Orr at a dinner on Friday evening, Aug. 27, at Hotel Cornhusker.

Planning to be in town for all of the activity will be Dr. and Mrs. Orr's sons and daughters-in-law—Dr. and Mrs. Douglass Orr and their children, Nancy and Stephen, Seattle; Mr. and Mrs. Willard Orr and their son, Edwin, Denver; their sons-in-law and daughter, Dr. and Mrs. Philip Klein and their son, John Douglass, State College, Pa.; Dr. and Mrs. Keith Sheldon, their five sons, Keith, Jr., Douglass, Matthew, Bruce and Brian — and daughter, Allison, Cleveland, O., and Mr. and Mrs. Robert Danielson and their family, Lincoln.

* * *

FORSAKING a potential guest list for a current one brings us to Mr. and Mrs. James McDermott (Barbara Wentz) and their two daughters, Nancy and Susan, who arrived on Sunday from Louisville, Ky., for a two weeks stay as the guests of Mrs. McDermott's parents, Mr. and Mrs. H. M. Wentz.

* * *

CONSIDERING that Sunday is just a few days away we'll include its arrivals in this morning's guest list— Hear that Capt. Thomas Donovan, USN, Mrs. Donovan and their son, Tracy, will come from San Diego on Sunday for a few days visit with old Lincoln friends. Capt. and Mrs. Donovan will make Hotel Cornhusker their headquarters, but Tracy will be the guest of Ricky Akin, son of Dr. and Mrs. Fred Akin for the week. The Donovan threesome will go to Kansas City on Friday to attend the wedding of their son and brother which will take place on Saturday.

* * *

SOMEONE told us that Mr. and Mrs. G. Porter Putnam left yesterday for Chicago where Mr. Putnam will attend a meeting of the American Bar Association.

* * *

AND off to Kansas City next Monday will go Mrs. Howard Cather and the Cather small-fry for a week's visit with Mrs. Cather's sister, Mrs. Clive Hilgert. They will be joined by Mr. Cather on Wednesday evening, and on Thursday the family will go on to Harrisburg, Ill., for a brief stay as the guests of Dr. and Mrs. Warren E. Tuttle.

* * *

HEARD that Edwards—Mr. and Mrs. William T., and their children, Tommy and Lynn, are back in town after several days in Minnesota — Mr. and Mrs. Edwards and their son and daughter did considerable roving around the state of Minnesota, but lingered a couple of days at Cass Lake where they were the guests of Mr. and Mrs. Jack Martin.

* * *

ALSO heard that F. Pace Woods Jr., was back in town briefly —having stopped en route to Los Angeles from New York City. Mr. Woods plans to leave this week-end for the west coast.

UNDERSTAND that Delta Delta Sewing Club will entertain all Tri-Delta newcomers to Lincoln—collegiate and alumnae—at a coffee to be held at the chapter house on Wednesday evening. The committee in charge of the arrangements includes Mrs. Reese Wilson, chairman; Mrs. Louis Meyers, Mrs. Donald Wickham, Mrs. Frank Piccolo, Mrs. Cliff Thone, and Mrs. Fritz Davis. If any Delta Delta newcomers have not as yet been contacted, the Sewing Club extends them a cordial invitation and they are asked to call Mrs. Wilson.

Madam Chairman

MORNING

Mrs. Jaycees golf group, 9:30 o'clock at Pioneer golf course.

Lincoln Girl Scouts, 9 o'clock cyclist badge meeting at the bandstand in Antelope Park.

AFTERNOON

Mrs. Jaycees swimming group, 5:30 at Municipal pool.

Havelock YWCA, monthly coffee and program, 2 o'clock at the Havelock YWCA Center.

EVENING

Soroptimist Club, 6:30 o'clock dinner and meeting with the Lincoln-Lancaster Safety Council at Cotner Terrace.

LAFB Non Commissioned Officers Wives Club, 7:30 o'clock meeting and program at the NCO Club on the base.

The Brides' Book

Another party has been added to the series of bridal courtesies honoring Miss Rosemary Lucke, a September bride-elect, was the dessert supper and miscellaneous shower on Monday evening when Miss Shirley HofMann and Miss Louella Morrison were co-hostesses. The party was held in the parlors of the Fourth Presbyterian Church.

Miss Lucke's wedding to Roger Rhodes will take place on Sunday evening, Sept. 5.

In pre-nuptial courtesy to Miss Julia Grass, whose marriage to Thomas P. Carmichael will be an event of Saturday, Sept. 11, Mrs. Robert Liska will entertain on Friday evening. A dessert supper will be served at the close of the evening, and a miscellaneous shower will be presented to the bride-to-be.

Miss Grass, whose wedding will take place at 10 o'clock in the morning at St. Patrick's Church, has named Mrs. Liska as her matron of honor and has chosen for her bridesmaids Miss Patricia Messeck and Miss Jacqueline Imig. Miss Sheryldine Sue Nantkes will be the flower girl, and ringbearer will be James Pearl.

Mr. Liska will serve Mr. Carmichael as best man.

Mrs. Sam Sandlovich and her daughter, Mrs. W. B. Gubser, will be co-hostesses Wednesday evening in courtesy to Miss Kay Kimmel, whose marriage to Tracy Clark will be an event of Tuesday, Sept. 28. Sixteen guests have been invited to the dessert supper, to be held at the home of Mrs. Sandlovich, and a hostess-gift will be presented to Miss Kimmel.

Betrothal Announced

MISS MILDRED ATENHAN

Mr. and Mrs. John Atenhan of Deshler announce the engagement of their daughter, Mildred, of Lincoln, to Thomas Beckler, son of Mr. and Mrs. M. E. Beckler, also of Deshler.

No wedding date is named.

Miss Atenhan is a graduate of the Wichita Business College and is a member of Alpha Iota, business women's international honor sorority.

Mr. Beckler attended the University of Nebraska and is a member of Beta Sigma Psi fraternity.

To Be Morning Bride

MISS JO ELLEN HAKENKAMP, whose marriage to Denis John Vrbka will take place Wednesday morning, Aug. 18, at Blessed Sacrament Church.

Miss Jo Ellen Hakenkamp, daughter of Mr. and Mrs. Joe C. Hakenkamp, will become the bride of Denis John Vrbka, son of Mr. and Mrs. John R. Vrbka of Brainard, at a morning ceremony on Wednesday, Aug. 18. White summer blossoms will appoint the altar and chancel of Blessed Sacrament Church for the service, which will be solemnized by the Rev. Raymond Hain of the Catholic University of Washington, D.C.

A prelude of organ music will be presented by Miss Mary Louise McManus who also will play the wedding music and will accompany Miss Alice Wolfe, the vocalist.

As her sister's maid of honor, Miss Phillis Hakenkamp will wear a waltz-length frock of aqua tulle, sashed with taffeta and accented by a short-sleeved jacket of the tulle. Wearing identical ensembles in petal pink will be Mrs. Ernest Behne of Brainard and Mrs. Ward Hansen, bridesmatrons ,and Miss Arla Walz, the bridesmaid. The attendants will carry colonial nosegays of pink tea roses.

Miss Hakenkamp will appear in a gown of white nylon tulle over satin. Appliques of imported Chantilly lace edge the bateau neckline of the fitted bodice, and the brief, shirred sleeves, touched with lace, are completed by long mitts of the tulle. The lace motif is repeated at the hem of panels of pleated tulle which form the slight train of the wide skirt, and her illusion veil will be held by a cap of the tulle. She will carry a white prayerbook marked with a single orchid.

Serving as best man will be Linus Vrbka of Utica, and the ushers will be Ernest Behne of Brainard, Raymond Vrbka, Utica and Dick Hakenkamp of Lincoln.

Immediately following the 10 o'clock service, a wedding luncheon for 125 guests will be held in the school hall of Blessed Sacrament Church.

The couple will reside at Brainard upon returning from a honeymoon trip to the Ozarks.

A former student at the University of Nebraska, the bride is a graduate of the St. Elizabeth Hospital School of Nursing, and has been a member of the hospital's nursing staff.

Soon To Be A Bride

MISS NANCY FARNSWORTH

Of especial interest to Lincoln anr campus circles this morning is the announcement made by Mr. and Mrs. James S. Farnsworth of the engagement and approaching marriage of their daughter, Nancy, to Lt. John Arthur Graf Jr., son of Mr. and Mrs. John Arthur Graf of Talmage.

The wedding is planned for Sunday, Sept. 26, and the ceremony will be solemnized at 8 o'clock in the evening at Trinity Methodist Church.

Miss Farnsworth was graduated from Monticello Junior College, Godfrey, Ill., and also from the University of Nebraska where she is a member of Alpha Phi sorority, and Alpha Kappa Delta.

Lt. Graf attended Wentworth Military Academy and was graduated from the University of Nebraska. He is a member of Sigma Phi Epsilon fraternity, and served as national Brigadier General for the Pershing Rifles. Lt. Graf now is stationed at Ft. Leonard Wood, Mo.

The Star Welcomes

Another exciting morning has dawned, and The Star has rolled out its welcome mat to greet numerous of the new residents who have arrived within the past few days. And this morning we may count ourselves lucky, for some of the newcomers are here to stay, and others, those who are serving with Uncle Sam's Air Force, have come to stay —they hope—at least three or four years.

However, among Lincoln's new friends is one family—Mr. and Mrs. John R. Layman, who can't call any one place "home," unless it be Seattle. Mr. and Mrs. Layman are on the hop, skip and jump constantly because Mr. Layman, a civilian engineer with the Air Force, goes from base to base and trains the air refueling crews. The Laymans arrived in Lincoln a scant week ago, and while here are residing at 140 So. 30th St. But along about October Mr. Layman will have finished his work in Lincoln, and he and Mrs. Layman will be off to Alabama and another air field. The Layman son is in college back in Washington, and the 'teen-age daughter is attending a Seattle high school.

New neighbors at 4332 D are Capt. and Mrs. Clifton Gaudin — daughter, Linda — and son, Gary—a family that is together once more after 14 months of duty in Japan for the Captain. While Capt. Gaudin was overseas Mrs. Gaudin and the children were in Tullahoma, Tenn., where, we hear, it gets a bit warmer than it does in Nebraska. Capt. Gaudin is a 32nd degree Mason, and Mrs. Gaudin hopes to join the Eastern Star one day soon.

'Snowball' Comes Through; Kittens Get Mom

Linda Sue Mohr, 'Snowball' And Ex-Orphans

The nine lives attributed to every feline might well be those of her six kittens, plus three [illegible] as far as one [illegible] is concerned.

"Snowball" belongs to Mr and Mrs Marvin Mohr, 2240 So 58th. She had raised her own six lively youngsters and Mrs. Mohr had just found homes for all of them when the Mohrs received a phone call from John Van Vliet of 2700 Winthrop Road.

The Humane Society was temporarily housing three tiny orphans whose own mother had been run over by a car.

Only about eight days old, the frail mites didn't even have their eyes open yet to see the world that had dealt so cruelly with them. Van Vliet was touched by their plight, and determined to find a home for them if possible. He saw an item in the morning Star about the Mohr kittens, and called her.

Mrs. Mohr said she'd leave it up to "Snowball."

And "Snowball" came through nobly, welcoming the little outsiders as her own.

Sisters Win Dairy Cattle Awards In Holdrege Judging

HOLDREGE, Neb.—Two sisters won championships in 4-H dairy cattle competition here.

Janet Bauer won grand champion with her calf in the calf division while her sister, Joan Bauer's animal took reserve champion.

They are the daughters of Mr. and Mrs. Conrad Bauer of Overton.

The girls belong to the Willamsburg Junior Feeders Club led by Carl Nelson. They have both had six years in 4-H.

Modern Lights

NEBRASKA CITY, Neb.—Postmaster Nellie Werkvitz has announced that a modern lighting system will be installed in the post office workroom and in the Bureau of Internal Revenue offices. Fluorescent lights will be used in both projects.

Barred For Life

FLORENCE, Italy (INS)—A 34-year-old Italian woman, Jolanda Erpici, charged with being drunk and disorderly, was sentenced to four months' imprisonment and barred from any premises serving alcoholic drinks for the rest of her life.

Wayne Corn Borer Loss Looks Big

WAYNE, Neb. — Loss of 25 to 50 per cent of the corn crop in this area because of the increased infestation of corn borers this year has been indicated.

Apparently the infestation is spotty, with one field scarcely affected by the worms and an adjoining one severely damaged, farmers report.

Indications are that the early corn is the hardest hit. The first hatch occurred in late June and early July, with the result that the borers have attacked the stalks and caused breakage.

The second hatch is currently in progress and the targets now are the ears of corn.

Reports from a few farmers that army worms have stripped their oats have also been received in this area.

Norfolk Man Accepts Texas A & M Position

NORFOLK, Neb.—John L Skinner, geneticist for a local hatchery for the past four years, has accepted a post as supervisor of the poultry research center at Texas A & M College at College Station, Tex.

Skinner was graduated from the University of Nebraska in 1949 and received his master's degree at Texas A & M.

Western Germany Is Approaching 'Pre-War' Look, Student Cyclists Say

GERING, Neb. — A pair of motorcycling German students, stopped here on a tour of the United States and Canada, indicated that Western Germany is becoming more like it was before World War II.

Western Germans, one of the German youths said, enjoys a much higher standard of living than those behind the Iron Curtain in eastern Germany.

There is a great deal of friction between the two sections, he said.

Peter Barth, 21, a student at Bonn University, and his sidekick, Gunter Kühe, 23, also of Germany, carry a tent and a [illegible] and all of their clothes on the motorcycle.

Both say that America is wonderful.

"Here your washing machines, refrigerator and other machines are luxurious," Peter said. "My mother still washes for a family of eight by hand."

Peter came first to Montreal from Germany several month's ago working at any kind of job. He even working for a while as a supervisor in a juvenile detention home in Edmonton, Alberta.

His school friend Gunter hitchhiked from New York west in 10 days by the aid of a sign on his suitcase which read, "German Student, Not a Robber."

Out-Of-State Visitors At Scottsbluff Increase

SCOTTSBLUFF, Neb. — Although the total number of visitors to Scotts Bluff National Monument dropped 11 per cent during July, the number of out-of-the-state visitors increased 7 per cent, compared with 1953 figures.

There were cars from 39 other states, Alaska and Canada registered at the monument, representing 3,253 persons. The Nebraska vistiors totaled 5,118.

CD SURPRISE 'ALERT' SET

PHILADELPHIA (INS) — The federal Civil Defense Administration announced that it will hold its first surprise "alert" exercise in the District of Columbia and seven nearby states during the last week of October.

Regional Civil Defense Administrator J. George Brueckmann said that the test will be held to determine "our ability to mobilize without previous notice."

He added that the exercise "will simulate actual attack conditions, in that an attack by an enemy would involve the surprise element."

Brueckmann said that some of the states in his region are planning public participation while others will confine the "alert" exercise to command post activities.

Antique Automobiles 'Grow' On Exeter Man, Now He Owns 11

By MARILYN SWANSON
Star Staff Writer

EXETER, Neb. — Bob Trauger, who farms southeast of here, four years ago bought an antique car for the pleasure of putting it back in running order.

The little one-cylinder 1905 Brush runabout evidently proved to be a great pleasure for Trauger now owns 11 antique cars, three of which bear the first official Nebraska antique car licenses issued, plus a barn-sized building full of early day farm machinery.

Trauger finds cars at sheriff's sales, forgotten in a farm machinery shed, or being used for the power still available in their old engines to run power saws and the like.

One of his cars was a former bootlegger's vehicle and how it got to Nebraska to be sold at a Sheriff's sale is anyone's guess, Trauger said.

His 1912 Buick, which bears antique license number 1, was parked by the owner in a shed when he stopped u sing the car. The Buick stayed there for 32 years until Trauger found it and purchased it.

Trauger says his rarest car is a 1908 Black which is equipped with an air-cooled two-cylinder engine and steel tires. The Black was manufactured from about 1899 to 1908. Trauger's model was one of the last made by the company. The Black cost $687.50 when it was purchased with the oil lamp fenders, and horn counted as "extras."

Trauger counts the car as a valuable find as the original owner had saved the invoice and original advertisements.

Another rare model is a 1915 Empire, which was one of the last American made cars with a right hand drive.

The most expensive car that Trauger owns is a 1919 Winton which bore an original price tag of over $5,000. The Winton has a built-in tire pump, eight-day clock, and overdrive. Not only was the seven-passenger sedan expensive to buy, it was expensive to run. The engine holds four gallons of oil. "It would have been all right to own one of these, if the company had thrown in an oil well with each purchase," Trauger laughed.

Although the automotive field in this country is now dominated by a relatively few manufacturers, Trauger says there have been more than 2,200 American makes in the history of the automobile.

The most difficult job entailed in restoring an antique car is replacing old and worn-out parts. Any part which must be replaced must be manufactured by the restorer or obtained from another car of the same vintage—an almost impossible task.

In the Trauger farm machinery collection, the two stars are gigantic Aultman-Taylor and Avery tractors. Each of the huge machines weighs 12 and one-half tons. The wheels are over eight feet tall. One of the tractors was used to pull a threshing rig, the other to pull road graders.

Trauger bought the 1916 model tractor from a farmer near Friend. After a few minor adjustments, he decided the monster machine was in good enough shape to be driven to Exeter, nine miles away. The tractor broke down midway in its journey however.

Trauger rolled into a farmer's yard and asked permission to repair the machine there. Permission was granted and Trauger started to drain the radiator. The radiator emitted 170 gallons of water.

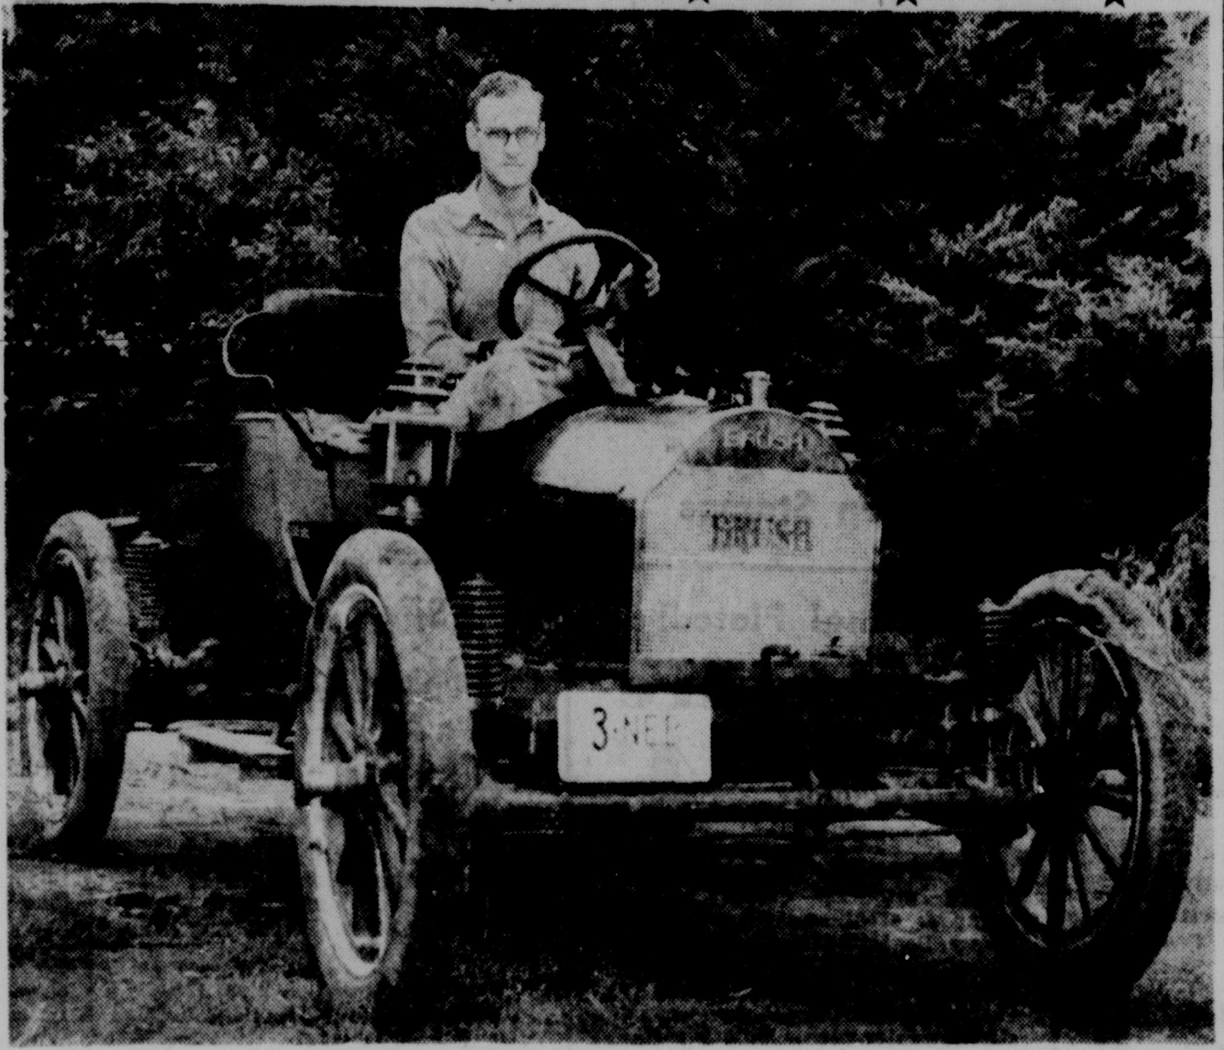
"I almost flooded that farmer out of his place," Trauger added.

Trauger's hobby is shared with enthusiasm by his father, Charles Trauger, and his wife. The Traugers drive the antique cars to picnics and outings and the Trauger cars are a part of every Exeter parade.

The family devotes one building on their farm to housing their collection of pioneer home items—such as an 1855 sewing machine still in perfect condition. Another large building houses the old cars and farm machinery.

Visitors to the "Old Timers" collection at the Trauger farm are welcome and since Trauger began his large scale hobby, persons from 22 states have stopped at the farm to see the "museum" designed to keep alive the pioneer memories of the Exeter area.

★ ★ ★ ★ ★



One Led To Another, Now He's Got 11

Bob Trauger, Exeter farmer, displays the antique car that started it all. Trauger bought the 1905 Brush runabout and had so much fun fixing it up that he purchased another antique car. He now owns 11 ancient models plus several early day tractors and two sheds chock full of other pioneer farm machinery and home items. **(Star Staff Photo)**

Pender Firm Awarded Wayne Pool Contract

WAYNE, Neb.—A Pender firm, Christensen & Son, has been awarded the contract to construct Wayne's concrete swimming pool.

The firm had the low bid of $31,587. The award was made by the city council.

Work is to be finished by May 1.

Auburn Man Gets The 'Wrong Bird'

AUBURN, Neb. — Even a sparrow can have its moment of glory.

When Bob Breazile of Auburn heard a noise at his door during a nighttime storm recently, and looked outside to investigate, a bird flew into the room. Thinking the bird was a parakeet, Breazile grabbed and put the bird into a cage. He didn't bother to turn on the light during this operation, and learned next morning that the caged "parakeet" of the night before was, in clear daylight, nothing but a common sparrow.

6 Lincoln County 4-H Girls Fair Competitors

NORTH PLATTE, Neb. — Among the many 4-H girls who will enter competition on clothes and food judging at the Nebraska State Fair this year will be six Lincoln County girls.

The six are Nancy Lannon of North Platte, Jeanenne Votaw of Wellfleet, Gladys Korbel of Hershey, Jo Ann Jarvis, Kathleen Paulman of Hershey and Kathleen Fleecs of Sutherland.

Ike Gives Reds Blunt Warning

'U.S. Fleet Protecting Formosa'

WASHINGTON (INS)— President Eisenhower said Tuesday that any Communist invasion of Formosa will have to run over the United States fleet.

The chief executive served this blunt notice on Red China at his news conference when he was asked for comment on reports of the recent Red build-up on the mainland opposite the Nationalist China stronghold.

He noted that the U.S. Seventh Fleet is still operating under the orders he handed down shortly after he took office, when he lifted former President Harry S. Truman's directive keeping the Nationalists from invading the mainland.

Reaffirms Orders

Mr. Eisenhower said his directive reaffirmed the defensive part of the orders to the fleet which had been in effect since 1950. The White House added the phrase "defensive part" to the President's remarks after the news conference to make it clear that he was referring to the fleet's order to defend Formosa against any Red attack.

The President also made these points at his final meeting with newsmen before a scheduled Saturday take-off for a Denver vacation:

1. Said he approves of the House version of a bill to outlaw the Communist party politically and legally but declined comment on the measure as amended in the Senate today which would make membership by individuals a crime.

2. Declared any proposals to revise the European defense community treaty would be quite serious if they forced member countries to ratify the pact all over again.

3. Said that some form of military training is advantageous both to American youth and their country in the present state of the world.

4. Asserted that the mass of expert opinion among economists is that the United States is in a mild general upswing.

5. Disclosed he now plans to deliver a radio-television address to the nation summing up the achievements of the present Congress from Denver early next week.

Ike Slams Back At Demo Attack

WASHINGTON (INS) — President Eisenhower struck back sharply Tuesday at Democratic National Chairman Stephen Mitchell's charge that the Chief Executive was guilty of favoritism to his friend, golfer Bobby Jones, in the award of a huge power contract.

Mr. Eisenhower told his news conference that when he entered politics he knew he would be subjected to many charges from many types of strange characters. He did not mention Mitchell by name.

The President invited anyone wishing to do so to look at the complete story of the power contract which Mitchell called an administration scandal.

With out-thrust jaw and blazing ey the President delivered ringing praise of Jones, declaring that there is no gentleman he knows whose integrity and probity are more certain than the Georgia golfer's.

Mr. Eisenhower added that he was not going to make a defense of his own actions but that anyone could go to the Budget Bureau or the Atomic Energy Commission and get the complete story of the contract.

Meanwhile, Republican leaders and an influential Democrt voiced angry replies to Mitchell's charge that Mr. Eisenhower personally intervened to assure a 140-million dollar subsidy to a power syndicate of which Jones is a member.

'Furnish Facts'

Senate Republican Leader William F. Knowland demanded that Mitchell "furnish the facts," if he has any, to back the accusation.

In Chicago, Mitchell commented: "Furnish the facts? The matter was debated in the Senate for 13 days. It was one of the things all the shouting was about. Something irregular has been going on. It should be investigated."

Mitchell's charge involved the contract award to the Dixon-Yates syndicate to furnish electric power for the Atomic Energy Commission's Paducah, Ky., plant.

Sen. Walter F. George (D-Ga), came stoutly to Jones' defense. He declared that the one-time grand slam golf champion is a man of the highest integrity. He said he knew Jones well and that "he is incapable of asserting himself with the President in any matter in which he has a personal interest."

STAN DELAPLANE'S

POSTCARD

I attended a wedding the other day. It was held in a church. Which is a nice place to have a wedding, I always say.

There is a good deal of happy weeping at weddings. I notice. The lady beside me was related in some vague way to the bride. She sniffled a good deal during the ceremony and seemed to feel the better for it.

"Isn't she sweet?" she said, dabbing at her nose.

"In five assorted flavors," I said heartily. The bride was a dish. I was weeping a little myself. I often do during hay fever season.

☆ ☆ ☆

Well this is not what I was going to say. So much is changing in this atomic age. It is pleasant to see that weddings go along pretty much as usual.

Everybody weeps. The bride does not blush, no matter what the writers of the purple prose may say. The bride is usually pretty professional about it all. Even if it is her first time around.

The bride bustles about getting people into line and generally surveying the scene. Like a commander surveying his troops before the battle.

It is the helpers who fall all over their feet. Mama flutters about underfoot. The maids-of-honor are busy looking for other prospects in the house.

☆ ☆ ☆

The first wedding I attended was for a fellow journalist of gay and carefree days. It was performed by a superior court room judge whom we had put on the cuff. On the basis we would sometime get his name in the papers.

The bridegroom was to reach back to me at the proper time and get the ring. To make thigs more interesting, I had worked out a private switch with a cameraman, also attendant. The groom would reach to me, I would reach to the cameraman.

It was like a tricky play in the backfield. And I was of the opinion it would liven up the ceremony

At the last minute, the photographer had a brilliant idea.

"When you reach for the ring, I reach in my pocket and get a handful of dime store rings. We fumble. The rings spill all over the floor. This makes for happy laughter from all hands which I understand is a good thing. Marriage being a happy affair."

☆ ☆ ☆

I will report that we did this thing. And neither the bride nor her mother has spoken to us since.

Ah, well, another bride is launched and I was there when the champagne bottle cracked. Weeping a little. But not for her. I weep for days when weddings were livelier and I was livelier and dime store wedding rings spilled across a polished floor.

(McNaught Syndicate, Inc.)

Ripley Encampment:

Training Conditions Top-Flight

Nebraska National Guard units, back in the state after two weeks at Camp Ripley, Minn., experienced "the finest training period we ever had," Maj. Gen. Guy Henninger commented Tuesday.

"There were the most people we ever had, and we had more hours of actual training without interference from the weather," Gen. Henninger explained.

Nebraska sent 2,900 men, comprising nine organizations, to Camp Ripley.

Weather Perfect

"The weather was perfect. It was warm in the daytime and cold at night. Two blankets were a must," the general continued.

Camp Ripley is about 100 miles northwest of Minneapolis.

Brig. Gen. Warren Wood of Gering becomes commanding officer of the Iowa-Nebraska units of the National Guard Sept. 1 upon the retirement of Maj. Gen. Ray Fountain of Des Moines.

Nebraska components at Camp Ripley were the 134th Infantry, 128th Engineers, 195th Tank Battalion, 734th Ordnance Battalion, 568th Field Artillery Battalion, State Headquarters of Nebraska, the 134th Army Band from Omaha, the 43rd Army Band from Lincoln, and the 34th Division headquarters part.

Nebraskans Head YM-YWConference

Two Nebraskans have been elected co-chairmen of the Rocky Mountain Regional Conference of College branches of the YMCA and YWCA, it was announced.

Meeting in Estes Park, Colo., the conference elected Joyce Laase of Lincoln, a University of Nebraska student, and Marvin Evers of Dunbar, a Nebraska Wesleyan student.

As leaders of the conference, they will attend the National YM-YWCA Student Council, the groups' planning body, at Oxford, O., Aug. 31 to Sept. 5, and the United Student Christian Council from Sept. 6-11, also at Oxford.

The region consists of schools in Utah, New Mexico, Colorado, South Dakota, Arizona and Nebraska.

23 New Polio Cases Listed

The Health Department counted 23 new cases of polio in Nebraska last week. This compared to 32 the preceding week, and a peak of 39 for the week ending July 24.

The total for the year so far is 209, compared to 129 at this date a year ago.

Sarpy County reported five new cases last week. Douglas and Scotts Bluff had three each.

Other counties, with one each, were Buffalo, Cass, Gage, Grant, Hall, Kearney, Lancaster, Lincoln, Madison, Nuckolls, Thomas and York.

A FUN MORNING--FOR NEWS

IT DEFINITELY is a fun morning as far as the news is concerned— We have so many interesting topics of conversation we scarcely know where to start—whether we should begin at home or abroad— We've just made a decision— Because some of our news from the other side of the Atlantic will have so much interest around and about, we'll begin the morning with news of the Greens—Lt. Col. and Mrs. William Dutton Green and their family. As all who know Lt. Col. and Mrs. Green know, the family has been stationed in Germany for more than three years— But the Greens are coming home. They plan to arrive in New York City in September, and after a brief visit with Mr. and Mrs. Samuel [illegible] Waugh in Washington, D.C., Lt. Col. Green and his family will go on to his new assignment with the 2653rd Air Reserve Center in Kansas City—the closest to home the Air Force officer has been for many a day.

* * *

AND while we were rejoicing over news of the Greens we began wondering about other former Lincoln people who spend considerable time abroad—Mrs. John G. Maher and her son-in-law and daughter, Mr. and Mrs. Jacques Vergotti and the four-year-old Lili— We learned that Mrs. Maher and the Vergotti trio are in Lucerne, Switzerland, this summer, and that Mr. Vergotti recently received his Ph.D. in economics and international law from the University of Lucerne. In September the travelers will return to the States where Mr. Vergotti is on the faculty at Mt. St. Vincent College, and Manhattan College in New York City.

* * *

OUR NEWS of home is exciting, too—Just learned for instance that there is to be quite a celebration at the end of August, and that it will honor the 50th wedding anniversary of Dr. and Mrs. H. W. Orr. Dr. and Mrs. Orr's wedding anniversary officially is Sept. 7, but since members of their family are coming from the east and the west, and because included in the family are numerous grandchildren who will be in school a few weeks later, the festivities will begin on Aug. 24, and continue through Aug. 27. All the sons and daughters and their children will be in Lincoln by the 25th, and will honor Dr. and Mrs. Orr at a dinner on Friday evening, Aug. 27, at Hotel Cornhusker.

Planning to be in town for all of the activity will be Dr. and Mrs. Orr's sons and daughters-in-law—Dr. and Mrs. Douglass Orr and their children, Nancy and Stephen, Seattle; Mr. and Mrs. Willard Orr and their son, Edwin, Denver; their sons-in-law and daughter, Dr. and Mrs. Philip Klein and their son, John Douglass, State College, Pa.; Dr. and Mrs. Keith Sheldon, their five sons, Keith, Jr., Douglass, Matthew, Bruce and Brian — and daughter, Allison, Cleveland, O., and Mr. and Mrs. Robert Danielson and their family, Lincoln.

* * *

FORSAKING a potential guest list for a current one brings us to Mr. and Mrs. James McDermott (Barbara Wentz) and their two daughters, Nancy and Susan, who arrived on Sunday from Louisville, Ky., for a two weeks stay as the guests of Mrs. McDermott's parents, Mr. and Mrs. H. M. Wentz.

* * *

CONSIDERING that Sunday is just a few days away we'll include its arrivals in this morning's guest list— Hear that Capt. Thomas Donovan, USN, Mrs. Donovan and their son, Tracy, will come from San Diego on Sunday for a few days visit with old Lincoln friends. Capt. and Mrs. Donovan will make Hotel Cornhusker their headquarters, but Tracy will be the guest of Ricky Akin, son of Dr. and Mrs. Fred Akin for the week. The Donovan threesome will go to Kansas City on Friday to attend the wedding of their son and brother which will take place on Saturday.

* * *

SOMEONE told us that Mr. and Mrs. G. Porter Putnam left yesterday for Chicago where Mr. Putnam will attend a meeting of the American Bar Association.

* * *

AND off to Kansas City next Monday will go Mrs. Howard Cather and the Cather smallfry for a week's visit with Mrs. Cather's sister, Mrs. Clive Hilgert. They will be joined by Mr. Cather on Wednesday evening, and on Thursday the family will go on to Harrisburg, Ill., for a brief stay as the guests of Dr. and Mrs. Warren E. Tuttle.

* * *

HEARD that Edwards—Mr. and Mrs. William T., and their children, Tommy and Lynn, are back in town after several days in Minnesota — Mr. and Mrs. Edwards and their son and daughter did considerable roving around the state of Minnesota, but lingered a couple of days at Cass Lake where they were the guests of Mr. and Mrs. Jack Martin.

* * *

ALSO heard that F. Pace Woods Jr., was back in town briefly —having stopped en route to Los Angeles from New York City. Mr. Woods plans to leave this week-end for the west coast.

* * *

UNDERSTAND that Delta Delta Sewing Club will entertain all Tri-Delta newcomers to Lincoln—collegiate and alumnae—at a coffee to be held at the chapter house on Wednesday evening. The committee in charge of the arrangements includes Mrs. Reese Wilson, chairman; Mrs. Louis Meyers, Mrs. Donald Wickham, Mrs. Frank Piccolo, Mrs. Cliff Thone, and Mrs. Fritz Davis. If any Delta Delta newcomers have not as yet been contacted, the Sewing Club extends them a cordial invitation and they are asked to call Mrs. Wilson.

Madam Chairman

MORNING

Mrs. Jaycees golf group, 9:30 o'clock at Pioneer golf course.

Lincoln Girl Scouts, 9 o'clock cyclist badge meeting at the bandstand in Antelope Park.

AFTERNOON

Mrs. Jaycees swimming group, 5:30 at Municipal pool.

Havelock YWCA, monthly coffee and program, 2 o'clock at the Havelock YWCA Center.

EVENING

Soroptimist Club, 6:30 o'clock dinner and meeting with the Lincoln-Lancaster Safety Council at Cotner Terrace.

LAFB Non Commissioned Officers Wives Club, 7:30 o'clock meeting and program at the NCO Club on the base.

Soon To Be A Bride

MISS NANCY FARNSWORTH

Of especial interest to Lincoln anr campus circles this morning is the announcement made by Mr. and Mrs. James S. Farnsworth of the engagement and approaching marriage of their daughter, Nancy, to Lt. John Arthur Graf Jr., son of Mr. and Mrs. John Arthur Graf of Talmage.

The wedding is planned for Sunday, Sept. 26, and the ceremony will be solemnized at 8 o'clock in the evening at Trinity Methodist Church.

Miss Farnsworth was graduated from Monticello Junior College, Godfrey, Ill., and also from the University of Nebraska where she is a member of Alpha Phi sorority, and Alpha Kappa Delta.

Lt. Graf attended Wentworth Military Academy and was graduated from the University of Nebraska. He is a member of Sigma Phi Epsilon fraternity, and served as national Brigadier General for the Pershing Rifles. Lt. Graf now is stationed at Ft. Leonard Wood, Mo.

The Brides' Book

Another party has been added to the series of bridal courtesies honoring Miss Rosemary Lucke, a September bride-elect, was the dessert supper and miscellaneous shower on Monday evening when Miss Shirley HofMann and Miss Louella Morrison were cohostesses. The party was held in the parlors of the Fourth Presbyterian Church.

Miss Lucke's wedding to Roger Rhodes will take place on Sunday evening, Sept. 5.

In pre-nuptial courtesy to Miss Julia Grass, whose marriage to Thomas P. Carmichael will be an event of Saturday, Sept. 11, Mrs. Robert Liska will entertain on Friday evening. A dessert supper will be served at the close of the evening, and a miscellaneous shower will be presented to the bride-to-be.

Miss Grass, whose wedding will take place at 10 o'clock in the morning at St. Patrick's Church, has named Mrs. Liska as her matron of honor and has chosen for her bridesmaids Miss Patricia Messeck and Miss Jacqueline Imig. Miss Sheryldine Sue Nantkes will be the flower girl, and ringbearer will be James Pearl.

Mr. Liska will serve Mr. Carmichael as best man.

Mrs. Sam Sandlovich and her daughter, Mrs. W. B. Gubser, will be co-hostesses Wednesday evening in courtesy to Miss Kay Kimmel, whose marriage to Tracy Clark will be an event of Tuesday, Sept. 28. Sixteen guests have been invited to the dessert supper, to be held at the home of Mrs. Sandlovich, and a hostess-gift will be presented to Miss Kimmel.

Betrothal Announced

MISS MILDRED ATENHAN

Mr. and Mrs. John Atenhan of Deshler announce the engagement of their daughter, Mildred, of Lincoln, to Thomas Beckler, son of Mr. and Mrs. M. E. Beckler, also of Deshler.

No wedding date is named.

Miss Atenhan is a graduate of the Wichita Business College and is a member of Alpha Iota, business women's international honor sorority.

Mr. Beckler attended the University of Nebraska and is a member of Beta Sigma Psi fraternity.

To Be Morning Bride

Miss Jo Ellen Hakenkamp, daughter of Mr. and Mrs. Joe C. Hakenkamp, will become the bride of Denis John Vrbka, son of Mr. and Mrs. John R. Vrbka of Brainard, at a morning ceremony on Wednesday, Aug. 18. White summer blossoms will appoint the altar and chancel of Blessed Sacrament Church for the service, which will be solemnized by the Rev. Raymond Hain of the Catholic University of Washington, D.C.

A prelude of organ music will be presented by Miss Mary Louise McManus who also will play the wedding music and will accompany Miss Alice Wolfe, the vocalist.

As her sister's maid of honor, Miss Phillis Hakenkamp will wear a waltz-length frock of aqua tulle, sashed with taffeta and accented by a short-sleeved jacket of the tulle. Wearing identical ensembles in petal pink will be Mrs. Ernest Behne of Brainard and Mrs. Ward Hansen, bridesmatrons ,and Miss Arla Walz, the bridesmaid. The attendants will carry colonial nosegays of pink tea roses.

Miss Hakenkamp will appear in a gown of white nylon tulle over satin. Appliques of imported Chantilly lace edge the bateau neckline of the fitted bodice, and the brief, shirred sleeves, touched with lace, are completed by long mitts of the tulle. The lace motif is repeated at the hem of panels of pleated tulle which form the slight train of the wide skirt, and her illusion veil will be held by a cap of the tulle. She will carry a white prayerbook marked with a single orchid.

Serving as best man will be Linus Vrbka of Utica, and the ushers will be Ernest Behne of Brainard, Raymond Vrbka, Utica and Dick Hakenkamp of Lincoln.

Immediately following the 10 o'clock service, a wedding luncheon for 125 guests will be held in the school hall of Blessed Sacrament Church.

The couple will reside at Brainard upon returning from a honeymoon trip to the Ozarks.

A former student at the University of Nebraska, the bride is a graduate of the St. Elizabeth Hospital School of Nursing, and has been a member of the hospital's nursing staff.

MISS JO ELLEN HAKENKAMP, whose marriage to Denis John Vrbka will take place Wednesday morning, Aug. 18, at Blessed Sacrament Church.

The Star Welcomes

Another exciting morning has dawned, and The Star has rolled out its welcome mat to greet numerous of the new residents who have arrived within the past few days. And this morning we may count ourselves lucky, for some of the newcomers are here to stay, and others, those who are serving with Uncle Sam's Air Force, have come to stay —they hope—at least three or four years.

However, among Lincoln's new friends is one family—Mr. and Mrs. John R. Layman, who can't call any one place "home," unless it be Seattle. Mr. and Mrs. Layman are on the hop, skip and jump constantly because Mr. Layman, a civilian engineer with the Air Force, goes from base to base and trains the air refueling crews. The Laymans arrived in Lincoln a scant week ago, and while here are residing at 140 So. 30th St. But along about October Mr. Layman will have finished his work in Lincoln, and he and Mrs. Layman will be off to Alabama and another air field. The Layman son is in college back in Washington, and the 'teen-age daughter is attending a Seattle high school.

New neighbors at 4332 D are Capt. and Mrs. Clifton Gaudin — daughter, Linda — and son, Gary—a family that is together once more after 14 months of duty in Japan for the Captain. While Capt. Gaudin was overseas Mrs. Gaudin and the children were in Tullahoma, Tenn., where, we hear, it gets a bit warmer than it does in Nebraska. Capt. Gaudin is a 32nd degree Mason, and Mrs. Gaudin hopes to join the Eastern Star one day soon.

Antique Automobiles 'Grow' On Exeter Man, Now He Owns 11

By MARILYN SWANSON
Star Staff Writer

EXETER, Neb. — Bob Trauger, who farms southeast of here, four years ago bought an antique car for the pleasure of putting it back in running order.

The little one-cylinder 1905 Brush runabout evidently proved to be a great pleasure for Trauger now owns 11 antique cars, three of which bear the first official Nebraska antique car licenses issued, plus a barn-sized building full of early day farm machinery.

Trauger finds cars at sheriff's sales, forgotten in a farm machinery shed, or being used for the power still available in their old engines to run power saws and the like.

One of his cars was a former bootlegger's vehicle and how it got to Nebraska to be sold at a Sheriff's sale is anyone's guess, Trauger said.

His 1912 Buick, which bears antique license number 1, was parked by the owner in a shed when he stopped u sing the car. The Buick stayed there for 32 years until Trauger found it and purchased it.

Trauger says his rarest car is a 1908 Black which is equipped with an air-cooled two-cylinder engine and steel tires. The Black was manufactured from about 1899 to 1908. Trauger's model was one of the last made by the company. The Black cost $587.50 when it was purchased with the oil lamp fenders, and horn counted as "extras."

Trauger counts the car as a valuable find as the original owner had saved the invoice and original advertisements.

Another rare model is a 1915 Empire, which was one of the last American made cars with a right hand drive.

The most expensive car that Trauger owns is a 1919 Winton which bore an original price tag of over $5,000. The Winton has a built-in tire pump, eight-day clock, and overdrive. Not only was the seven-passenger sedan expensive to buy, it was expensive to run. The engine holds four gallons of oil. "It would have been all right to own one of these, if the company had thrown in an oil well with each purchase," Trauger laughed.

Although the automotive field in this country is now dominated by a relatively few manufacturers, Trauger says there have been more than 2,200 American makes in the history of the automobile.

The most difficult job entailed in restoring an antique car is replacing old and worn-out parts. Any part which must be replaced must be manufactured by the restorer or obtained from another car of the same vintage—an almost impossible task.

In the Trauger farm machinery collection, the two stars are gigantic Aultman-Taylor and Avery tractors. Each of the huge machines weighs 12 and one-half tons. The wheels are over eight feet tall. One of the tractors was used to pull a threshing rig, the other to pull road graders.

Trauger bought the 1916 model tractor from a farmer near Friend. After a few minor adjustments, he decided the monster machine was in good enough shape to be driven to Exeter, nine miles away. The tractor broke down midway in its journey however.

Trauger rolled into a farmer's yard and asked permission to repair the machine there. Permission was granted and Trauger started to drain the radiator. The radiator emitted 170 gallons of water.

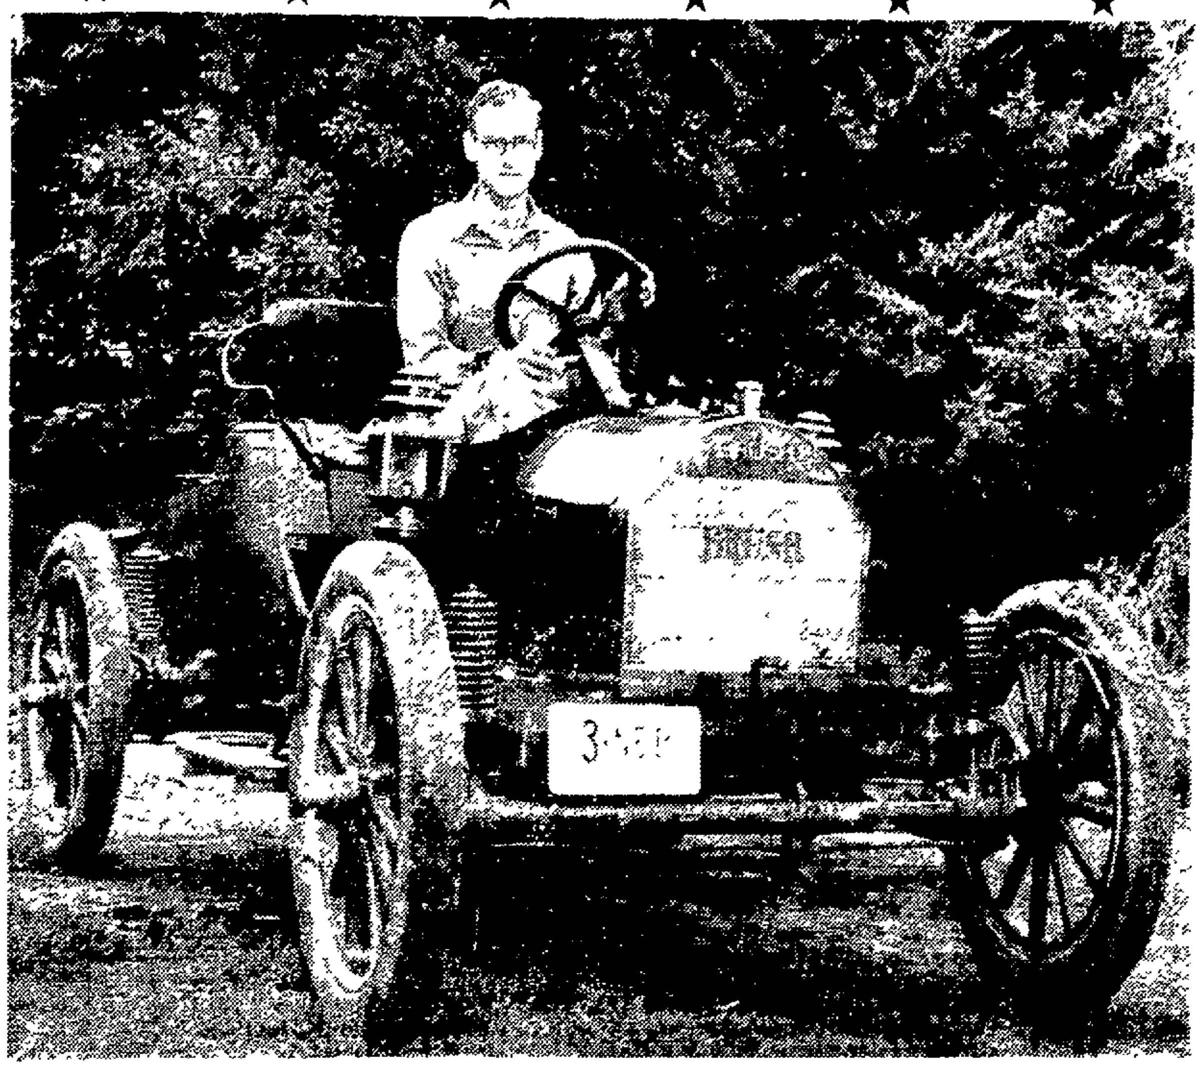
"I almost flooded that farmer out of his place," Trauger added.

Trauger's hobby is shared with enthusiasm by his father, Charles Trauger, and his wife. The Traugers drive the antique cars to picnics and outings and the Trauger cars are a part of every Exeter parade.

The family devotes one building on their farm to housing their collection of pioneer home items—such as an 1855 sewing machine still in perfect condition. Another large building houses the old cars and farm machinery.

Visitors to the "Old Timers" collection at the Trauger farm are welcome and since Trauger began his large scale hobby, persons from 22 states have stopped at the farm to see the "museum" designed to keep alive the pioneer memories of the Exeter area.

★ ★ ★ ★ ★ ★



One Lead To Another, Now He's Got 11

Bob Trauger, Exeter farmer, displays the antique car that started it all. Trauger bought the 1905 Brush runabout and had so much fun fixing it up that he purchased another antique car. He now owns 11 ancient models plus several early day tractors and two sheds chock full of other pioneer farm machinery and home items. (**Star Staff Photo**)

Pender Firm Awarded Wayne Pool Contract

WAYNE, Neb.—A Pender firm, Christensen & Son, has been awarded the contract to construct Wayne's concrete swimming pool.

The firm had the low bid of $31,587. The award was made by the city council.

Work is to be finished by May 1

Auburn Man Gets The 'Wrong Bird'

AUBURN, Neb — Even a sparrow can have its moment of glory.

When Bob Breazile of Auburn heard a noise at his door during a nighttime storm recently, and looked outside to investigate, a bird flew into the room. Thinking the bird was a parakeet, Breazile grabbed and put the bird into a cage. He didn't bother to turn on the light during this operation, and learned next morning that the caged "parakeet" of the night before was, in clear daylight, nothing but a common sparrow.

6 Lincoln County 4-H Girls Fair Competitors

NORTH PLATTE, Neb. — Among the many 4-H girls who will enter competition on clothes and food judging at the Nebraska State Fair this year will be six [illegible] County girls.

The [illegible] Nancy Lannon of North Platte, Jeanenne Votaw of Wellfleet, Gladys Korbel of Hershey, Jo Ann Jarvis, Kathleen Paulman of Hershey and Kathleen Fleecs of Sutherland.

Autumn Approaching, But Almost Whole Month Of Play Left

Almost A Month Left

Nora Adams shows her two brothers, Robbie (left) and Hank, how there is nearly a month of vacation left this year. They can keep their bat and ball out for almost a whole extra week since school doors won't open until Sept. 13. Robbie will have his first introduction to school life as he enters Elliott School kindergarten. Hank will be in the first grade and Nora in third. They are the children of Mr. and Mrs. Herbert Adams of 3025 N. **(Star Photo).**

☆ ☆ ☆ ☆ ☆ ☆

August is drawing to a close. Autumn is approaching.

But there is no need for Lincoln kids to sing those "back to school blues" yet.

A fairy godmother, in the person of the Board of Education and the school calendar committee, have made them a present of a whole extra week of vacation this year.

When September first rolls around all public school children will still have nearly two weeks to enjoy summer fun. For the school doors won't open until Sept. 13 this year, nearly a week later than in previous years.

This means it will still be play time during the Labor Day weekend and State Fair week. There is still time for a long vacation with the folks or parties and picnics with the neighborhood gang.

Children attending Lutheran parochial school will also have the benefit of a long vacation since they will go back to the books also on Sept. 13.

However, Catholic parochial schools will open Aug. 30. But the kids get one break. Classes will be dismissed Sept. 6, Labor Day.

Indeed Lincoln kids really can pity those children in many places in the state who must give up their summer pleasures as early as Aug. 30.

Sheriff's Family 'Evicted' From WayneCourthouse

WEST POINT, Neb. — The threat of falling plaster and bricks has caused the sheriff and his family to voluntarily "evict" themselves from their quarters in the county courthouse.

The old courthouse is being torn down by wreckers preparatory to the construction of a new courthouse. The sheriff, Herman J. Heimann, and his family, have taken up temporary quarters in a local hotel.

The sheriff's quarters in the new courthouse will be the finest in the state, with a "penthouse" location on the roof, a picture window, modern fixtures and a half of the building's roof as a "sun deck."

Alliance Jaycee Picnic

ALLIANCE, Neb.—The annual Junior Chamber of Commerce picnic will be held here Sunday, Aug. 29, at the Chadron State Park. The picnic was originally scheduled for Aug. 22. Steaks will be served.

Dr. Mullinix New Peru School Head

PERU, Neb. — Dr. Floyd L. Mullinix has been named head of the division of education and will direct the activities of T. J. Majors Training School at Peru State College.

The appointment, effective Sept. 1, was announced by Dr. Neal Goman, school president.

Dr. Mullinix, who received his doctor's degree from the University of Missouri in 1952, will succeed Dr. Leo Eastman. Dr. Eastman has accepted an Illinois position.

Dr. Mullinix has just returned from two years of active duty with the Navy in Japan.

Grand Island School Workshop Starts Aug. 30

GRAND ISLAND, Neb. — The annual workshop for Grand Island school teachers will open Aug. 30 and continue through the week.

Highlights of the week include a business-education day, which was successfully inaugurated last year; a day-long discussion of various aspects of the phyical education program; and talks by visiting experts and panel discussions.

Mrs. Martha Green is serving as chairman of this year's workshop assisted by Willa Scudder, E. A. Toft, Mrs. Viola Deibler, E. E. Werner, Alton Kienker, Lorraine Lewis, Helen Kellogg, Mrs. Ethel Howell, Verneil Griffin, E. E. Carstens, W. A. Shaffer, Delwyn Lindholm, Joyce Geddes, Robert Gregory, Mrs. Beulah Swisher, Mrs. Dorothy Conway and Donald Duryea.

Workshop leaders will include Dr. Walter K. Beggs, Dr. Paul Meadows, Dr. Richard Videbeck and Dr. F. E. Henzlik, all of the University of Nebraska; Dr. R. F. Patterson of the University of South Dakota; Dr. Delbert Oberteuffer of Ohio State University; Dr. Leo P. Black, Dr. Edith S. Greer and Dr. Floyd Miller, all of the state department of public instruction; and Mrs. Billie Davis of Springfield, Mo., a Sunday school writer.

Schools in Grand Island are scheduled to open Sept. 7.

Oshkosh Jamboree To Feature Barbecue

OSHKOSH, Neb.—A big barbecue will be one of the features of the Oshkosh Jamboree, to be held Aug. 24.

In charge of the barbecue will be Jack Shelton, who has been putting on barbecues for 23 years.

"The secret of good barbecueing," Shelton says, "is patience. It takes just as long to cook 5 pounds as 500."

Red-Hot Pirates Have Learned To Relax Says Skipper Fred Haney

By JOE BRADIS

PITTSBURGH (AP) — Fred Haney says his Pittsburgh Pirates now know how to relax and "that's why we're winning ball games."

The red-hot Pirates, cellar dwellers of the National League, boast 8 victories in the last 10 games and 12 in 17—the best mark of any Pittsburgh club since 1949.

"We've just reached the right mental point," commented Haney Tuesday. "But it's nothing new. We had it in spring training but lost it once the season started.

"Youngsters like Jerry Lynch and Bob Skinner murdered the ball in spring training. Jack Shepard, Dick Hall and Gair Allie also looked good.

"What happened?" it's the same old story. Stage fright. But the kids are finally learning to relax. I thought in spring training we had the most improved club of any in the league.

"And we're a lot better club than some give us credit. How many games did we get good pitching and no hitting, or good hitting and no pitching?

"Now we're getting both. The combination of the two will win ball games for any club and that's why we're winning. I hope it continues."

In the current winning streak, the Pirates knocked off the Philadelphia Phillies four straight and tied 6-6 in the final game of the series.

The Pirates could be a determining factor in the National League race. Twenty of the remaining 38 games are with first division teams. This includes 10 games with the Brooklyn Dodgers and three with the New York Giants.

"I have no visions of getting out of the cellar," concluded Haney. "But that doesn't mean we're not going to try. The season's still got a long way to go and we hope to improve.

"I'm just happy for the youngsters. It's been a long, tough grind for them. They're getting extra base knocks and the pitching is good."

Someone well acquainted with Haney interrupted the conversation at this point to offer the fiery Pirate's skipper congratulations on the team's showing.

"Yeah," grumbled outfielder Sid Gordon who was standing by. "It's about time somebody gave the little guy some credit. He really deserves it."

Bob Hofman Homers Twice, Giants Win

Brooklyn Loses Ground, Bows To Surprising Pirates; American League Race Unchanged As Leaders Win

NEW YORK (AP)—Reserve infielder Bobby Hofman hit two home runs and Willie Mays smashed four straight hits Tuesday night as the league-leading New York Giants whipped the Philadelphia Phillies 8-3 for Johnny Antonelli's 18th victory.

The Giants jumped on Curt Simmons for four runs in the first inning on a two-run triple by Mays and a two-run homer by Hofman and went on to break a three-game losing streak. The Giants had lost seven of their last eight starts.

Antonelli was in trouble only twice, in the fifth inning when Del Ennis and Willie Jones hit bases-empty home runs and in the ninth when doubles by Bobby Morgan and Del Ennis and a single by Ted Kazanski produced one more run.

It was his first complete game for Antonelli since July 28. He has failed to last in three starts since then.

Pitcher Harm Wehmeier and Second Baseman Granny Hamner were tossed out of the contest in the third inning in an argument over Hofman's second homer. A fan reached out of the upper left field stands and caught the ball.

Third Base Umpire Augie Donatelli called it a ground rule double but was overruled by Plate Umpire Jocko Conlan. Mays was on first when it happened. The home run ruling meant two runs instead of two on base.

The Giants scored again in the fourth on a double by Ray Katt, a single by Davey Williams and a wild pitch. Their final tally came in the seventh. Mays beat out a roller for his fourth hit, Hofman singled him to third and Mays scored after a long fly by Katt.

Antonelli has lost three games, two of them to Philadelphia. The loss was Simmons' third to the Giants this season in three decisions.

The Giants pulled two full games ahead of the second place Brooklyn Dodgers who lost, 3-2, at Pittsburgh.

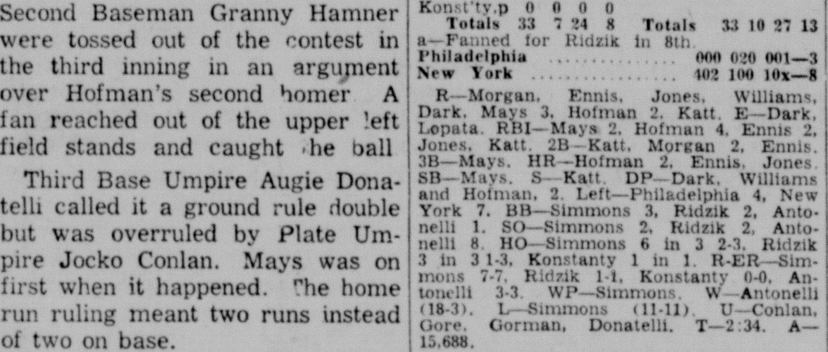
Mathews To Marry

SANTA BARBARA, Calif. (AP) — Eddie Mathews' mother said Tuesday the Milwaukee Braves third baseman plans to wed Virjean Lauby of Marshfield, Wis., sometime in October.

Mrs. Eloise Mathews said she is flying to Chicago this weekend to meet her son and then they will go to Milwaukee where she will meet her future daughter-in-law.



Mike Lee To Enter Lincoln High

A grin wider than a 95-yard touchdown run was spread across the beaming map of one William Pfeiff Tuesday.

Jerry Lee, Nebraska track coach, had just introduced his son Mike to Pfeiff with a comment: "He's all yours now."

Under the tutoring of Papa Lee, the 170-pound Mike won All-State honors at Grand Island last fall as a hard-driving fullback on offense and as a rugged end on defense. He was perhaps the state's best all-around prepper.

After Jerry was named track coach at Nebraska, Mike had to decide whether to take his senior year at Grand Island or transfer with the family to Lincoln. He decided to cast his lot with Bill Pfeiff at Lincoln High.

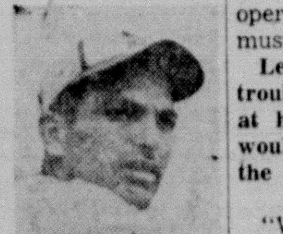
Coach Pfeiff isn't complaining, not a bit.

There have been some violent downhill skids in Western League history, yet Colorado Springs must head the list.

Remember the proud Sky Sox of 1953? Western League champions they were, a hustling crew that fairly exuded fire and ginger.

Yet only one short year later, here are the Sky Sox plumbing the very bottom of the Western League cellar, some 40 games off the pace.

The Sky Sox are on their third manager in one season (a league record) and may not be able financially to produce a team in 1955.



Gutteridge

They say the bitterness among the fans in Colorado Springs hits a new low for a Western League city. The fans boo Sky Sox players and cheer lustily for the enemy.

Eddie Stewart, one of the men of baseball, finally could not take it any longer. When the fans were giving his players a lashing Sunday, Eddie lost his temper and lashed back.

The result—exit Mr. Stewart, enter Al Jacinto, all 5-foot 4-inches of him, as the new skipper.

Like any pennant-winning city, the Colorado Springs citizenry probably built hopes too high for the 1954 team. You simply can't lose such greats as Catcher Sam Hairston without hurting.

Don Gutteridge, the old Lincoln favorite of Landis Field, told The Firing Line he "got out just in time." After piloting the Sky Sox to the 1953 pennant, Don moved up to Memphis of the Southern Association.

"A good season can really hurt a manager much more than just an average year," Gutteridge told your agent. "If you don't win the pennant, but finish somewhere respectable, they at least give you a chance. If you win, they expect another one."

Frankly, speaking unofficially for the Lincoln Chiefs, were sticking with Socrates.

Remember Socrates? He never could hit a lick, was a sucker for a high curve. Spent all his time writing philosophy.

HE said: "If all our misfortunes were laid in one common heap, whence everyone must take an equal portion, most persons would be contented to take their own and depart."

Such focal points as Sioux City, Colorado Springs and Wichita are on the financial shoals. If they operate in 1955, some miracles must be forthcoming.

Let us simply take the Chiefs' troubles and depart. Charity starts at home, you know, and Lincoln would not be home at all without the Chiefs.

"We must rebuild our line and pass defense if we expect to get anywhere this season."

It was Bud Wilkinson, the Oklahoma football master, talking the other day down in Soonerland.

Remember what Bud said at this time a year ago?

"This is going to be our building year," said Bud. "All ofour veteran personnel has graduated and we will be at the foundation. If we win half our games, we will be very lucky."

The Sooners merely wound up fourth in the nation and whipped the No. 1 team, Maryland, in the Orange Bowl.

This all adds up to one pertinent point: That Oklahoma is nursing a barn-burner this term.

You never keep these grand old boys of sportdom down.

Our old running mate, Charley MacAhan, is in town visiting at the John Mulligan residence. Charley, veteran observer of Nebraska sports, has been on the Oklahoma and New York scene in recent years.

"It's good to be back with the Cornhuskers," says Charley.

He was surprised to hear that a young sprout named Carl Myer, 62, had walloped a home run and picked up a walk in playing four innings of the Shrine game Sunday. Carl is well-known in Lincoln baseball circles as a member of the old Varsity Cleaner teams and many others.

Indians Rally In 9th, Clip Detroit 4-3

CLEVELAND (AP)—The Cleveland Indians came from a run behind in the ninth inning Tuesday night and beat the Detroit Tigers 4-3 on Bobby Avila's single with the bases loaded. The victory was the seventh in a row for the Tribe and the eighth triumph by pitcher Bob Lemon in the last four weeks.

The Indians thus maintained their margin of three full games over the second-place New York Yankees.

Dale Mitchell started the winning rally with a pinch single, and singles by pinch hitter Dave Philley and Lemon drove home the tying run. Al Smith was purposely walked to fill the bases. Then Avila slapped a single to right to bring Philley home with the deciding run.

Surkont Masters Flock; Bucs Sizzle

PITTSBURGH (AP)—Crafty Maxie Surkont pitched the last-place Pittsburgh Pirates to a 4-2 victory over the second-place Brooklyn Dodgers Tuesday night, for the fifth consecutive Pirate win. The defeat dropped the Dodgers two games back of the New York York Giants who walloped the Philadelphia Phillies 8-3.

Omaha-Denver Game Decides Sectional

GRAND JUNCTION, Colo. (AP)—Denver used 17 hits, including six doubles, to batter Worland, Wyo., 17-1 Tuesday night to gain the finals of the Region 10 Junior American Legion softball tournament.

Once-beaten Denver will meet Omaha in a single game Wednesday night. Should the Nebraskans win, they will represent the region in the sectional meet at Hastings, Neb., Aug. 22.

Old Man Football Is Around The Corner

Ushering in the football season at Wilber is Randall Charles Pospisil, son of County Treasurer and Mrs. Stanley Pospisil. Young Randall is only 18 months old, but already can boot the pigskin.

Bush Gives Basketball Lecture Today

Faurot, Pfeiff Feature Grid Talks

By BILL FITZGERALD
Star Sports Staff Member

High school coaches attending the Nebraska Coaching School on the campus concentrated on footfall Tuesday as Don Faurot of the University of Missouri delivered his final lecture.

Coach Faurot discussed defense and various offensive formations.

Coach Bill Pfeiff of Lincoln High spoke on signal systems, play series,, practice methods and drills.

Mike Milligan of the Nebraska staff lectured on line play.

"The Athletic Training Program and Treatment of Injuries" was the topic of a lecture by Drs. Sam Fuenning, Frank Stone and Paul Goetowski of the University of Nebraska and Paul Schneider, head trainer for Cornhusker sports.

Basketball will be emphasized today when Jerry Bush, the new Nebraska coach, narrates on training films and discusses principles of offense and man-for-man defense. Basketball rules and films of the highlights of the sport last year will be presented in the evening.

The Wednesday schedule in Social Science Auditorium:

8 a.m.-9:30—Nebraska training films with explanation by Jerry Bush; 9:30-11—Taping film and demonstration of taping procedure by training staff; 11-12—Principles of Nebraska offense and defense by Bush.

1:30 p.m.-2:30—Offense and defense by Bush; 2:30-5:30—Drills for developing offense and defense in six-man football by Don Stroh; 7:30 p.m.-9 p.m.—Basketball rules in color, "King Basketball" and "Hilights of 1953-54."

A New Link In The Chain

Mike Lee (right), Grand Island High's gift to Lincoln High's football ranks, shakes hands with his new coach, Bill Pfeiff, of the Links. For complete details, see The Firing Line at the left. (Star Photo.)

Buc Owners Sink $250,000 More In Last-Place Club

PITTSBURGH (AP)—John Galbreath of Columbus, Ohio, multi-millionaire president and top stockholder of the Pittsburgh Pirates, said Tuesday more money has been invested in the club "in the past 24 hours."

Although he didn't say how much, sources close to the club indicated it was about $250,000.

Galbreath said the money had been put up by himself, Tom Johnson, Pittsburgh attorney who is vice president and secretary of the club, Branch Rickey, Pirate general manager, and Galbreath's son, Dan, and his daughter, Joan Galbreath Phillips.

Rickey, who announced a short time ago he is quitting as general manager when his contract expires next November, reportedly had $200,000 invested in the club prior to the latest deal.

Galbreath didn't discuss the club's finances any further. However, in a recent copyrighted series of articles, Al Abrams, sports editor of the Pittsburgh Post-Gazette, said the club has lost about $1,850,000 in the past five years.

Galbreath said he is sorry to learn of Rickey's plans to retire as general manager, saying no thought has been given to a succesor, Galbreath added:

Rickey's contract is for five years and an additional five in an advisory capacity.

"I personally would like him to continue at least one year beyond 1955 as the active general manager. For one thing, I don't believe Rickey can be inactive. He has never mentioned anyone as a possible successor, nor have I given it any thought."

Galbreath also said that Bing Crosby, one of the Pirate stockholders, has never been asked for financial aid by the Pirates since his original investment in 1947. The Pirate owner said he had received a telegram from Crosby denying that he had ever said he didn't approve of Rickey's policies.

To the contrary, Galbreath added, the telegram said Crosby was in complete accord with Rickey.

JC Novice Swim Meet Set Tonight

One more event has been added to Lincoln's summer swimming program—a novice meet, sponsored by the Junior Chamber of Commerce, which is scheduled for 7 p.m. today at Muny Pool.

Competition will be in two age groups, midget and prep. Age limits are 11 for midget and 12-14 for prep swimmers. Only event winners in last Saturday's Sunday Journal and Star junior meet will be ineligible to compete in those events tonight.

A total of 16 events, including boys and girls events, are on the schedule.

Basilio Kayos Foe

FORT WAYNE, Ind. (AP)—Carmen Basilio of Canistota, N.Y., No. 1 contender for the welterweight title, lived up to his billing by stopping Ronnie Harper of Logan, W.Va., in the second round of a scheduled 10-round bout Tuesday night.

Anderson Leads In Albuquerque

Lincoln Star Special

ALBUQUERQUE, N. Mex. — Lee Anderson, Nebraska State High School golfing champion from Lincoln High, shot a 73 Tuesday in the second round of qualifying play in the National Jaycee Junior Golf Tournament.

His 79-73—152 led the scores of three Nebraska team members by at least 11 strokes.

Mike McCuistion of Lincoln, state Jaycee tournament winner, had 83-80—163. Matt Taber of Lincoln shot 83-81—164, and Carl Ellison of Columbus had 83-86—169.

Anderson, McCuistion and Taber all qualified for match play in the championship class. The low qualifying score was 145 by Davis Adams of Macon, Ga.

Omaha Girl Wins, Loses In National Tennis Meet

Pueblo Trips Chiefs In 12th

Roger Wright Goes Distance, Loses 6-5; McQuillan Homers

PUEBLO, Colo. (AP) — Willie Davis hit a booming double in the 12th inning to score Frank Jeffers and give Pueblo a 6-5 victory over Lincoln Tuesday night in the last meeting of the two Western League clubs here this season.

Red McQuillen

The winning blow came after Jim Gentile tied the score at 5-5 with a bases-empty homer in the fifth inning. The two clubs played scoreless ball until the 12th.

Puebo got off to a two-run lead in the first inning on singles by Fred Storck, Gentile and Davis, and two Lincoln errors.

Lincoln went ahead in the third by scoring all of its five runs. The inning featured a two-run homer by Manager and Rightfielder Glenn McQuillen.

Pueblo scored two more in its half of the third on singles again by Storck, Gentile and Davis.

Roger Wright went the distance for Lincoln, giving up only four earned runs and striking out nine.

Winning pitcher Jack Ceplo took over Pueblo's mound duties in the fourth with two men on base, and shut out the Chiefs the rest of the way

Autumn Approaching, But Almost Whole Month Of Play Left

Almost A Month Left

Nora Adams shows her two brothers, Robbie (left) and Hank, how there is nearly a month of vacation left this year. They can keep their bat and ball out for almost a whole extra week since school doors won't open until Sept. 13. Robbie will have his first introduction to school life as he enters Elliott School kindergarten. Hank will be in the first grade and Nora in third. They are the children of Mr. and Mrs. Herbert Adams of 3025 N. **(Star Photo).**

☆ ☆ ☆

August is drawing to a close. Autumn is approaching.

But there is no need for Lincoln kids to sing those "back to school blues" yet.

A fairy godmother, in the person of the Board of Education and the school calendar committee, have made them a present of a whole extra week of vacation this year.

When September first rolls around all public school children will still have nearly two weeks to enjoy summer fun. For the school doors won't open until Sept. 13 this year, nearly a week later than in previous years.

This means it will still be play time during the Labor Day weekend and State Fair week. There is still time for a long vacation with the folks or parties and picnics with the neighborhood gang.

Children attending Lutheran parochial school will also have the benefit of a long vacation since they will go back to the books also on Sept. 13.

However, Catholic parochial schools will open Aug. 30. But the kids get one break. Classes will be dismissed Sept. 6, Labor Day.

Indeed Lincoln kids really can pity those children in many places in the state who must give up their summer pleasures as early as Aug. 30.

Sheriff's Family 'Evicted' From WayneCourthouse

WEST POINT, Neb.— The threat of falling plaster and bricks has caused the sheriff and his family to voluntarily "evict" themselves from their quarters in the county courthouse.

The old courthouse is being torn down by wreckers preparatory to the construction of a new courthouse. The sheriff, Herman J. Heimann, and his family, have taken up temporary quarters in a local hotel.

The sheriff's quarters in the new courthouse will be the finest in the state, with a "penthouse" location on the roof, a picture window, modern fixtures and a half of the building's roof as a "sun deck."

Alliance Jaycee Picnic

ALLIANCE, Neb.—The annual Junior Chamber of Commerce picnic will be held here Sunday, Aug. 29, at the Chadron State Park. The picnic was originally scheduled for Aug. 22. Steaks will be served.

Dr. Mullinix New Peru School Head

PERU, Neb. — Dr. Floyd L. Mullinix has been named head of the division of education and will direct the activities of T. J. Majors Training School at Peru State College.

The appointment, effective Sept. 1, was announced by Dr. Neal Goman, school president.

Dr. Mullinix, who received his doctor's degree from the University of Missouri in 1952, will succeed Dr. Leo Eastman. Dr. Eastman has accepted an Illinois position.

Dr. Mullinix has just returned from two years of active duty with the Navy in Japan.

McCullough, Pollet Lead Cub Sweep Over Reds

Chicago Snaps 10-Game Loss Streak; Sauer Gets No. 33, Kiner No. 19

CHICAGO (AP)—Catcher Clyde McCullough hit his first grand slam homer in his 14-year major league career to spark the Chicago Cubs to a 6-1 victory over Cincinnati in the second game of a double-header Tuesday. Veteran Howie Pollet blanked the Redlegs on five hits to win the opener, 5-0.

The opening conquest snapped a 10-game Cub losing streak. The doubleheader victory was their third of 20 played so far this season and came after a string of 17 Chicago losses in 21 road games.

McCullough's homer, off loser Bud Podbielan, was his second of the season—first since opening day at St. Louis. Paul Minier, posting his 10th triumph to become the Cubs' winningest pitcher, stopped the Redlegs on six hits, four by Bobby Adams.

In balancing his record at 7-7 for the season, the veteran Pollet fanned eight Redlegs and walked only one. It was the 10th loss for starter Corky Valentine.

The Cubs, returning for an 18-game home stand after losing 17 of their past 21 on the road, clubbed Valentine for 12 of their 15 hits before Corky finally exited with none out in the sixth.

Skowron's Grand Slam Just Gravy

PHILADELPHIA (AP)—Pinch hitter Bill Skowron hit a grand slam home run Tuesday night in the top of the ninth inning to climax an easy 11-1 victory for the New York Yankees over the Philadelphia Athletics.

Righthander Harry Byrd set his former teammates down with well-scattered hits to win his eighth victory in 12 decisions.

The win, coupled with Cleveland's 4-3 decision over Detroit, left the world champions three games behind the Indians in the American League race.

The Yanks got to starter Arnold Portocarrero early in the first inning when they scored twice on doubles by Joe Collins and Yogi Berra and a run-producing single by Irv Noren.

Frazier Hits Pinch HR, Beats Braves

MILWAUKEE (AP) — Rookie Joe Frazier smashed a three-run pinch homer off Jim (No-Hit) Wilson, putting teeth into Brooks Lawrence's seven-hitter as the St. Louis Cardinals snapped Milwaukee's nine-game winning streak with a 4-1 triumph.

The loss, the Braves third in the last 23 games, cost them a full game in their chase of league-leading New York and dropped them 4½ games behind the Giants.

Frazier's homer, made while he was batting for Alex Grammas in the seventh, chased Wilson and put an end to his personal string of eight straight wins. The 385-foot blast into the rightfield bleachers was Frazier's third of the year, all in pinch hit roles.

Gil Returns To Welterweight Class

Turner Meets Andrews

CHICAGO (AP) — Gil Turner of Philadelphia, who had his chance at the welterweight title, and Al Andrews 10-rounder at the Chicago Stadium tonight.

Turner has scored 30 knockouts in 42 victories and has lost only 6 times, but one of those losses was a trimming by 147-pound king Kid Gavilan in a title match two years ago.

Andrews has won 28 bouts, lost 7 and fought 2 draws. Ranked as the No. 7 welterweight, Andrews gained TV prominence with two victories over Chuck Davey whom he once served as sparring partner.

Turner had won 31 straight before running out of gas against Gavilan. That was his first professional loss and it prompted him to move into the middleweight ranks.

In the 160-pound bracket, Turner lost to Bobby Dykes, Bobby Jones and Rocky Castellani, but he defeated Pierre Langlois, who nudged Joey Giardello out of the middleweight title picture.

"I'm coming back to the welterweight class now," Turner said today. "That's my natural division. The middleweights were too strong and heavy for me. Besides, Gavilan is past his peak and ready to be taken now."

Andrews, a pretty fair accordion player and one-time Fifth Army champion, hopes to make Turner a stepping stone to a return match with Carmen Basilio, No. 1 claimant to Gavilan's title.

Since twice whipping Davey, Andrews' most notable performances include a draw with Joe Micelli and victories over Joey Klein and Sauvieur Chiocca.

Neil Unterseher In K.C. Net Win

Lincoln Star Special

KANSAS CITY, Mo.—Neil Unterseher of Lincoln fell before Mike Redpath of Kansas City in the Boys Singles finals of the Kansas City Open Tennis Tournament but he teamed with his conqueror and won the doubles title.

Underseher lost to Redman, 3-6, 6-4, 6-1.

Unterseher and Redman stopped Nick Holm and Larry Deever of Kansas City, 6-0, 6-1, in doubles semifinals. They defeated Steve Prosser of Kansas City and Pete Woodward of Topeka in the finals, 6-4, 7-5.

Elaine Unterseher lost in Women's Singles to Susie Seibert of Kansas City, 2-6, 1-6.

Soos, Bruins Split

DES MOINES (AP)—Des Moines and Sioux City traded shutouts in a doubleheader Tuesday night with the Soos taking the nightcap, 2-0, after being blanked in the 12-inning opener, 1-0.

Anderson Leads Omaha Victory

COLORADO SPRINGS (AP)—Floyd Melliere and Jack Shirley combined Tuesday night to stop Colorado Springs on seven hits as the Omaha Cardinals took a 5-2 decision from the cellar dwelling Sky Sox.

Manager Andy Anderson led the Cards' attack with a pair of singles, which drove in three of the five Omaha runs.

Anderson's second single was a timely safety in the third, and came with the bases loaded.

Colorado Springs scored in the first inning off Shirley when Al Jacinto doubled in Bill Ley, who had singled and stolen second.

Guinup Continues Streak With Five More Wins

By RON GIBSON
Star Sports Staff Member

Jockey Charles Guinup continued his red-hot riding streak at the Fairgrounds Tuesday, chalking up five wins in seven rides to make a total of nine wins out of 12 tries in two straight days.

Guinup was aboard four winners Monday, and went right on booting them home Tuesday. His only unsuccessful mounts were Hydromatic in the second race and Ancess in the long eighth.

Guinup was up on Swanee Boy, a strong winner in the first. He got long-shot Julia Lynn home first in a photo finish in the short third. Double Boots, his mount in the fourth, had a length the better of Witch Maid.

In the fifth, Guinup's horse Last Leap was an easy winner. And he ended his Tuesday string of winners in the six-and-one-half furlong sixth with Lee Loy, a two-length victor over Honor Him.

The veteran rider didn't have a mount in the feature seventh, which went to G. B. Campbell's Station Agent. Station Agent covered the mile and one furlong in 2:06 on the heavy track, and beat Art Knight's Dashing Boy by a neck after forging a big lead in the back stretch.

Grand Island School Workshop Starts Aug. 30

GRAND ISLAND, Neb. — The annual workshop for Grand Island school teachers will open Aug. 30 and continue through the week.

Highlights of the week include a business-education day, which was successfully inaugurated last year; a day-long discussion of various aspects of the physical education program; and talks by visiting experts and panel discussions.

Mrs. Martha Green is serving as chairman of this year's workshop assisted by Willa Scudder, E. A. Toft, Mrs. Viola Deibler, E. E. Werner, Alton Kienker, Lorraine Lewis, Helen Kellogg, Mrs. Ethel Howell, Verneil Griffin, E. E. Carstens, W. A. Shafter, Delwyn Lindholm, Joyce Geddes, Robert Gregory, Mrs. Beulah Swisher, Mrs. Dorothy Conway and Donald Duryea.

Workshop leaders will include Dr. Walter K. Beggs, Dr. Paul Meadows, Dr. Richard Videbeck and Dr. F. E. Henzlik, all of the University of Nebraska, Dr. R. F. Patterson of the University of South Dakota; Dr. Delbert Oberteuffer of Ohio State University; Dr. Leo P. Black, Dr. Edith S. Greer and Dr. Floyd Miller, all of the state department of public instruction and Mrs. Billie Davis of Springfield, Mo., a Sunday school writer.

Schools in Grand Island are scheduled to open Sept. 7.

Oshkosh Jamboree To Feature Barbecue

OSHKOSH, Neb.—A big barbecue will be one of the features of the Oshkosh Jamboree, to be held Aug. 24.

In charge of the barbecue will be Jack Shelton, who has been putting on barbecues for 23 years.

"The secret of good barbecueing," Shelton says, "is patience. It takes just as long to cook 5 pounds as 500."

Viet-Nam Reported Crumbling

Reds Moving Toward 'Peaceful' Seizure

PARIS (INS) — Dispatches from French correspondents — smuggled past rigid censorship — paint a grim picture of rapid disintegration of the authority of the free government of Viet-Nam.

The reports from Saigon indicate the Communist-led Viet-minh were moving toward "peaceful" seizure of power in the area that had been intended as an Asian anti-Communist bastion.

The Red-led Viet-Minh, who were given the northern half of the country at the Geneva conference, were reported to be using as part of their campaign even the French policy of seeking working relations with Communist leader Ho Chi Minh.

The dispatches spoke of rigid disintegration of Viet-Nam Premier Ngo Dinh Diem's authority.

French officials at Paris declined comment. But they admitted privately that the situation is deteriorating with daily increases of desertions of the Viet-Namese national army.

The Viet-Namese government is reported almost totally powerless except within the city of Saigon.

The correspondent for the French newspaper, "Le Monde," said the Communists are setting up a parallel Viet-Minh administration to the existing Viet-Namese authorities. Viet - Minh courts are already operating at Mytho, 12 miles south of Saigon, and in other cities like Cocong and Baclieu.

. . **Viet-Minh propagandists were claiming the Communists would occupy Saigon itself within six months. The Reds are busily organizing a "popular movement" designed to make the elections next year superfluous.**

Under the agreement reached recently at the Geneva conference on Far Eastern affairs, Viet-Nam was divided at about its middle, on the 17th parallel. The agreement called for all-Vietnam elections to unify the country.

French Premier Pierre Mendes-France, who negotiated the Geneva agreement, has appointed Jean Saiteny French commissioner to north Viet-Nam. Saiteny first contacted Ho Chi Minh in 1945 at the end of World War II.

Red-Hot Pirates Have Learned To Relax Says Skipper Fred Haney

By JOE BRADIS

PITTSBURGH (AP) — Fred Haney says his Pittsburgh Pirates now know how to relax and "that's why we're winning ball games."

The red-hot Pirates, cellar dwellers of the National League, boast 8 victories in the last 10 games and 12 in 17—the best mark of any Pittsburgh club since 1949.

"We've just reached the right mental point," commented Haney Tuesday. "But it's nothing new. We had it in spring training but lost it once the season started.

"Youngsters like Jerry Lynch and Bob Skinner murdered the ball in spring training. Jack Shepard, Dick Hall and Gair Allie also looked good.

"What happened?" it's the same old story. Stage fright. But the kids are finally learning to relax. I thought in spring training we had the most improved club of any in the league.

"And we're a lot better club than some give us credit. How many games did we get good pitching and no hitting, or good hitting and no pitching?

"Now we're getting both. The combination of the two will win ball games for any club and that's why we're winning. I hope it continues."

In the current winning streak, the Pirates knocked off the Philadelphia Phillies four straight and tied 6-6 in the final game of the series.

The Pirates could be a determining factor in the National League race. Twenty of the remaining 38 games are with first division teams. This includes 10 games with the Brooklyn Dodgers and three with the New York Giants.

"I have no visions of getting out of the cellar," concluded Haney. "But that doesn't mean we're not going to try. The season's still got a long way to go and we hope to improve.

"I'm just happy for the youngsters. It's been a long, tough grind for them. They're getting extra base knocks and the pitching is good."

Someone well acquainted with Haney interrupted the conversation at this point to offer the fiery Pirate's skipper congratulations on the team's showing.

"Yeah," grumbled outfielder Sid Gordon who was standing by. "It's about time somebody gave the little guy some credit. He really deserves it."

Bob Hofman Homers Twice, Giants Win

Brooklyn Loses Ground, Bows To Surprising Pirates; American League Race Unchanged As Leaders Win

NEW YORK (AP)—Reserve infielder Bobby Hofman hit two home runs and Willie Mays smashed four straight hits Tuesday night as the league-leading New York Giants whipped the Philadelphia Phillies 8-3 for Johnny Antonelli's 18th victory.

The Giants jumped on Curt Simmons for four runs in the first inning on a two-run triple by Mays and a two-run homer by Hofman and went on to break a three-game losing streak. The Giants had lost seven of their last eight starts.

Antonelli was in trouble only twice, in the fifth inning when Del Ennis and Willie Jones hit bases-empty home runs and in the ninth when doubles by Bobby Morgan and Del Ennis and a single by Ted Kazanski produced one more run.

It was his first complete game for Antonelli since July 28. He has failed to last in three starts since then.

Pitcher Harm Wehmeier and Second Baseman Granny Hamner were tossed out of the contest in the third inning in an argument over Hofman's second homer. A fan reached out of the upper left field stands and caught the ball

Third Base Umpire Augie Donatelli called it a ground rule double but was overruled by Plate Umpire Jocko Conlan. Mays was on first when it happened. The home run ruling meant two runs instead of two on base.

The Giants scored again in the fourth on a double by Ray Katt, a single by Davey Williams and a wild pitch. Their final tally came in the seventh. Mays beat out a roller for his fourth hit, Hofman singled him to third and Mays scored after a long fly by Katt.

Antonelli has lost three games, two of them to Philadelphia. The loss was Simmons' third to the Giants this season in three decisions.

The Giants pulled two full games ahead of the second place Brooklyn Dodgers who lost, 3-2, at Pittsburgh.

Mathews To Marry

SANTA BARBARA, Calif. (AP) — Eddie Mathews' mother said Tuesday the Milwaukee Braves third baseman plans to wed Virjean Lauby of Marshfield, Wis., sometime in October.

Mrs. Eloise Mathews said she is flying to Chicago this weekend to meet her son and then they will go to Milwaukee where she will meet her future daughter-in-law.

Indians Rally In 9th, Clip Detroit 4-3

CLEVELAND (AP)—The Cleveland Indians came from a run behind in the ninth inning Tuesday night and beat the Detroit Tigers 4-3 on Bobby Avila's single with the bases loaded. The victory was the seventh in a row for the Tribe and the eighth triumph by pitcher Bob Lemon in the last four weeks.

The Indians thus maintained their margin of three full games over the second-place New York Yankees.

Dale Mitchell started the winning rally with a pinch single, and singles by pinch hitter Dave Philley and Lemon drove home the tying run. Al Smith was purposely walked to fill the bases. Then Avila slapped a single to right to bring Philley home with the deciding run.

Mike Lee To Enter Lincoln High

A grin wider than a 95-yard touchdown run was spread across the beaming map of one William Pfeiff Tuesday.

Jerry Lee, Nebraska track coach, had just introduced his son Mike to Pfeiff with a comment: "He's all yours now."

Under the tutoring of Papa Lee, the 170-pound Mike won All-State honors at Grand Island last fall as a hard-driving fullback on offense and as a rugged end on defense. He was perhaps the state's best all-around prepper.

After Jerry was named track coach at Nebraska, Mike had to decide whether to take his senior year at Grand Island or transfer with the family to Lincoln. He decided to cast his lot with Bill Pfeiff at Lincoln High.

Coach Pfeiff isn't complaining, not a bit.

There have been some violent downhill skids in Western League history, yet Colorado Springs must head the list.

Remember the proud Sky Sox of 1953? Western League champions they were, a hustling crew that fairly exuded fire and ginger.

Yet only one short year later, here are the Sky Sox plumbing the very bottom of the Western League cellar, some 40 games off the pace.

Gutteridge

The Sky Sox are on their third manager in one season (a league record) and may not be able financially to produce a team in 1955.

They say the bitterness among the fans in Colorado Springs hits a new low for a Western League city. The fans boo Sky Sox players and cheer lustily for the enemy.

Eddie Stewart, one of the men of baseball, finally could not take it any longer. When the fans were giving his players a lashing Sunday, Eddie lost his temper and lashed back.

The result—exit Mr. Stewart, enter Al Jacinto, all 5-foot 4-inches of him, as the new skipper.

Like any pennant-winning city, the Colorado Springs citizenry probably built hopes too high for the 1954 team. You simply can't lose such greats as Catcher Sam Hairston without hurting.

Don Gutteridge, the old Lincoln favorite of Landis Field, told The Firing Line he "got out just in time." After piloting the Sky Sox to the 1953 pennant, Don moved up to Memphis of the Southern Association.

"A good season can really hurt a manager much more than just an average year," Gutteridge told your agent. "If you don't win the pennant, but finish somewhere respectable, they at least give you a chance. If you win, they expect another one."

Frankly, speaking unofficially for the Lincoln Chiefs, were sticking with Socrates.

Remember Socrates? He never could hit a lick, was a sucker for a high curve. Spent all his time writing philosophy.

HE said: "If all our misfortunes were laid in one common heap, whence everyone must take an equal portion, most persons would be contented to take their own and depart."

Such focal points as Sioux City, Colorado Springs and Wichita are on the financial shoals. If they operate in 1955, some miracles must be forthcoming.

Let us simply take the Chiefs' troubles and depart. Charity starts at home, you know, and Lincoln would not be home at all without the Chiefs.

"We must rebuild our line and pass defense if we expect to get anywhere this season."

It was Bud Wilkinson, the Oklahoma football master, talking the other day down in Soonerland.

Remember what Bud said at this time a year ago?

"This is going to be our building year," said Bud. "All cfour veteran personnel has graduated and we will be at the foundation. If we win half our games, we will be very lucky."

The Sooners merely wound up fourth in the nation and whipped the No. 1 team, Maryland, in the Orange Bowl.

This all adds up to one pertinent point: That Oklahoma is nursing a barn-burner this term.

You never keep these grand old boys of sportdom down.

Our old running mate, Charley MacAhan, is in town visiting at the John Mulligan residence. Charley, veteran observer of Nebraska sports, has been on the Oklahoma and New York scene in recent years.

"It's good to be back with the Cornhuskers," says Charley.

He was surprised to hear that a young sprout named Carl Myer, 62, had walloped a home run and picked up a walk in playing four innings of the Shrine game Sunday. Carl is well-known in Lincoln baseball circles as a member of the old Varsity Cleaner teams and many others.

Red Sox Stave Off Washington Rally

WASHINGTON (AP) — The Boston Red Sox survived a ninth inning rally to defeat Washington 4-3 Tuesday night. Frank Sullivan, who needed help from Sid Hudson in the ninth to put down a threat by the Senators, registered his 10th win at Chuck Stobbs' expense.

Surkont Masters Flock; Bucs Sizzle

PITTSBURGH (AP)—Crafty Maxie Surkont pitched the last-place Pittsburgh Pirates to a 4-2 victory over the second-place Brooklyn Dodgers Tuesday night, for the fifth consecutive Pirate win. The defeat dropped the Dodgers two games back of the New York York Giants who walloped the Philadelphia Phillies 8-3.

Omaha-Denver Game Decides Sectional

GRAND JUNCTION, Colo. (AP)—Denver used 17 hits, including six doubles, to batter Worland, Wyo., 17-1 Tuesday night to gain the finals of the Region 10 Junior American Legion softball tournament.

Once-beaten Denver will meet Omaha in a single game Wednesday night. Should the Nebraskans win, they will represent the region in the sectional meet at Hastings, Neb., Aug. 22.

Old Man Football Is Around The Corner

Ushering in the football season at Wilber is Randall Charles Pospisil, son of County Treasurer and Mrs. Stanley Pospisil. Young Randall is only 18 months old, but already can boot the pigskin.

Bush Gives Basketball Lecture Today

Faurot, Pfeiff Feature Grid Talks

By BILL FITZGERALD
Star Sports Staff Member

High school coaches attending the Nebraska Coaching School on the campus concentrated on football Tuesday as Don Faurot of the University of Missouri delivered his final lecture.

Coach Faurot discussed defense and various offensive formations.

Coach Bill Pfeiff of Lincoln High spoke on signal systems, play series, practice methods and drills.

Mike Milligan of the Nebraska staff lectured on line play.

"The Athletic Training Program and Treatment of Injuries" was the topic of a lecture by Drs. Sam Fuenning, Frank Stone and Paul Goetowski of the University of Nebraska and Paul Schneider, head trainer for Cornhusker sports.

Basketball will be emphasized today when Jerry Bush, the new Nebraska coach, narrates on training films and discusses principles of offense and man-for-man defense. Basketball rules and films of the highlights of the sport last year will be presented in the evening.

The Wednesday schedule in Social Science Auditorium:

8 a.m.-9:30—Nebraska training films with explanation by Jerry Bush; 9:30-11—Taping film and demonstration of taping procedure by training staff; 11-12—Principles of Nebraska offense and defense by Bush.

1:30 p.m.-2:30—Offense and defense by Bush; 2:30-5:30—Drills for developing offense and defense in six-man football by Don Stroh; 7:30 p.m.-9 p.m.—Basketball rules in color, "King Basketball" and "Hilights of 1953-54."

A New Link In The Chain

Mike Lee (right), Grand Island High's gift to Lincoln High's football ranks, shakes hands with his new coach, Bill Pfeiff, of the Links. For complete details, see The Firing Line at the left. (Star Photo.)

Buc Owners Sink $250,000 More In Last-Place Club

PITTSBURGH (AP)—John Galbreath of Columbus, Ohio, multi-millionaire president and top stockholder of the Pittsburgh Pirates, said Tuesday more money has been invested in the club "in the past 24 hours."

Although he didn't say how much, sources close to the club indicated it was about $250,000.

Galbreath said the money had been put up by himself, Tom Johnson, Pittsburgh attorney who is vice president and secretary of the club, Branch Rickey, Pirate general manager, and Galbreath's son, Dan, and his daughter, Joan Galbreath Phillips.

Rickey, who announced a short time ago he is quitting as general manager when his contract expires next November, reportedly had $200,000 invested in the club prior to the latest deal.

Galbreath didn't discuss the club's finances any further. However, in a recent copyrighted series of articles, Al Abrams, sports editor of the Pittsburgh Post-Gazette, said the club has lost about $1,850,000 in the past five years.

Galbreath said he is sorry to learn of Rickey's plans to retire as general manager, saying no thought has been given to a succesor. Galbreath added:

Rickey's contract is for five years and an additional five in an advisory capacity.

"I personally would like him to continue at least one year beyond 1955 as the active general manager. For one thing, I don't believe Rickey can be inactive. He has never mentioned anyone as a possible successor, nor have I given it any thought."

Galbreath also said that Bing Crosby, one of the Pirate stockholders, has never been asked for financial aid by the Pirates since his original investment in 1947. The Pirate owner said he had received a telegram from Crosby denying that he had ever said he didn't approve of Rickey's policies.

To the contrary, Galbreath added, the telegram said Crosby was in complete accord with Rickey.

JC Novice Swim Meet Set Tonight

One more event has been added to Lincoln's summer swimming program—a novice meet, sponsored by the Junior Chamber of Commerce, which is scheduled for 7 p.m. today at Muny Pool.

Competition will be in two age groups, midget and prep. Age limits are 11 for midget and 12-14 for prep swimmers. Only event winners in last Saturday's Sunday Journal and Star junior meet will be ineligible to compete in those events tonight.

A total of 16 events, including boys and girls events, are on the schedule.

Basilio Kayos Foe

FORT WAYNE, Ind. (AP)—Carmen Basilio of Canistota, N.Y., No. 1 contender for the welterweight title, lived up to his billing by stopping Ronnie Harper of Logan, W.Va., in the second round of a scheduled 10-round bout Tuesday night.

Anderson Leads In Albuquerque

Lincoln Star Special

ALBUQUERQUE, N. Mex. — **Lee Anderson, Nebraska State High School golfing champion from Lincoln High, shot a 73 Tuesday in the second round of qualifying play in the National Jaycee Junior Golf Tournament.**

His 79-73—152 led the scores of three Nebraska team members by at least 11 strokes.

Mike McCuistion of Lincoln, state Jaycee tournament winner, had 83-80—163. Matt Taber of Lincoln shot 83-81—164, and Carl Ellison of Columbus had 83-86—169.

Anderson, McCuistion and Taber all qualified for match play in the championship class. The low qualifying score was 145 by Davis Adams of Macon, Ga.

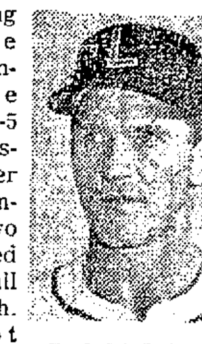
Omaha Girl Wins, Loses In National Tennis Meet

CHICAGO (AP)—Gladys Craven of Omaha won the opening round in the National Midget Girls Tennis Tournament here Tuesday, but she lost the second round.

Pueblo Trips Chiefs In 12th

Roger Wright Goes Distance, Loses 6-5; McQuillan Homers

PUEBLO, Colo. (AP) — Willie Davis hit a booming double in the 12th inning to score Frank Jeffers and give Pueblo a 6-5 victory over Lincoln Tuesday night in the last meeting of the two Western League clubs here this season.



Red McQuillen

The winning blow came after Jim Gentile tied the score at 5-5 with a bases-empty homer in the fifth inning. The two clubs played scoreless ball until the 12th.

Puebo got off to a two-run lead in the first inning on singles by Fred Storck, Gentile and Davis, and two Lincoln errors.

Lincoln went ahead in the third by scoring all of its five runs. The inning featured a two-run homer by Manager and Rightfielder Glenn McQuillen.

Pueblo scored two more in its half of the third on singles again by Storck, Gentile and Davis.

Roger Wright went the distance for Lincoln, giving up only four earned runs and striking out nine.

Winning pitcher Jack Ceplo took over Pueblo's mound duties in the fourth with two men on base, and shut out the Chiefs the rest of the way

Only Half Million Left Of $6 Million School Bond Issue

After three years, less than a half-million dollars in the Lincoln Public Schools' $6 million bond issue remains unspent or uncommitted to new buildings or construction.

David Sell, superintendent of business affairs, estimated $5,599,843 has now been committed in the building program under the bond issue which has been aimed at keeping pace with Lincoln's growing school-children population.

Remaining funds could easily be used up by two projects, uncommitted as yet but contemplated in the original program.

One is the Lincoln High School activities building costing an estimated $600,000 and the other, the Operation and Maintenance Building, programmed at $85,000.

Because of unexpected growth in several areas, some funds of the original bond issue have been diverted to more urgent projects.

Uncomtemplated at that time was the Eastridge Elementary School (preliminary plans underway) and the planned Pershing Elementary School at 49th and Benton, in the Home Builders' rental housing addition. The latter's estimated cost has been set at $270,000.

Most recent letting was the $111,029 addition to the Merle Beattie elementary school, which was built at a cost of $269,807 as one of the early projects of the building program.

Major project presently under construction and to be completed by September, 1955, is the Southeast High School, costing $1,745,291.

Millard Lefler Junior High, for which the classroom units will be completed by September, 1955, is being constructed at a cost of $1,151,500.

Others under construction are the Northeast High School addition, to be partially complete for this school year, $596,164, and the Bethany school addition, $197,690, to be completed next year.

Other Major Units

In addition to the original Merle Beattie school, these major units have been completed under the bond-building program:

Hartley addition, $207,944; Hawthorne school addition, $135,436; Holmes Elementary addition, $334,921; Randolph addition, $139,593; Riley addition, $101,603; and Sheridan School addition, $213,992; and West Huntington (Jackson school), $111,471.

Included in lesser sums spent for urgently-needed classroom space were the pre-fabricated units for College View, $35,797, and for the Northeast Child Center, $17,339.

Squeezing all contemplated units into the remaining bond funds present a formidable problem to the Board of Education.

Something could be sacrificed—such as the operation and maintenance building. It is needed, but not as much as classroom untis.

Another possible solution is to stretch the remaining funds over all units with some aid from the fund levied for capitol improvements.

Another aid could be possible federal aid funds in connection with the impact of Lincoln Air Force Base on the city.

Beatrice Mayor Gets Gavel

Mayor Allen Davison of Beatrice (seated) is shown receiving a gavel and plaque from Council Lou Bates at a council meeting. The plaque conveyed the best wishes of the council. It also pointed out that Davison was Beatrice's first mayor under the new mayor-council form of government. Miss Dorothy Betten, secretary, is seated by the mayor. (Star Staff Photo.)

Appreciation Missing

DETROIT (AP) — After pleading guilty to a drunk driving charge in Traffic Court Frank Serafinski was told by a prosecutor: "You appreciate that by pleading guilty you may go to jail and lose your driving privilege?" "I understand what you mean," Serafinski replied, "but don't think for a minute that I appreciate it."

McCullough, Pollet Lead Cub Sweep Over Reds

Chicago Snaps 10-Game Loss Streak; Sauer Gets No. 33, Kiner No. 19

CHICAGO (AP)—Catcher Clyde McCullough hit his first grand slam homer in his 14-year major league career to spark the Chicago Cubs to a 6-1 victory over Cincinnati in the second game of a double-header Tuesday. Veteran Howie Pollet blanked the Redlegs on five hits to win the opener, 5-0.

The opening conquest snapped a 10-game Cub losing streak. The doubleheader victory was their third of 20 played so far this season and came after a string of 17 Chicago losses in 21 road games.

McCullough's homer, off loser Bud Podbielan, was his second of the season—first since opening day at St. Louis. Paul Minier, posting his 10th triumph to become the Cubs' winningest pitcher, stopped the Redlegs on six hits, four by Bobby Adams.

In balancing his record at 7-7 for the season, the veteran Pollet fanned eight Redlegs and walked only one. It was the 10th loss for starter Corky Valentine.

The Cubs, returning for an 18-game home stand after losing 17 of their past 21 on the road, clubbed Valentine for 12 of their 15 hits before Corky finally exited with none out in the sixth.

Skowron's Grand Slam Just Gravy

PHILADELPHIA (AP)—Pinch hitter Bill Skowron hit a grand slam home run Tuesday night in the top of the ninth inning to climax an easy 11-1 victory for the New York Yankees over the Philadelphia Athletics.

Righthander Harry Byrd set his former teammates down with well-scattered hits to win his eighth victory in 12 decisions.

The win, coupled with Cleveland's 4-3 decision over Detroit, left the world champions three games behind the Indians in the American League race.

The Yanks got to starter Arnold Portocarrero early in the first inning when they scored twice on doubles by Joe Collins and Yogi Berra and a run-producing single by Irv Noren.

Frazier Hits Pinch HR, Beats Braves

MILWAUKEE (AP)—Rookie Joe Frazier smashed a three-run pinch homer off Jim (No-Hit) Wilson, putting teeth into Brooks Lawrence's seven-hitter as the St. Louis Cardinals snapped Milwaukee's nine-game winning streak with a 4-1 triumph.

The loss, the Braves third in the last 23 games, cost them a full game in their chase of league-leading New York and dropped them 4½ games behind the Giants.

Frazier's homer, made while he was batting for Alex Grammas in the seventh, chased Wilson and put an end to his personal string of eight straight wins. The 385-foot blast into the rightfield bleachers was Frazier's third of the year, all in pinch hit roles.

Gil Returns To Welterweight Class

Turner Meets Andrews

CHICAGO (AP)—Gil Turner of Philadelphia, who had his chance at the welterweight title, and Al Andrews 10-rounder at the Chicago Stadium tonight.

Turner has scored 30 knockouts in 42 victories and has lost only 6 times, but one of those losses was a trimming by 147-pound king Kid Gavilan in a title match two years ago.

Andrews has won 28 bouts, lost 7 and fought 2 draws. Ranked as the No. 7 welterweight, Andrews gained TV prominence with two victories over Chuck Davey whom he once served as sparring partner.

Turner had won 31 straight before running out of gas against Gavilan. That was his first professional loss and it prompted him to move into the middleweight ranks.

In the 160-pound bracket, Turner lost to Bobby Dykes, Bobby Jones and Rocky Castellani, but he defeated Pierre Langlois, who nudged Joey Giardello out of the middleweight title picture.

"I'm coming back to the welterweight class now," Turner said today. "That's my natural division. The middleweights were too strong and heavy for me. Besides, Gavilan is past his peak and ready to be taken now."

Andrews, a pretty fair accordion player and one-time Fifth Army champion, hopes to make Turner a stepping stone to a return match with Carmen Basilio, No. 1 claimant to Gavilan's title.

Since twice whipping Davey, Andrews' most notable performances include a draw with Joe Micelli and victories over Joey Klein and Sauvieur Chiocca.

Neil Unterseher In K.C. Net Win

Lincoln Star Special

KANSAS CITY, Mo.—Neil Unterseher of Lincoln fell before Mike Redpath of Kansas City in the Boys Singles finals of the Kansas City Open Tennis Tournament but he teamed with his conqueror and won the doubles title.

Underseher lost to Redman, 3-6, 6-4, 6-1.

Unterseher and Redman stopped Nick Holm and Larry Deever of Kansas City, 6-0, 6-1, in doubles semifinals. They defeated Steve Prosser of Kansas City and Pete Woodward of Topeka in the finals, 6-4, 7-5.

Elaine Unterseher lost in Women's Singles to Susie Seibert of Kansas City, 2-6, 1-6.

Soos, Bruins Split

DES MOINES (AP)—Des Moines and Sioux City traded shutouts in a doubleheader Tuesday night with the Soos taking the nightcap, 2-0, after being blanked in the 12-inning opener, 1-0.

Anderson Leads Omaha Victory

COLORADO SPRINGS (AP)—Floyd Melliere and Jack Shirley combined Tuesday night to stop Colorado Springs on seven hits as the Omaha Cardinals took a 5-2 decision from the cellar dwelling Sky Sox.

Manager Andy Anderson led the Cards' attack with a pair of singles, which drove in three of the five Omaha runs.

Anderson's second single was a timely safety in the third, and came with the bases loaded.

Colorado Springs scored in the first inning off Shirley when Al Jacinto doubled in Bill Ley, who had singled and stolen second.

Guinup Continues Streak With Five More Wins

By RON GIBSON
Star Sports Staff Member

Jockey Charles Guinup continued his red-hot riding streak at the Fairgrounds Tuesday, chalking up five wins in seven rides to make a total of nine wins out of 12 tries in two straight days.

Guinup was aboard four winners Monday, and went right on booting them home Tuesday. His only unsuccessful mounts were Hydromatic in the second race and Ancess in the long eighth.

Guinup was up on Swanee Boy, a strong winner in the first. He got long-shot Julia Lynn home first in a photo finish in the short third. Double Boots, his mount in the fourth, had a length the better of Witch Maid.

In the fifth, Guinup's horse Last Leap was an easy winner. And he ended his Tuesday string of winners in the six-and-one-half furlong sixth with Lee Loy, a two-length victor over Honor Him.

The veteran rider didn't have a mount in the feature seventh, which went to G. B. Campbell's Station Agent. Station Agent covered the mile and one furlong in 2:06 on the heavy track, and beat Art Knight's Dashing Boy by a neck after forging a big lead in the back stretch.

Viet-Nam Reported Crumbling

Reds Moving Toward 'Peaceful' Seizure

PARIS (INS) — Dispatches from French correspondents — smuggled past rigid censorship — paint a grim picture of rapid disintegration of the authority of the free government of Viet-Nam.

The reports from Saigon indicate the Communist-led Vietminh were moving toward "peaceful" seizure of power in the area that had been intended as an Asian anti-Communist bastion.

The Red-led Viet-Minh, who were given the northern half of the country at the Geneva conference, were reported to be using as part of their campaign even the French policy of seeking working relations with Communist leader Ho Chi Minh.

The dispatches spoke of rigid disintegration of Viet-Nam Premier Ngo Dinh Diem's authority.

French officials at Paris declined comment. But they admitted privately that the situation is deteriorating with daily increases of desertions of the Viet-Namese national army.

The Viet-Namese government is reported almost totally powerless except within the city of Saigon.

The correspondent for the French newspaper, "Le Monde,' said the Communists are setting up a parallel Viet-Minh administration to the existing Viet-Namese authorities. Viet - Minh courts are already operating at Mytho, 12 miles south of Saigon, and in other cities like Cocong and Baclieu.

..Viet-Minh propagandists were claiming the Communists would occupy Saigon itself within six months. The Reds are busily organizing a "popular movement" designed to make the elections next year superfluous.

Under the agreement reached recently at the Geneva conference on Far Eastern affairs, Viet-Nam was divided at about its middle, on the 17th parallel. The agreement called for all-Vietnam elections to unify the country.

French Premier Pierre Mendes-France, who negotiated the Geneva agreement, has appointed Jean Saiteny French commissioner to north Viet-Nam. Saiteny first contacted Ho Chi Minh in 1945 at the end of World War II.

Some Corn Regains Its Productive Value

Moisture, Low Temps Help Crop

A considerable acreage of Nebraska's corn crop has recovered from potential use only for silage to production for grain, the State-Federal Division of Agriculture Statistics reported in the weekly crop-weather report. However, some corn still will not make grain.

Lower temperatures, togeather with precipitation throughout most of the state except the southwest and northwest were responsible for the improved corn outlook, the weekly crop report said.

Some corn plants that were damaged by heat have now tasseled and ears are developing, the report continued.

Maturity Delayed

But with the development of the corn set back in this manner, maturity will be slightly later than usual.

"There is considerable late planted corn in the southeastern part of the state that is vulnerable to frost damage, if frost occurs about the normal date," the report added.

Hail caused some loss of acreage in the Platte Valley and south central counties.

Irrigated corn continues to show excellent prospects for high yields, and the dry land crop in the northeastern part of the state will be very good, the report commented.

Other comment:

Potatoes and dry beans on dry land are showing considerable deterioration in the northwestern part of the state, where precipitation has been light.

There has been some shortage of irrigation water to meet full requirements in the western portion, but the available water is being diverted to beets and beans wherever the shortage exists.

Beet Progress Good

Sugar beets continue to show excellent development.

Condition of all sorghums improved during the past week.

Fall seeding of legumes and grasses is getting under way in some counties, plowing of stubble fields and the last cultivation of summer fallow is progessing rapidly.

Recent moisture improved the prospects for an additional cutting of alfalfa and revived many pastures.

Livestock reflect the improved weather conditions and are making better gains as a result of additional pasture feed and lower temperatures.

Rainfall during the past week throughout Nebraska included:

Eastern Division			
Grand Island	.48	Norfolk	.15
Lincoln	.74	Omaha	1.00
Central Division			
Burwell	.04	North Platte	.15
Lexington	.83	Valentine	.88

GOP Planning Session Held

OMAHA (AP)—Top Republican candidates and state party leaders held a planning session in Omaha Tuesday, State Chairman William W. Spear reported.

Coordinated plans for the fall campaign were discussed, including a Republican caravan, use of various advertising media and visits by nationally prominent Republican officials during the campaign period.

Spear said another meeting of Republican Statehouse candidates will be held in Lincoln Aug. 28.

More Clouds, More Showers

The eastern states will have mostly clear skies on Wednesday. An area of cloudiness and scattered showers will prevail from the upper Mississippi valley and the western Great Lakes south to the lower Ohio valley. Widely scattered afternoon thunderstorms are due along the Gulf coast and in most of the Rockies. It will be cooler in the central Ohio Valley and warmer in the northwest quadrant of the country. Lutherans Hear Young Korean; Circuit Superintendents Named

SEWARD, Neb. (AP)—Delegates to the convention of the Northern Nebraska District of the Luthern Church-Missouri Synod Tuesday met a young Korean who was attracted to the Lutheran ministry by a Nebraska soldier.

The Korean is Wo Ji Kang, 24, who was brought to this country by the Zion Lutheran Church of Plainview, Neb., to train for the ministry. He was interested in the idea of becoming a minister by Bob Bendixen, a soldier who was a member of the Plainview church.

The synod meeting completed the last of its major elections Tuesday. Named as circuit visitors or superintendents:

Circuit 1, the Rev Melvin Meyer, Louisville; 2, the Rev. Ernest Eckhardt, Hooper; 3 the Rev. R. Hildebrand, Beemer; 4, the Rev. Henry Niermann, Laurel; 5, the Rev. Frank J. Rath, Battle Creek; 6, the Rev. E. Martens, Newman Grove; 7, the Rev. Walter Hartmann, Ainsworth; 8, the Rev. R. Ochs, Columbus; 9, the Rev. Robert Harms, Bridgeport; 10, the Rev. A. G. Johnson, Casper, Wyo., and 11, the Rev. A. J. Crosmer, Powell.

Officers of the group are the Rev. Walter E. Homann of Bancroft, president; the Rev. Oscar Decker of Battle Creek, first vice president; the Rev. A. C. Deke of Norfolk, second vice president; the Rev. Frederick Niedner of West Point, secretary of the executive board; and E. A. Luebke of West Point, member of the mission board.

The Rev. Deke presided at a service Tuesday in which five members of the synod were honored for 25 years service to the church.

They are:

The Rev. Ernest Dreyer, Mt. Calvary Lutheran Church, Omaha.

The Rev. Frank J. Rath, St. Peter Lutheran Church, Battle Creek

The Rev. A. J. Buehner, St. Matthew Lutheran Church, Meadow Grove.

The Rev. Walter Wilkens, institutional chaplain, Omaha.

Walter C. Firchaber, parochial school teacher at Immanual School Osmond, Neb.

Additional Circuits

SIDNEY, Neb. (AP)—The Northwestern Bell Telephone Co., is adding six more telephone circuits on the Sidney-Rapid City route, R. J. Miller, local telephone Company manager, reported. Two of the circuits will go from Sidney to Rapid City, two from Rapid City to Denver, and two from Rapid City to Casper, Wyo.

Talmage Buys Rail Bridge As Flood Aid

Lincoln Star Special

TALMAGE, Neb.—In an effort to protect a highway bridge from flood waters, the Talmage Chamber of Commerce has purchased an abandoned Missouri Pacific railroad bridge for $1,000.

Chamber President Claude Johnson said the railroad span, located about 60 feet upstream from the Highway 67 bridge, catches debris in the Nemaha River and protects the used bridge.

The newly purchased bridge will eventually be turned over to the county, Johnson declared.

Although plans to relocate Highway 67 will leave the bridge on a county road, the span is used for farmers in an area northwest of Talmage.

House Places Approval On Glendo Funds

WASHINGTON (AP) — The House Tuesday approved a $1 million appropriation to begin construction of the Glendo Dam on the North Platte River in Wyoming.

The amount, contained in a supplemental appropriations bill was agreed upon by a House-Senate conference committee. It is still subject to final approval by the Senate when the conference report is taken up there.

Construction of Glendo Dam, an irrigation and power project, has been held up for several years pending a plan report on it. The states of Colorado, Wyoming and Nebraska agreed on a plan report early this year.

Postmasterships OKd

WASHINGTON (AP) — The Senate has confirmed the postmastership nominations of Ivan E. Hiatt, Bristow, Neb., and Clarence O. Rodine, Polk, Neb.

EAT ANYTHING WITH FALSE TEETH!

If you have trouble with plates that slip, rock, cause sore gums—try Brimms Plasti-Liner. One application makes plates fit *snugly without powder or paste*, because Brimms Plasti-Liner hardens permanently to your plate. Relines and refits loose plates in a way no powder or paste can do. Even on old rubber plates you get good results six months to a year or longer. YOU CAN EAT ANYTHING! Simply lay soft strip of Plasti-Liner on troublesome upper or lower. Bite and it molds perfectly. *Easy to use*, tasteless, odorless, harmless to you and your plates. Removable as directed. Money back if not completely satisfied. *Ask your druggist!*

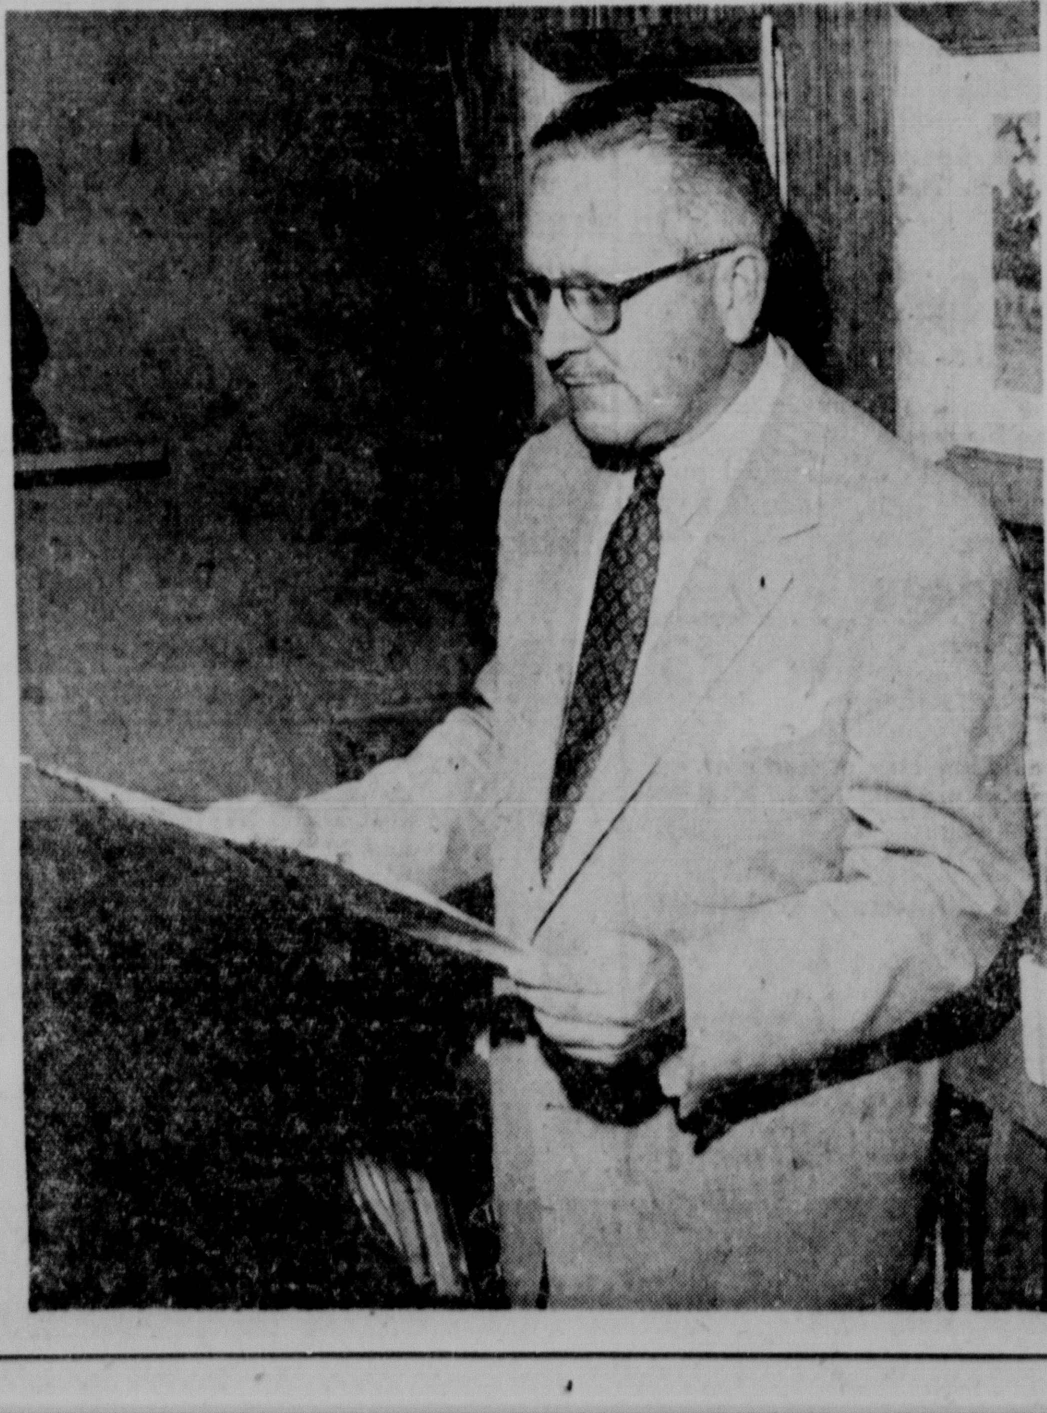
LINCOLN ADVERTISING CLUB

Says:

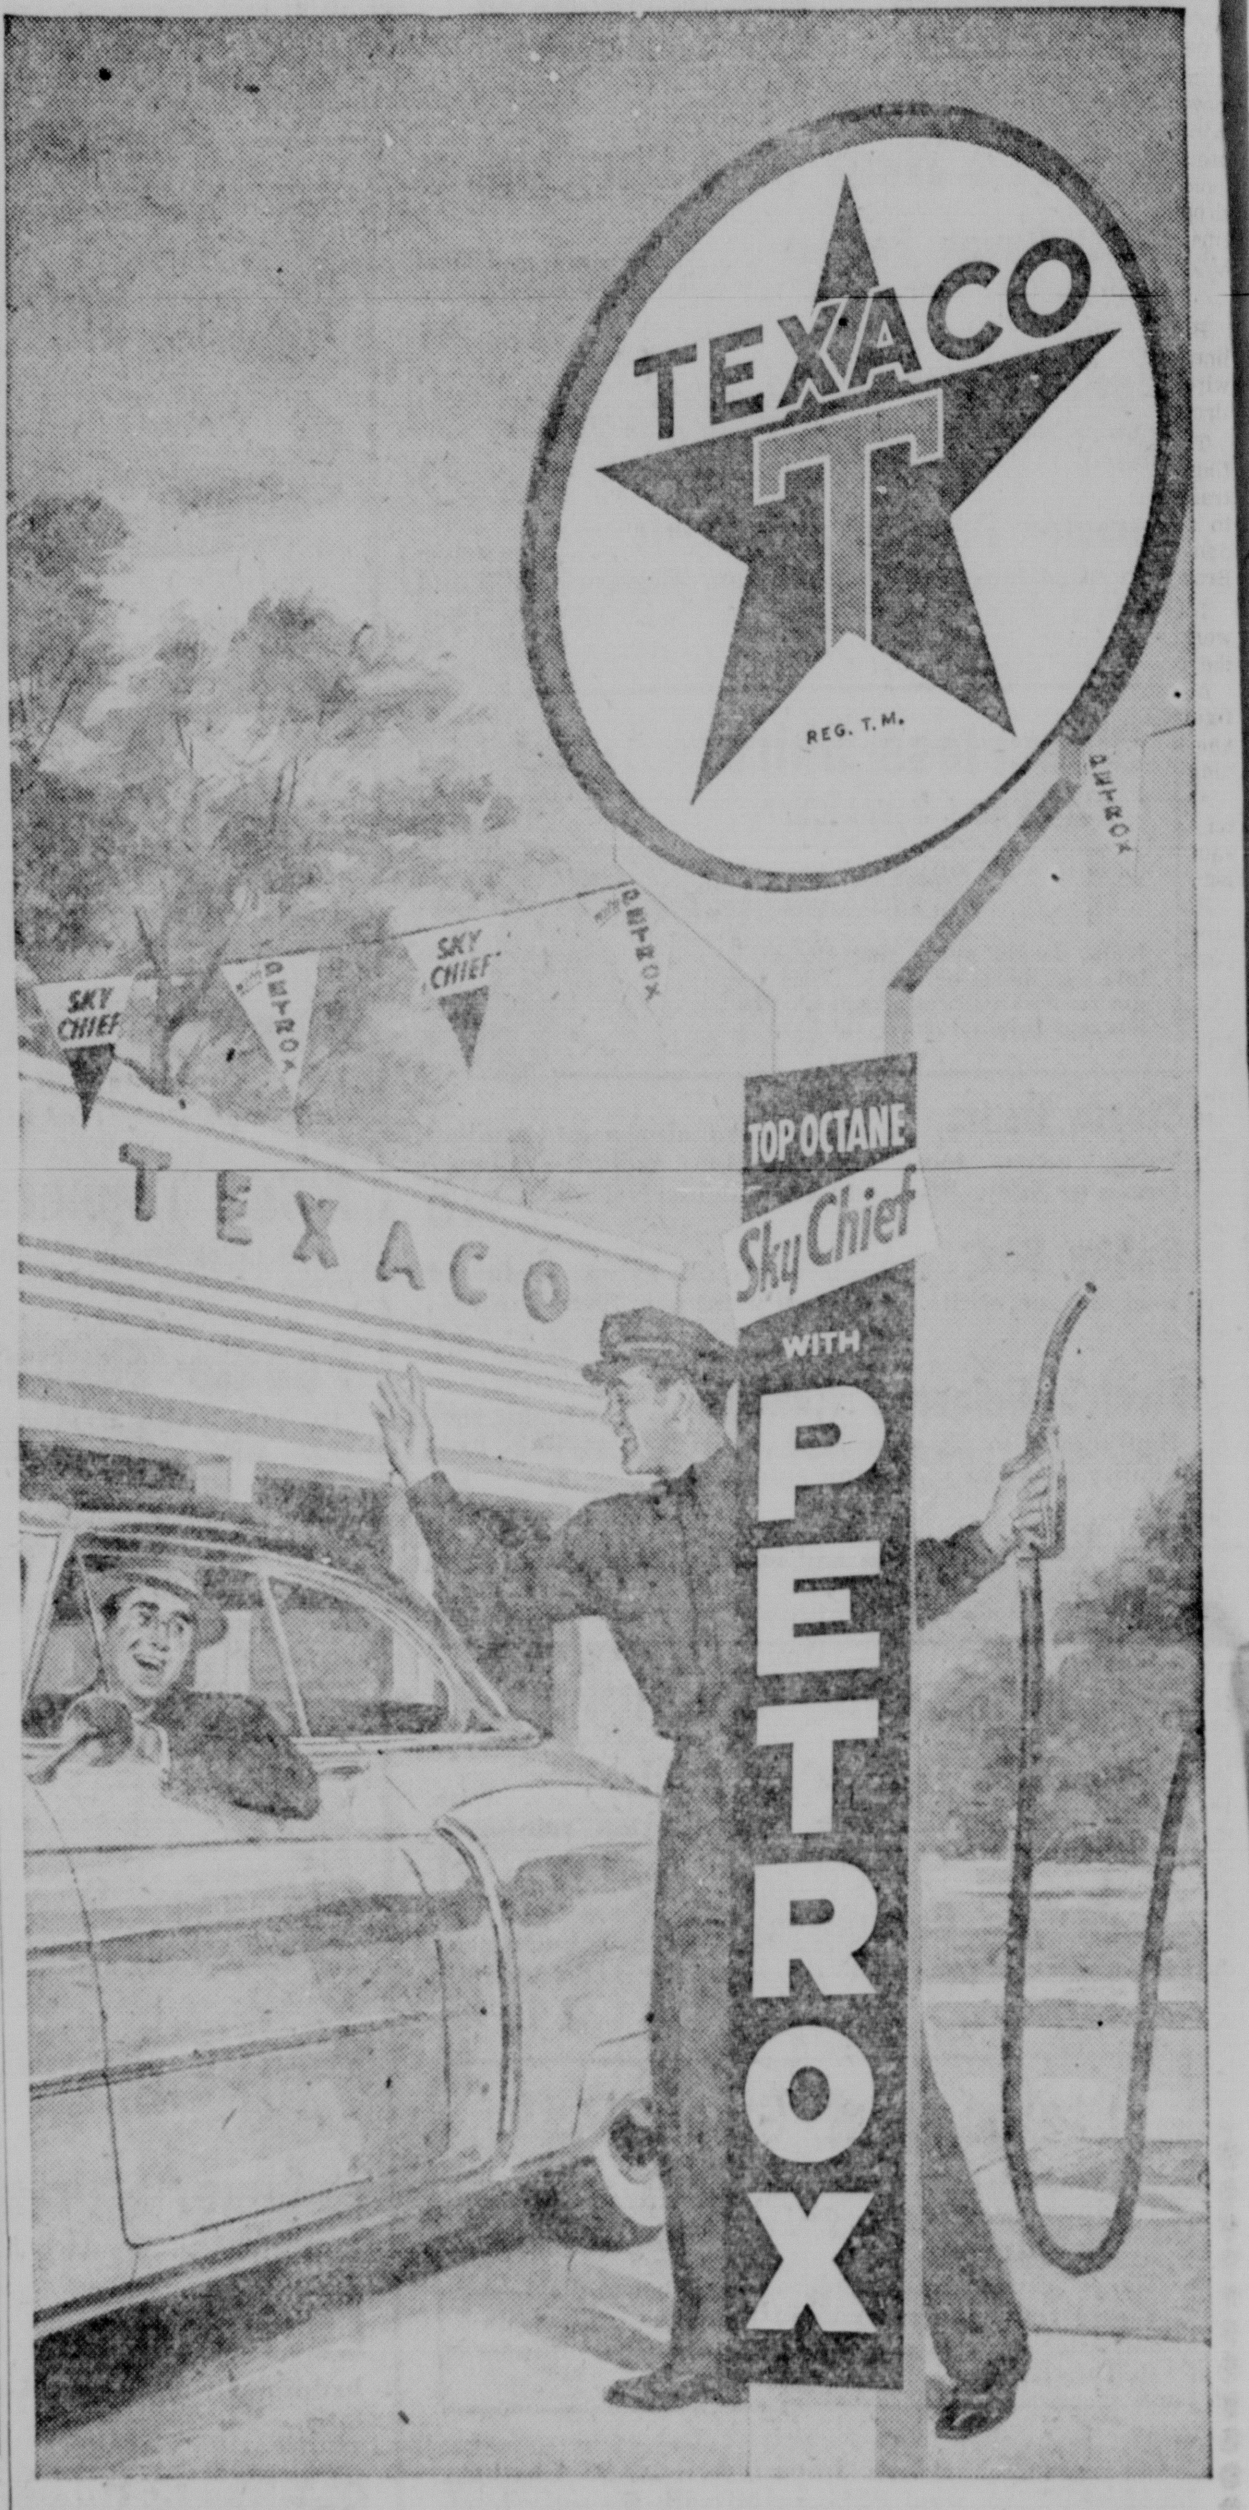
"Artists of Typography are continually trying to create new type faces of greater legibility, and the new type Majestic seems to be an advance in the right direction. It is easily read and clear cut to speed up reading time."



Majestic—a new type face—appears in the news columns of this paper, for the first time in any English printed paper in the world.

PETROX makes the big difference in your driving!

...BIG POWER BOOST!
...BETTER GASOLINE MILEAGE!



NEW Sky Chief WITH PETROX

PETROX makes the big – and powerful – difference! Because, unlike any other gasoline additive, *Petrox* is an exclusive, *all-petroleum* element, built into new *top octane* Texaco Sky Chief gasoline. *Petrox* cuts wear ... prevents harmful deposits. Million-mile tests proved:

- Piston ring wear reduced as much as 45%
- Intake system deposits reduced as much as 38%
- Exhaust valve life extended up to 235%
- Spark plug life increased up to 300%

THAT'S WHY YOU GET a *permanent power boost* ... and *increased gasoline mileage* you can measure!

And remember, Sky Chief is the only premium gasoline 100% *Climate-Controlled* wherever you fill 'er up in all 48 states!

Only Half Million Left Of $6 Million School Bond Issue

After three years, less than a half-million dollars in the Lincoln Public Schools' $6 million bond issue remains unspent or uncommitted to new buildings or construction.

David Sell, superintendent of business affairs, estimated $5,599,843 has now been committed in the building program under the bond issue which has been aimed at keeping pace with Lincoln's growing school-children population.

Remaining funds could easily be used up by two projects, uncommitted as yet but contemplated in the original program.

One is the Lincoln High School activities building costing an estimated $600,000 and the other, the Operation and Maintenance Building, programmed at $85,000.

Because of unexpected growth in several areas, some funds of the original bond issue have been diverted to more urgent projects.

Uncomtemplated at that time was the Eastridge Elementary School (preliminary plans underway) and the planned Pershing Elementary School at 49th and Benton in the Home Builders' rental housing addition. The latter's estimated cost has been set at $270,000.

Most recent letting was the $111,029 addition to the Merle Beattie elementary school, which was built at a cost of $269,807 as one of the early projects of the building program.

Major project presently under construction and to be completed by September, 1955, is the Southeast High School, costing $1,745,291.

Millard Lefler Junior High, for which the classroom units will be completed by September, 1955, is being constructed at a cost of $1,151,500.

Others under construction are the Northeast High School addition, to be partially complete for this school year, $596,164, and the Bethany school addition, $197,690, to be completed next year.

Other Major Units

In addition to the original Merle Beattie school, these major units have been completed under the bond-building program:

Hartley addition, $207,944; Hawthorne school addition, $135,436; Holmes Elementary addition, $334,921; Randolph addition, $139,593; Riley addition, $101,603; and Sheridan School addition, $213,992; and West Huntington (Jackson school), $111,471.

Included in lesser sums spent for urgently-needed classroom space were the pre-fabricated units for College View, $35,797, and for the Northeast Child Center, $17,339.

Squeezing all contemplated units into the remaining bond funds present a formidable problem to the Board of Education.

Something could be sacrificed—such as the operation and maintenance building. It is needed, but not as much as classroom units.

Another possible solution is to stretch the remaining funds over all units with some aid from the fund levied for capitol improvements.

Another aid could be possible federal aid funds in connection with the impact of Lincoln Air Force Base on the city.

Beatrice Mayor Gets Gavel

Mayor Allen Davison of Beatrice (seated) is shown receiving a gavel and plaque from Council Lou Bates at a council meeting. The plaque conveyed the best wishes of the council. It also pointed out that Davison was Beatrice's first mayor under the new mayor-council form of government. Miss Dorothy Betten, secretary, is seated by the mayor. (Star Staff Photo.)

Appreciation Missing

DETROIT (AP) — After pleading guilty to a drunk driving charge in Traffic Court Frank Serafinski was told by a prosecutor: "You appreciate that by pleading guilty you may go to jail and lose your driving privilege?" "I understand what you mean," Serafinski replied, "but don't think for a minute that I appreciate it."

Storm Cleanup Claims Sidney Man's Life

Creek Near Potter Still Is Flooding

Crops And Homes Damaged By Hail

By the Associated Press

A cleanup job, which cost one life, occupied western Nebraskans Tuesday in the wake of a Monday night storm that brought wind, hail and flooding.

Rains were general over the state, in some cases accompanied by severe lightning.

A Sidney city electrician was electrocuted Tuesday when a train carried dangling wires from a broken pole on which he had been working into high voltage REA lines.

The electrician, Earl Brown, had climbed a pole to repair a city power line one halm mile west of Kimball, broken during the storm. Other workmen said the pole snapped off at the ground dropping Brown across the REA line which runs parallel to the Union Pacific Railroad tracks.

Dropped Across Tracks

Brown hung clear of the REA line but could not free himself and wires from the broken pole draped across the railroad tracks.

The workmen said they tried to flag down an oncoming freight train, but the train did not come to a halt until it had dragged the dangling wires, the pole and Brown into the REA line.

The line on which Brown was working runs at right angles to the tracks and the REA line.

At the Keith County Fair at Ogallala at least six persons were knocked to the ground by lightning though none were hurt.

At the Panhandle town of Potter an estimated five inches of rain fell in an hour sending Lodgepole Creek out of its banks.

High water overflowing the creek banks still washed the lowlands in that area Tuesday.

Small Tornado Hits

Two miles east of Kimball a small tornado levelled a large barn and sheep shed on the Bernard Tomich farm.

Hail struck north of Bushnell, across the north end of Kimball County, then ripped down into the Lodgepole valley near Potter. It did heavy damage to irrigated crops there and did some damage to homes and autos in Potter.

Hail also broke windows in Sidney and at Ordville, the Sioux Ordnance Depot housing area, smashed windows and punctured roofs.

Several Knocked Down

At Ogallala the storm struck just after a barbecue at which the Junior Chamber of Commerce had served an estimated 9,000 persons.

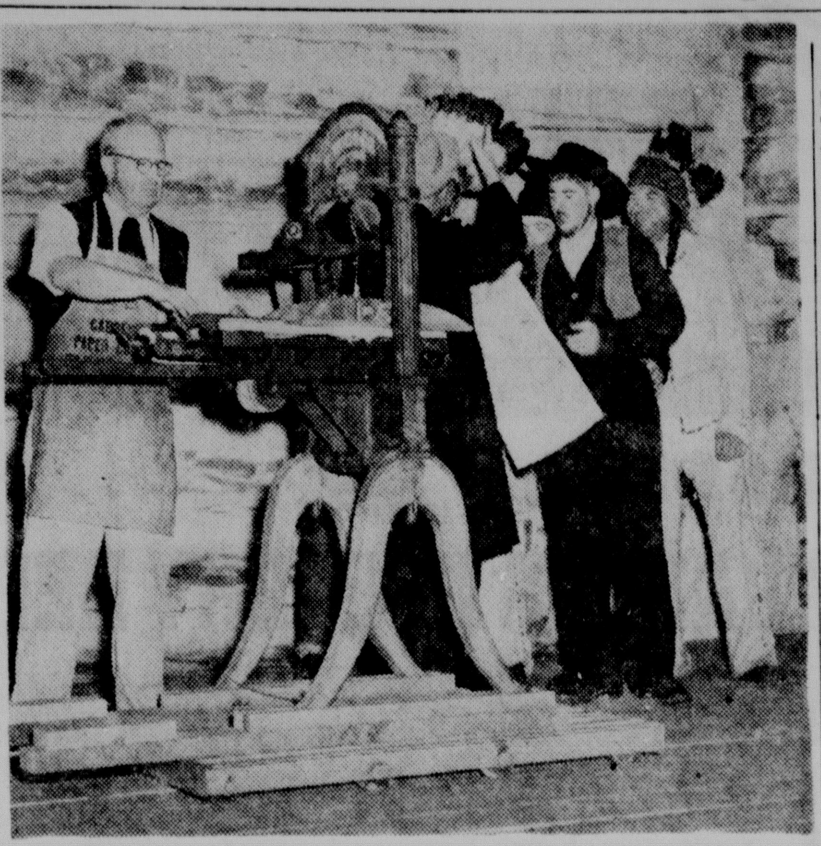
A rodeo announcer and a public address system workman were knocked to the ground by lightning. Also knocked down were four firemen who were in a parking lot.

The rodeo performance was postponed because of the storm.

In eastern Nebraska the storm brought 1.06 of an inch of rain to Omaha and lightning there started three or four fires.

A four-inch rainfall was reported northwest of Axtell.

Cars plowing through water which flooded Sidney's main street in the wake of the storm passed the Fox Theater where a big sign announced the movie: "Hell and High Water."



Newspapers Recognized In Panorama Scene

One of the 20 scenes in the Nebraska City centennial spectacle, "Prairie Panorama," was devoted to the publication of the first newspaper in the old Nebraska City Blockhouse. An early-day press is operated by Arthur Sweet, left, present day Nebraska City newspaperman. Other Nebraska Citians depict early settlers and Indians. The centennial pageant is being presented each evening through Saturday at Nebraska City. **(Star Photo.)**

Second Day Of Nebraska City's Centennial Honors Farm Folk

NEBRASKA CITY, Neb. (AP)—Farm folk in southeast Nebraska and southwest Iowa were the honored guests Tuesday, second day of the Nebraska City Centennial Fun Week.

Amateur entertainers had the spotlight for an afternoon performance and some 6,000 pounds of watermelon was on hand for a watermelon feed.

Wednesday will be Governor's Day when Gov. Robert Crosby will interrupt his Colorado vacation to attend the affair.

Nebraska City's historical pageant, "Prairie Panorama," in which a cast of 500 telescoped a century of history into a three-hour program, was presented for the second time Tuesday night.

The spectacle was enhanced by the use of authentic proportion ranging from a small-bore pistol to a steam driven tractor, a stagecoach and a duplicate of the original press used by pioneers to print Nebraska City's first newspaper.

School Districts Fewest In History

SIDNEY, Neb. (AP) — Cheyenne County will enter the 1954-1955 school year with only 26 rural school districts, fewest in history, Edith Oldershaw, county superintendent, reported.

At the start of last year there were 30 rural districts and the year before that 33. Only 15 to 16 years ago, Miss Oldershaw said, there were 59 rural districts in the county.

New Crime Detection Devices Are Explained

ORD, Neb.—Lieut. Roland Scott of the Grand Island Police Department explained several new devices used in crime detection when he addressed members of the Ord Rotary Club.

Use of a "black light" in spotting criminals who have handled paper money was also demonstrated as well as fingerprinting methods.

Rainfall Reports

Total rainfall throughout Nebraska as reported by the Lincoln Telephone and Telegraph Co. and the U.S. Weather Bureau includes:

Alma	1.30	Naponee	1.51

Weather Ahead

Here is the five day weather outlook for Nebraska and Kansas: Temperatures will average near normal Nebraska and northwest Kansas to 4 to 8 degrees above normal southeast Kansas through Sunday; continued hot southern Kansas, moderate temperatures elsewhere until turning cooler toward end of week; normal minimums 50s Nebraska, 60s Kansas; maximums 80s Nebraska, near 90 Kansas; rainfall will average .25 to .75 of an inch in Nebraska and .25 to .50 of an inch in Kansas, occurring as thundershowers in Nebraska and northern Kansas Wednesday and over both states toward end of week.

Nebraska News

Kansan Suggested For NU Position

Eldridge

Dr. Franklin E. Eldridge of Kansas State College has been recommended to the Board of Regents for appointment as associate director of resident instruction at the University of Nebraska College of Agriculture.

The recommendation has been made by Chancellor Clifford M. Mardin. Dr. Eldridge is scheduled to succeed Dr. Ephriam Hixson who recently resigned to accept a position at South Dakota State College at Brookings. The Board of Regents will act on the appointment early in September.

Dr. Eldridge is professor of dairy husbandry at Kansas State. He has been on the staff there since 1948. A native of Idaho, Dr Eldridge took his bachelor's degree at the University of Idaho, in 1941, his master's at Kansas State in 1942 and his doctor's degree at Cornell University in 1948.

A veteran of World War II for three years, the Kansan is 36 years old and the father of two boys.

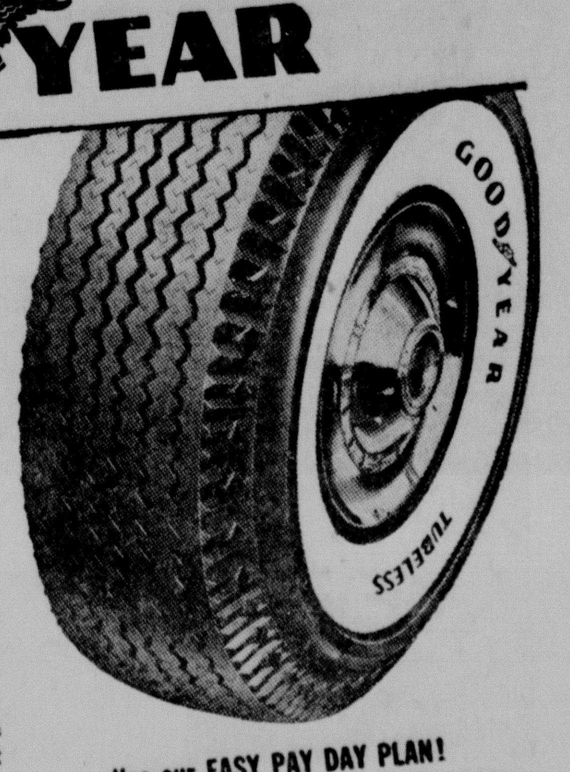
Husbands! Wives!
Get Pep, Vim; Feel Younger
Thousands of couples are weak, worn-out, exhausted just because body lacks iron. For new younger feeling after 40, try Ostrex Tonic Tablets. Contain iron for pep; supplement doses vitamins B1 and B2. Costs little. "Get-acquainted" size only 50¢. At all druggists.



Here Now.. the all new
Tubeless Super-Cushion
by GOODYEAR

Only the new Tubeless Super-Cushion by GOODYEAR can offer you all these advantages!

- Better Tire Cord: Goodyear's exclusive 3-T triple tempering process pre-conditions tire cord to produce the most efficient tire body ever made.
- Better Air Holding Ability: The Tubeless Super-Cushion is really airtight . . . the average tire and tube just can't match its air-holding ability.
- Better Puncture Protection: Tests prove the new Tubeless Super-Cushion gives puncture protection equal to or better than tubeless tires containing sealant.
- Increased Safety Against Blowouts: There's no tube to chafe or wear out. Instead of a sudden, dangerous, blowout slow loss of air pressure gives you a safe early warning.
- 15% More Traction: The new tread has 1806 inches of non-skid edges, 880 deep cut safety slots for 15% greater skid resistance.
- 12% More Mileage: New, flatter tread gives you 12% more mileage. Destructive heat is reduced—you get a cooler running tire that gives you longer, safer tire life.

Stop in—trade now for the all new tubeless tire, the new Tubeless Super-Cushion by Goodyear.

Use our EASY PAY DAY PLAN!
ONLY $1.00 DOWN—$1.25 a week per tire

Athlete's Foot Yields to "Dry-Cream" Medication

Millions of people suffer from Athlete's Foot. Yet few of them know what causes the maddening itch. Or why their skin peels off in white dead flakes. Or why angry red cracks burn between their toes. And even fewer people know how to relieve these symptoms.

What Is The Disease?

Athlete's Foot is caused by a vegetable parasite. Under a microscope, it looks like the fungous mold you see on stale bread or cheese. This fungus grows anywhere that's moist and warm. And the human foot is one of its favorite "gardens." During the summer, excessive perspiration makes it flare up into a fiery, raging itch and soreness that drives the sufferer almost frantic.

Because the infection is hard to kill with ordinary lotions and ointments, it can spread from person to person like the plague. Especially at swimming pools, locker rooms and bathrooms, where people walk around barefoot.

Remarkable Relief

Clinical tests were made using an unusual cream (now called TING) that dries into a fine powder as it's applied. The relief obtained was remarkable. With patient after patient, this medicated "dry-cream" killed specific Athlete's Foot fungi on 60-second contact. Itching stopped. The healing of cracks was helped amazingly. And dead white skin was replaced with new healthy flesh.

Nothing Else Worked So Well

In addition to these clinical tests, thousands of cases of actual home use have testified to TING's astonishing effectiveness. People in all walks of life—many of whom had spent large sums of money treating their foot condition unsuccessfully—found that nothing else had worked so well for them as this wonderful discovery.

Money Back Guarantee

Now that TING is released, we strongly urge people with Athlete's Foot to use it. TING is greaseless, stainless, easy to apply, and costs only 69¢ and $1.10. At all druggists. Your satisfaction guaranteed — or your money refunded.

THE GROWING TREND TO LINCOLN

"In my book these are the best cars made in America"

TOM McCAHILL—TRUE'S AUTOMOBILE YEARBOOK

Tom McCahill puts into words what we hesitate to say in our advertising. "Lincoln," he says, "is the outstanding champion over the road . . . gets this title through roadability, cornering qualities, good brakes. Lincoln's average of these factors is higher than any other American car. That's why they're champs. On winding or mountainous roads, the Lincoln is unbeatable in America . . . and will actually out-corner some sports cars."

Want further proof of Lincoln's performance superiority? This is the car that won first in its class in the Mobilgas Economy Run—the 4th straight win in 4 years. And for 2 years in a row, Lincoln has won the first 4 places over all stock cars in the Mexican Pan-American Road Race!

IF YOU ARE ENGINEERING MINDED; HERE ARE SOME FACTS: Engine: Lincoln's V-8, 205-hp engine has new 4-barrel carburetor, rear barrels vacuum controlled. Gives you economy in all ranges. New automatic spark control for smoother, livelier response. Suspension: new ball-joint on front wheels (only Lincoln in fine car field has it) for better handling. Brakes: far exceed any other fine car in braking area per pound.

FOR THE STYLE MINDED; Lincoln offers clean, graceful beauty in every detail; rich, luxurious interiors in a wide variety. Drive a Lincoln today.

Now available—a new, advanced fine-car air conditioning system built exclusively for Lincoln—optional at extra cost.

Some Corn Regains Its Productive Value

Moisture, Low Temps Help Crop

A considerable acreage of Nebraska's corn crop has recovered from potential use only for silage to production for grain, the State-Federal Division of Agriculture Statistics reported in the weekly crop-weather report. However, some corn still will not make grain.

Lower temperatures, togeather with precipitation throughout most of the state except the southwest and northwest were responsible for the improved corn outlook, the weekly crop report said.

Some corn plants that were damaged by heat have now tasseled and ears are developing, the report continued.

Maturity Delayed

But with the development of the corn set back in this manner, maturity will be slightly later than usual.

"There is considerable late planted corn in the southeastern part of the state that is vulnerable to frost damage, if frost occurs about the normal date," the report added.

Hail caused some loss of acreage in the Platte Valley and south central counties.

Irrigated corn continues to show excellent prospects for high yields, and the dry land crop in the northeastern part of the state will be very good, the report commented.

Other comment:

Potatoes and dry beans on dry land are showing considerable deterioration in the northwestern part of the state, where precipitation has been light.

There has been some shortage of irrigation water to meet full requirements in the western portion, but the available water is being diverted to beets and beans wherever the shortage exists.

Beet Progress Good

Sugar beets continue to show excellent development.

Condition of all sorghums improved during the past week.

Fall ~~seeding~~ of legumes and ~~grasses is getting under way~~ in some counties, plowing of stubble fields and the last cultivation of summer fallow is progessing rapidly.

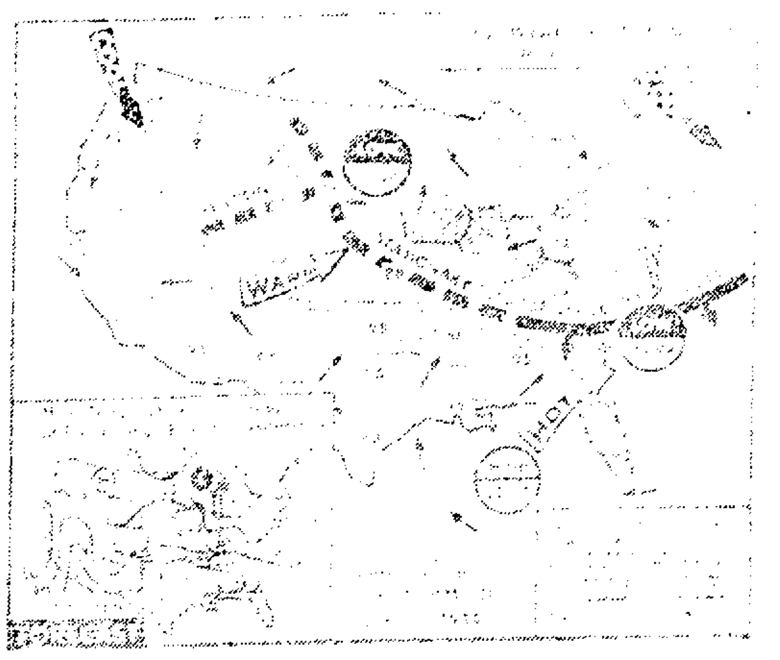
Recent moisture improved the prospects for an additional cutting of alfalfa and revived many pastures.

Livestock reflect the improved weather conditions and are making better gains as a result of additional pasture feed and lower temperatures.

Rainfall during the past week throughout Nebraska included:

Eastern Division			
Grand Island	.48	Norfolk	.15
Lincoln	.74	Omaha	1.00
Central Division			
Burwell	.04	North Platte	.15
Lexington	.53	Valentine	.58
Western Division			
Chadron	.31	Scottsbluff	.15
Imperial	.03		

	Eastern Div.	Central Div.	Western Div.
Total last week	1.72	.98	.37
Total since Apr 1	16.52	10.72	8.46
Nor. since Apr 1	16.11	14.01	11.31



More Clouds, More Showers

The eastern states will have mostly clear skies on Wednesday. An area of cloudiness and scattered showers will prevail from the upper Mississippi valley and the western Great Lakes south to the lower Ohio valley. Widely scattered afternoon thunderstorms are due along the Gulf coast and in most of the Rockies. It will be cooler in the central Ohio Valley and warmer in the northwest quadrant of the country. (AP Wirephoto Map.)

Lutherans Hear Young Korean; Circuit Superintendents Named

SEWARD, Neb. (AP)—Delegates to the convention of the Northern Nebraska District of the Luthern Church-Missouri Synod Tuesday met a young Korean who was attracted to the Lutheran ministry by a Nebraska soldier.

The Korean is Wo Ji Kang, 24, who was brought to this country by the Zion Lutheran Church of Plainview, Neb., to train for the ministry. He was interested in the idea of becoming a minister by Bob Bendixen, a soldier who was a member of the Plainview church.

The synod meeting completed the last of its major elections Tuesday. Named as circuit visitors or superintendents:

Circuit 1, the Rev. Melvin Meyer, Louisville; 2, the Rev. Ernest Eckhardt, Hooper; 3, the Rev. R. Hildebrand, Beemer; 4, the Rev. Henry Niermann, Laurel; 5, the Rev. Frank J. Rath, Battle Creek; 6, the Rev. E. Martens, Newman Grove; 7, the Rev. Walter Hartmann, Ainsworth; 8, the Rev. R. Ochs, Columbus; 9, the Rev. Robert Harms, Bridgeport; 10, the Rev. A. G. Johnson, Casper, Wyo., and 11, the Rev. A. J. Crosmer, Powell.

Officers of the group are the Rev. Walter E. Homann of Bancroft, president; the Rev. Oscar Decker of Battle Creek, first vice president; the Rev. A. C. Deke of Norfolk, second vice president; the Rev. Frederick Niedner of West Point, secretary of the executive board; and E. A. Luebke of West Point, member of the mission board.

The Rev. Deke presided at a service Tuesday in which five members of the synod were honored for 25 years service to the church.

They are:

The Rev. Ernest Dreyer, Mt. Calvary Lutheran Church, Omaha.

The Rev. Frank J. Rath, St. Peter Lutheran Church, Battle Creek

The Rev. A. J. Buehner, St. Matthew Lutheran Church, Meadow Grove.

The Rev. Walter Wilkens, institutional chaplain, Omaha.

Walter C. Firchaber, parochial school teacher at Immanual School Osmond, Neb.

Additional Circuits

SIDNEY, Neb. (AP)—The Northwestern Bell Telephone Co., is adding six more telephone circuits on the Sidney-Rapid City route, R. J. Miller, local telephone Company manager, reported. Two of the circuits will go from Sidney to Rapid City, two from Rapid City to Denver, and two from Rapid City to Casper, Wyo.

EAT ANYTHING WITH FALSE TEETH!

If you have trouble with plates that slip, rock, cause sore gums—try Brimms Plasti-Liner. One application makes plates fit snugly without powder or paste, because Brimms Plasti-Liner hardens permanently to your plate. Relines and refits loose plates in a way no powder or paste can do. Even on old rubber plates you get good results six months to a year or longer. YOU CAN EAT ANYTHING! Simply lay soft strip of Plasti-Liner on troublesome upper or lower. Bite and it molds perfectly. Easy to use, tasteless, odorless, harmless to you and your plates. Removable as directed. Money back if not completely satisfied. Ask your druggist!

Talmage Buys Rail Bridge As Flood Aid

Lincoln Star Special

TALMAGE, Neb.—In an effort to protect a highway bridge from flood waters, the Talmage Chamber of Commerce has purchased an abandoned Missouri Pacific railroad bridge for $1,000.

Chamber President Claude Johnson said the railroad span, located about 60 feet upstream from the Highway 67 bridge, catches debris in the Nemaha River and protects the used bridge.

The newly purchased bridge will eventually be turned over to the county, Johnson declared.

Although plans to relocate Highway 67 will leave the bridge on a county road, the span is used for farmers in an area northwest of Talmage.

House Places Approval On Glendo Funds

WASHINGTON (AP) — The House Tuesday approved a $1 million appropriation to begin construction of the Glendo Dam on the North Platte River in Wyoming.

The amount, contained in a supplemental appropriations bill was agreed upon by a House-Senate conference committee. It is still subject to final approval by the Senate when the conference report is taken up there.

Construction of Glendo Dam, an irrigation and power project, has been held up for several years pending a plan report on it. The states of Colorado, Wyoming and Nebraska agreed on a plan report early this year.

Postmasterships OKd

WASHINGTON (AP) — The Senate has confirmed the postmastership nominations of Ivan E. Hiatt, Bristow, Neb., and Clarence O. Rodine, Polk, Neb.

GOP Planning Session Held

OMAHA (AP)—Top Republican candidates and state party leaders held a planning session in Omaha Tuesday, State Chairman William W. Spear reported.

Coordinated plans for the fall campaign were discussed, including a Republican caravan, use of various advertising media and visits by nationally prominent Republican officials during the campaign period.

Spear said another meeting of Republican Statehouse candidates will be held in Lincoln Aug. 28.

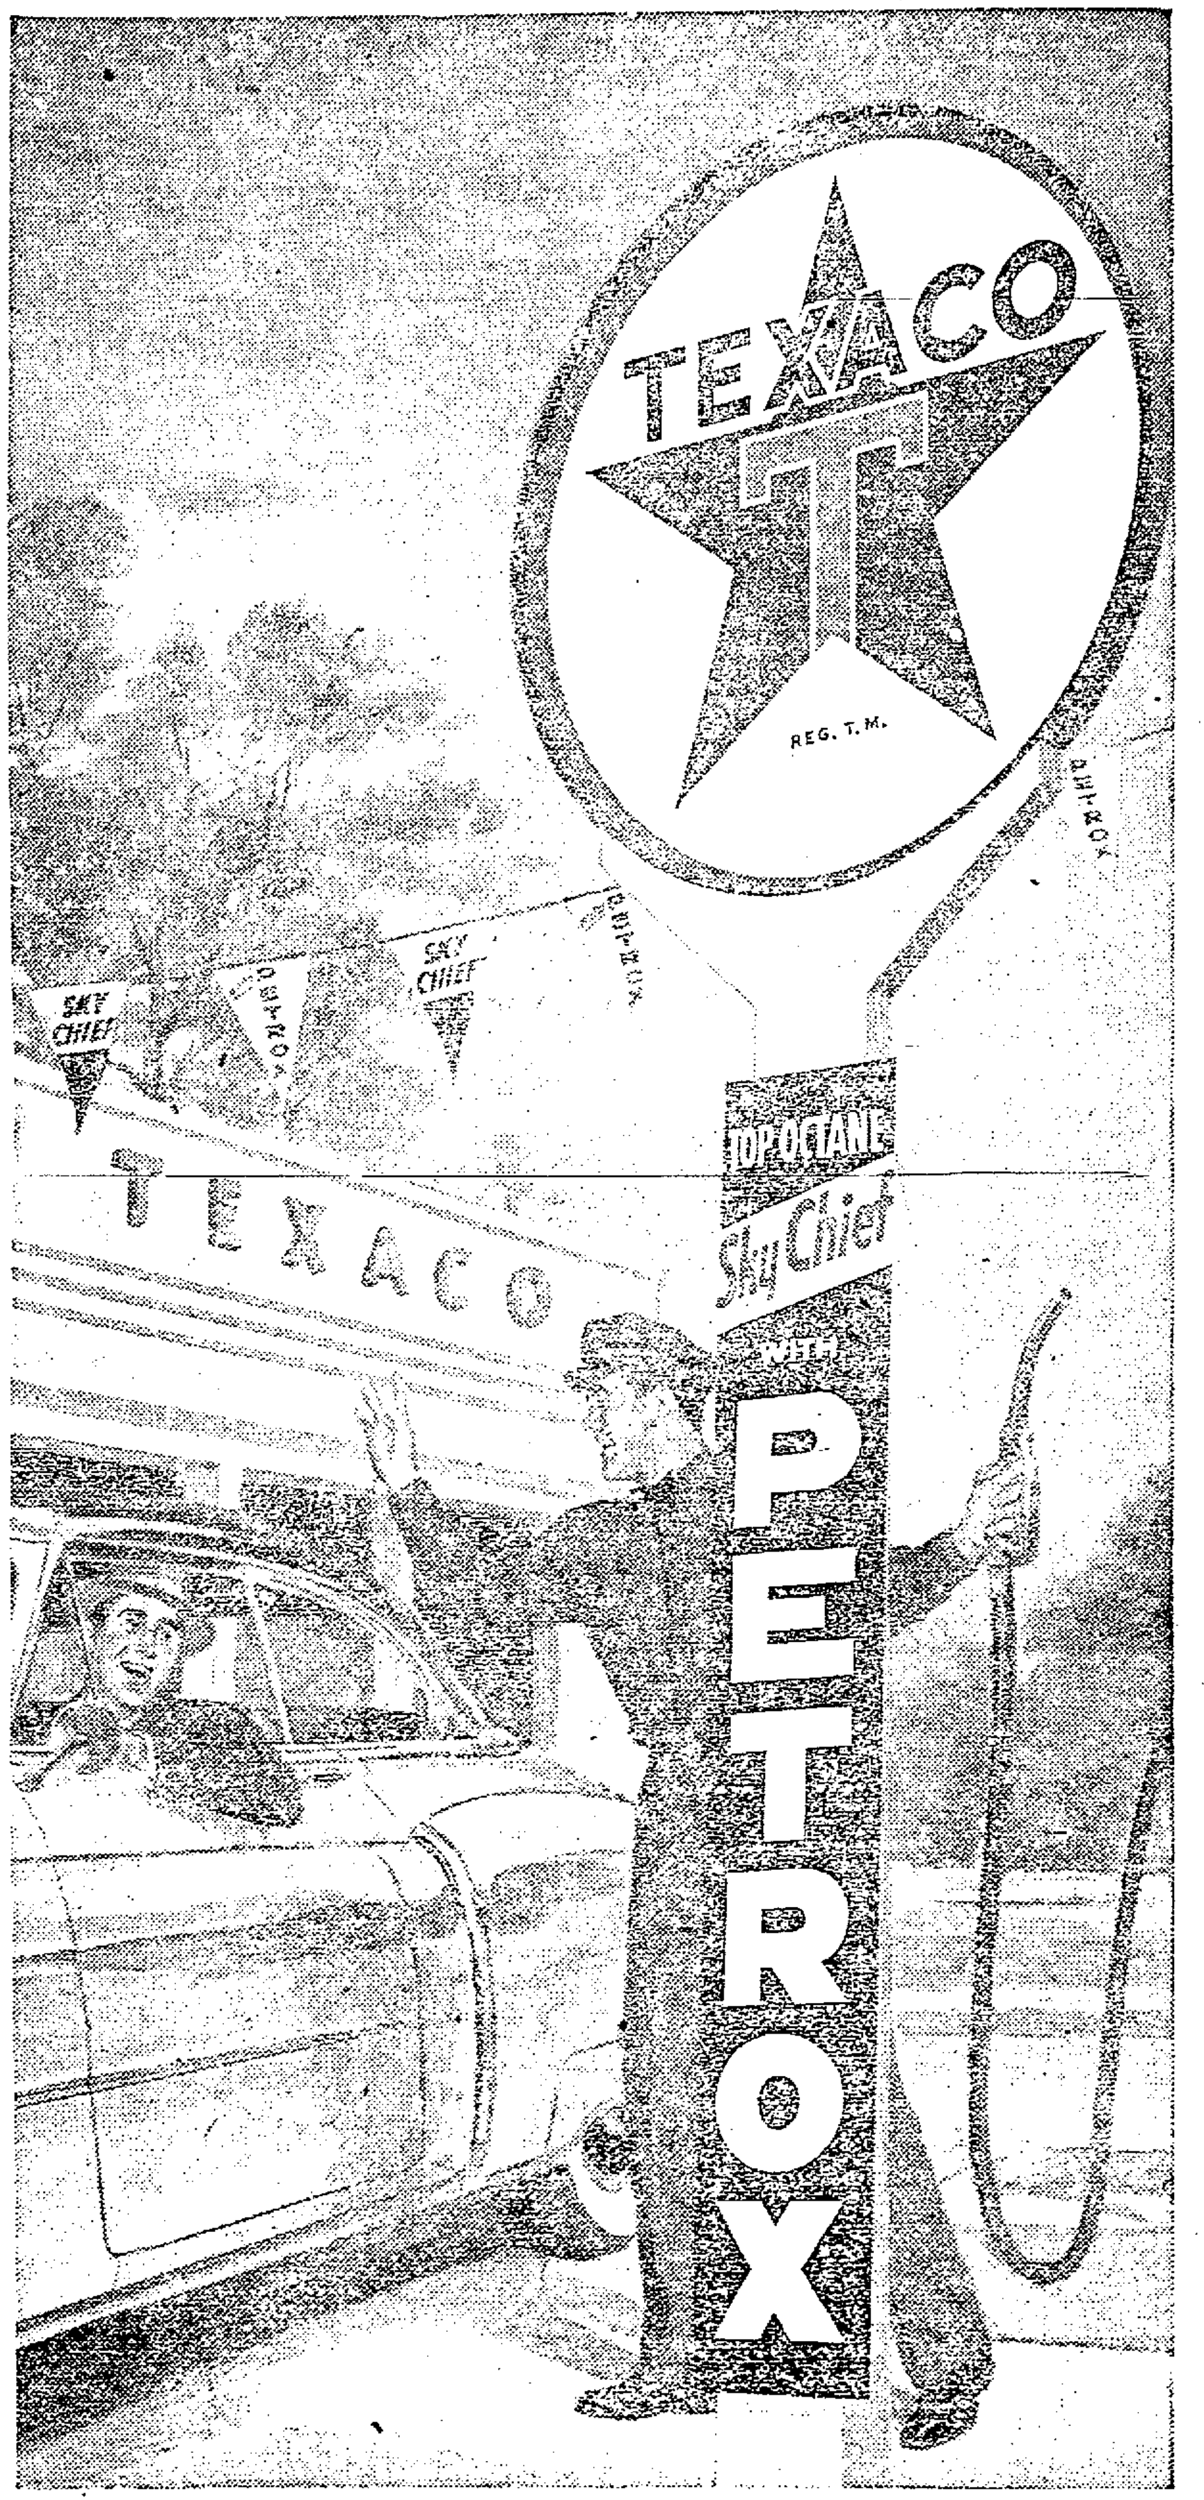
Says:

"Artists of Typography are continually trying to create new type faces of greater legibility, and the new type Majestic seems to be an advance in the right direction. It is easily read and clear cut to speed up reading time."

Majestic—a new type face—appears in the news columns of this paper, for the first time in any English printed paper in the world.

PETROX makes the big difference in your driving!

...BIG POWER BOOST!
...BETTER GASOLINE MILEAGE!



NEW Sky Chief WITH PETROX

PETROX makes the big – and powerful – difference! Because, unlike any other gasoline additive, *Petrox* is an exclusive, *all-petroleum* element, built into new *top octane* Texaco Sky Chief gasoline. *Petrox* cuts wear ... prevents harmful deposits. Million-mile tests proved:

- Piston ring wear reduced as much as 45%
- Intake system deposits reduced as much as 38%
- Exhaust valve life extended up to 235%
- Spark plug life increased up to 300%

THAT'S WHY YOU GET a *permanent power boost* ... and *increased gasoline mileage* you can measure!

And remember, Sky Chief is the only premium gasoline 100% *Climate-Controlled* wherever you fill 'er up in all 48 states!

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

BAERING DOWN ON THE NEWS By Arthur 'Bugs' Baer

(Distributed by International News Service)

We'll have peace when the pins are out of the war maps and back in the shirts.

☆ ☆ ☆

I've worn out my best wall map following the spoor of Dulles chinning himself on parallels. We've finished second in more snots than a plumber's helper.

Bugs Baer

☆ ☆ ☆

Best news we had this week was the king of the Congo cannibals ordered toast for breakfast. But that's balanced by Winnie Churchill putting Suez up for grabs.

☆ ☆ ☆

After 72 years of relentless friendship the English finally gave up trying to harness camels to hacks.

☆ ☆ ☆

Wasn't so long ago Montgomery and Gen. Electric Whiskers were using sand for ballast in their shoes. Then we went over to help Mussolini out of Libya. He found too late that playing a violin with a saw was not music.

We sure helped Premier Mendes-France out of Indochina with a lavish farewell.

☆ ☆ ☆

When it comes to coat-holding we also do a good job on the trousers.

☆ ☆ ☆

Gen. Kai-shek is safe on Formosa because we went to his rescue. The general isn't sure whether we are running a first aid or a travel bureau.

☆ ☆ ☆

Then we went to the rescue of Churchill's Suez aquacade. We certainly were a big assistance in packing Winnie's portable exodus.

☆ ☆ ☆

In case you don't like it where you are we will forward our catalogue of interesting armistices and charming parallels. Syngman Rhee is still wondering how he is south of the Yalu with a good song ringing free.

A Lot Of Lobster

BOSTON (AP) — Boston's Museum of Science displays what it claims are the two largest lobsters on record. Caught off the Virginia Capes, they weighed 42 pounds, 7 ounces and 38 pounds, 12 ounces, respectively.

DAILY CRYPTOQUOTE

Here's How To Work It

A X Y D L B A A X R
L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

TK MWOKAD MPYACAD, TK BPJ MPYACAD MWOK—SGUYAKO.

Yesterday's Cryptoquote: I AM DEAF WITH PRAISES, AND ALL DAZED WITH FLOWERS—PHILLIPS

Storm Cleanup Claims Sidney Man's Life

Creek Near Potter Still Is Flooding

Crops And Homes Damaged By Hail

By the Associated Press

A cleanup job, which cost one life, occupied western Nebraskans Tuesday in the wake of a Monday night storm that brought wind, hail and flooding.

Rains were general over the state, in some cases accompanied by severe lightning.

A Sidney city electrician was electrocuted Tuesday when a train carried dangling wires from a broken pole on which he had been working into high voltage REA lines.

The electrician, Earl Brown, had climbed a pole to repair a city power line one halm mile west of Kimball, broken during the storm. Other workmen said the pole snapped off at the ground dropping Brown across the REA line which runs parallel to the Union Pacific Railroad tracks.

Dropped Across Tracks

Brown hung clear of the REA line but could not free himself and wires from the broken pole draped across the railroad tracks.

The workmen said they tried to flag down an oncoming freight train, but the train did not come to a halt until it had dragged the dangling wires, the pole and Brown into the REA line.

The line on which Brown was working runs at right angles to the tracks and the REA line

At the Keith County Fair at Ogallala at least six persons were knocked to the ground by lightning though none were hurt.

At the Panhandle town of Potter an estimated five inches of rain fell in an hour sending Lodgepole Creek out of its banks.

High water overflowing the creek banks still washed the lowlands in that area Tuesday

Small Tornado Hits

Two miles east of Kimball a small tornado levelled a large barn and sheep shed on the Bernard Tomich farm

Hail struck north of Bushnell, across the north end of Kimball County, then ripped down into the Lodgepole valley near Potter. It did heavy damage to irrigated crops there and did some damage to homes and autos in Potter

Hail also broke windows in Sidney and at Ordville, the Sioux Ordnance Depot housing area, smashed windows and punctured roofs

Several Knocked Down

At Ogallala the storm struck just after a barbecue at which the Junior Chamber of Commerce had served an estimated 9,000 persons

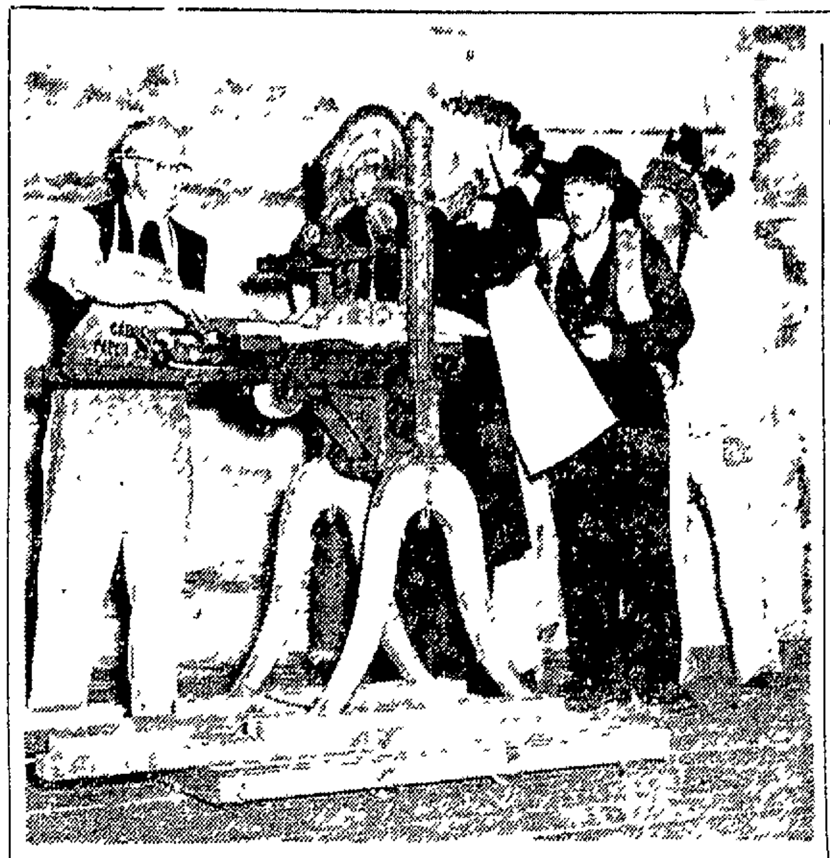
A rodeo announcer and a public address system workman were knocked to the ground by lightning. Also knocked down were four firemen who were in a parking lot.

The rodeo performance was postponed because of the storm.

In eastern Nebraska the storm brought 1 06 of an inch of rain to Omaha and lightning there started three or four fires.

A four inch rainfall was reported northwest of Axtell

Cars plowing through water which flooded Sidney's main street in the wake of the storm passed the Fox Theater where a big sign announced the movie "Hell and High Water"



Newspapers Recognized In Panorama Scene

One of the 20 scenes in the Nebraska City centennial spectacle, "Prairie Panorama," was devoted to the publication of the first newspaper in the old Nebraska City Blockhouse An early-day press is operated by Arthur Sweet, left, present day Nebraska City newspaperman. Other Nebraska Citians depict early settlers and Indians The centennial pageant is being presented each evening through Saturday at Nebraska City. (Star Photo.)

Second Day Of Nebraska City's Centennial Honors Farm Folk

NEBRASKA CITY, Neb (AP)—Farm folk in southeast Nebraska and southwest Iowa were the honored guests Tuesday, second day of the Nebraska City Centennial Fun Week

Amateur entertainers had the spotlight for an afternoon performance and some 6,000 pounds of watermelon was on hand for a watermelon feed.

Wednesday will be Governor's Day when Gov Robert Crosby will interrupt his Colorado vacation to attend the affair.

Nebraska City's historical pageant, "Prairie Panorama, in which a cast of 500 telescoped a century of history into a three-hour program, was presented for the second time Tuesday night

The spectacle was enhanced by the use of authentic proportion ranging from a small bore pistol to a steam driven tractor, a stagecoach and a duplicate of the original press used by pioneers to print Nebraska City's first newspaper

School Districts Fewest In History

SIDNEY, Neb (AP) — Cheyenne County will enter the 1954-1955 school year with only 26 rural school districts, fewest in history, Edith Oldershaw, county superintendent, reported.

At the start of last year there were 30 rural districts and the year before that 33 Only 15 to 16 years ago, Miss Oldershaw said, there were 59 rural districts in the county.

New Crime Detection Devices Are Explained

ORD, Neb —Lieut. Roland Scott of the Grand Island Police Department explained several new devices used in crime detection when he addressed members of the Ord Rotary Club.

Use of a "black light" in spotting criminals who have handled paper money was also demonstrated as well as fingerprinting methods.

Weather Ahead

Here is the five day weather outlook for Nebraska and Kansas: Temperatures will average near normal Nebraska and northwest Kansas to 4 to 8 degrees above normal southeast Kansas through Sunday, continued hot southern Kansas, moderate temperatures elsewhere until turning cooler toward end of week; normal minimums 50s Nebraska, 60s Kansas, maximums 80s Nebraska, near 90 Kansas, rainfall will average 25 to .75 of an inch in Nebraska and 25 to 50 of an inch in Kansas, occurring as thundershowers in Nebraska and northern Kansas Wednesday and over both states toward end of week.

Nebraska News

Kansan Suggested For NU Position

Dr. Franklin E. Eldridge of Kansas State College has been recommended to the Board of Regents for appointment as associate director of resident instruction at the University of Nebraska College of Agriculture.

Eldridge

The recommendation has been made by Chancellor Clifford M Mardin. Dr. Eldridge is scheduled to succeed Dr. Ephriam Hixson who recently resigned to accept a position at South Dakota State College at Brookings The Board of Regents will act on the appointment early in September

Dr Eldridge is professor of dairy husbandry at Kansas State. He has been on the staff there since 1948 A native of Idaho, Dr Eldridge took his bachelor's degree at the University of Idaho, in 1941, his master's at Kansas State in 1942 and his doctor's degree at Cornell University in 1948

A veteran of World War II for three years, the Kansan is 36 years old and the father of two boys

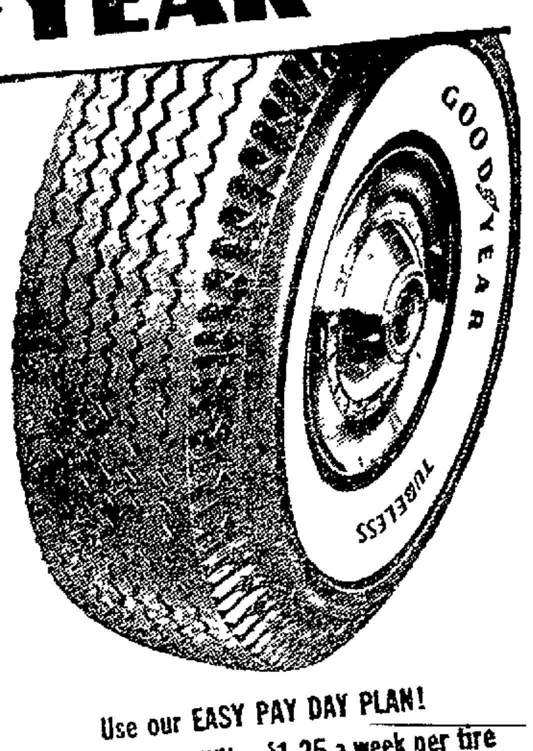
Get Pep, Vim; Feel Younger

Thousands of couples are weak, worn-out, exhausted just because body lacks iron. For new younger feeling after 40, try Ostrex Tonic Tablets Contain iron for pep, supplement doses vitamins B1 and B2 Costs little. 'Get acquainted' size only 50¢. At all druggists



Here Now.. the all new
Tubeless Super-Cushion
by GOODYEAR

Only the new Tubeless Super-Cushion by GOODYEAR can offer you all these advantages!

- **Better Tire Cord:** Goodyear's exclusive 3-T triple tempering process pre-conditions tire cord to produce the most efficient tire body ever made.
- **Better Air Holding Ability:** The Tubeless Super-Cushion is really airtight . . . the average tire and tube just can't match its air-holding ability.
- **Better Puncture Protection:** *Tests prove the new Tubeless Super-Cushion* gives puncture protection equal to or better than tubeless tires containing sealant.
- **Increased Safety Against Blowouts:** There's no tube to chafe or wear out. Instead of a sudden, dangerous, blowout slow loss of air pressure gives you a safe early warning.
- **15% More Traction:** The new tread has 1806 inches of non-skid edges, 880 deep cut safety slots for 15% greater skid resistance.
- **12% More Mileage:** New, flatter tread gives you 12% more mileage. Destructive heat is reduced—you get a cooler running tire that gives you longer, safer tire life

Stop in—trade now for the all new tubeless tire, the new Tubeless Super-Cushion by Goodyear.

Use our EASY PAY DAY PLAN!
ONLY $1.00 DOWN—$1.25 a week per tire

Athlete's Foot Yields to "Dry-Cream" Medication

Millions of people suffer from Athlete's Foot. Yet few of them know what causes the maddening itch. Or why their skin peels off in white dead flakes. Or why angry red cracks burn between their toes. And even fewer people know how to relieve these symptoms.

What Is The Disease?

Athlete's Foot is caused by a vegetable parasite. Under a microscope, it looks like the fungous mold you see on stale bread or cheese. This fungus grows anywhere that's moist and warm. And the human foot is one of its favorite "gardens." During the summer, excessive perspiration makes it flare up into a fiery, raging itch and soreness that drives the sufferer almost frantic.

Because the infection is hard to kill with ordinary lotions and ointments, it can spread from person to person like the plague. Especially at swimming pools, locker rooms and bathrooms, where people walk around barefoot.

Remarkable Relief

Clinical tests were made using an unusual cream (now called TING) that dries into a fine powder as it's applied. The relief obtained was remarkable. With patient after patient, this medicated "dry-cream" killed specific Athlete's Foot fungi on 60-second contact. Itching stopped. The healing of cracks was helped amazingly. And dead white skin was replaced with new healthy flesh.

Nothing Else Worked So Well

In addition to these clinical tests, thousands of cases of actual home use have testified to TING's astonishing effectiveness People in all walks of life —many of whom had spent large sums of money treating their foot condition unsuccessfully—found that nothing else had worked so well for them as this wonderful discovery.

Money Back Guarantee

Now that TING is released, we strongly urge people with Athlete's Foot to use it. TING is greaseless, stainless, easy to apply, and costs only 69¢ and $1 10. At all druggists. Your satisfaction guaranteed — or your money refunded.

THE GROWING TREND TO LINCOLN

"In my book these are the best cars made in America"

TOM McCAHILL—TRUE'S AUTOMOBILE YEARBOOK

Tom McCahill puts into words what we hesitate to say in our advertising.

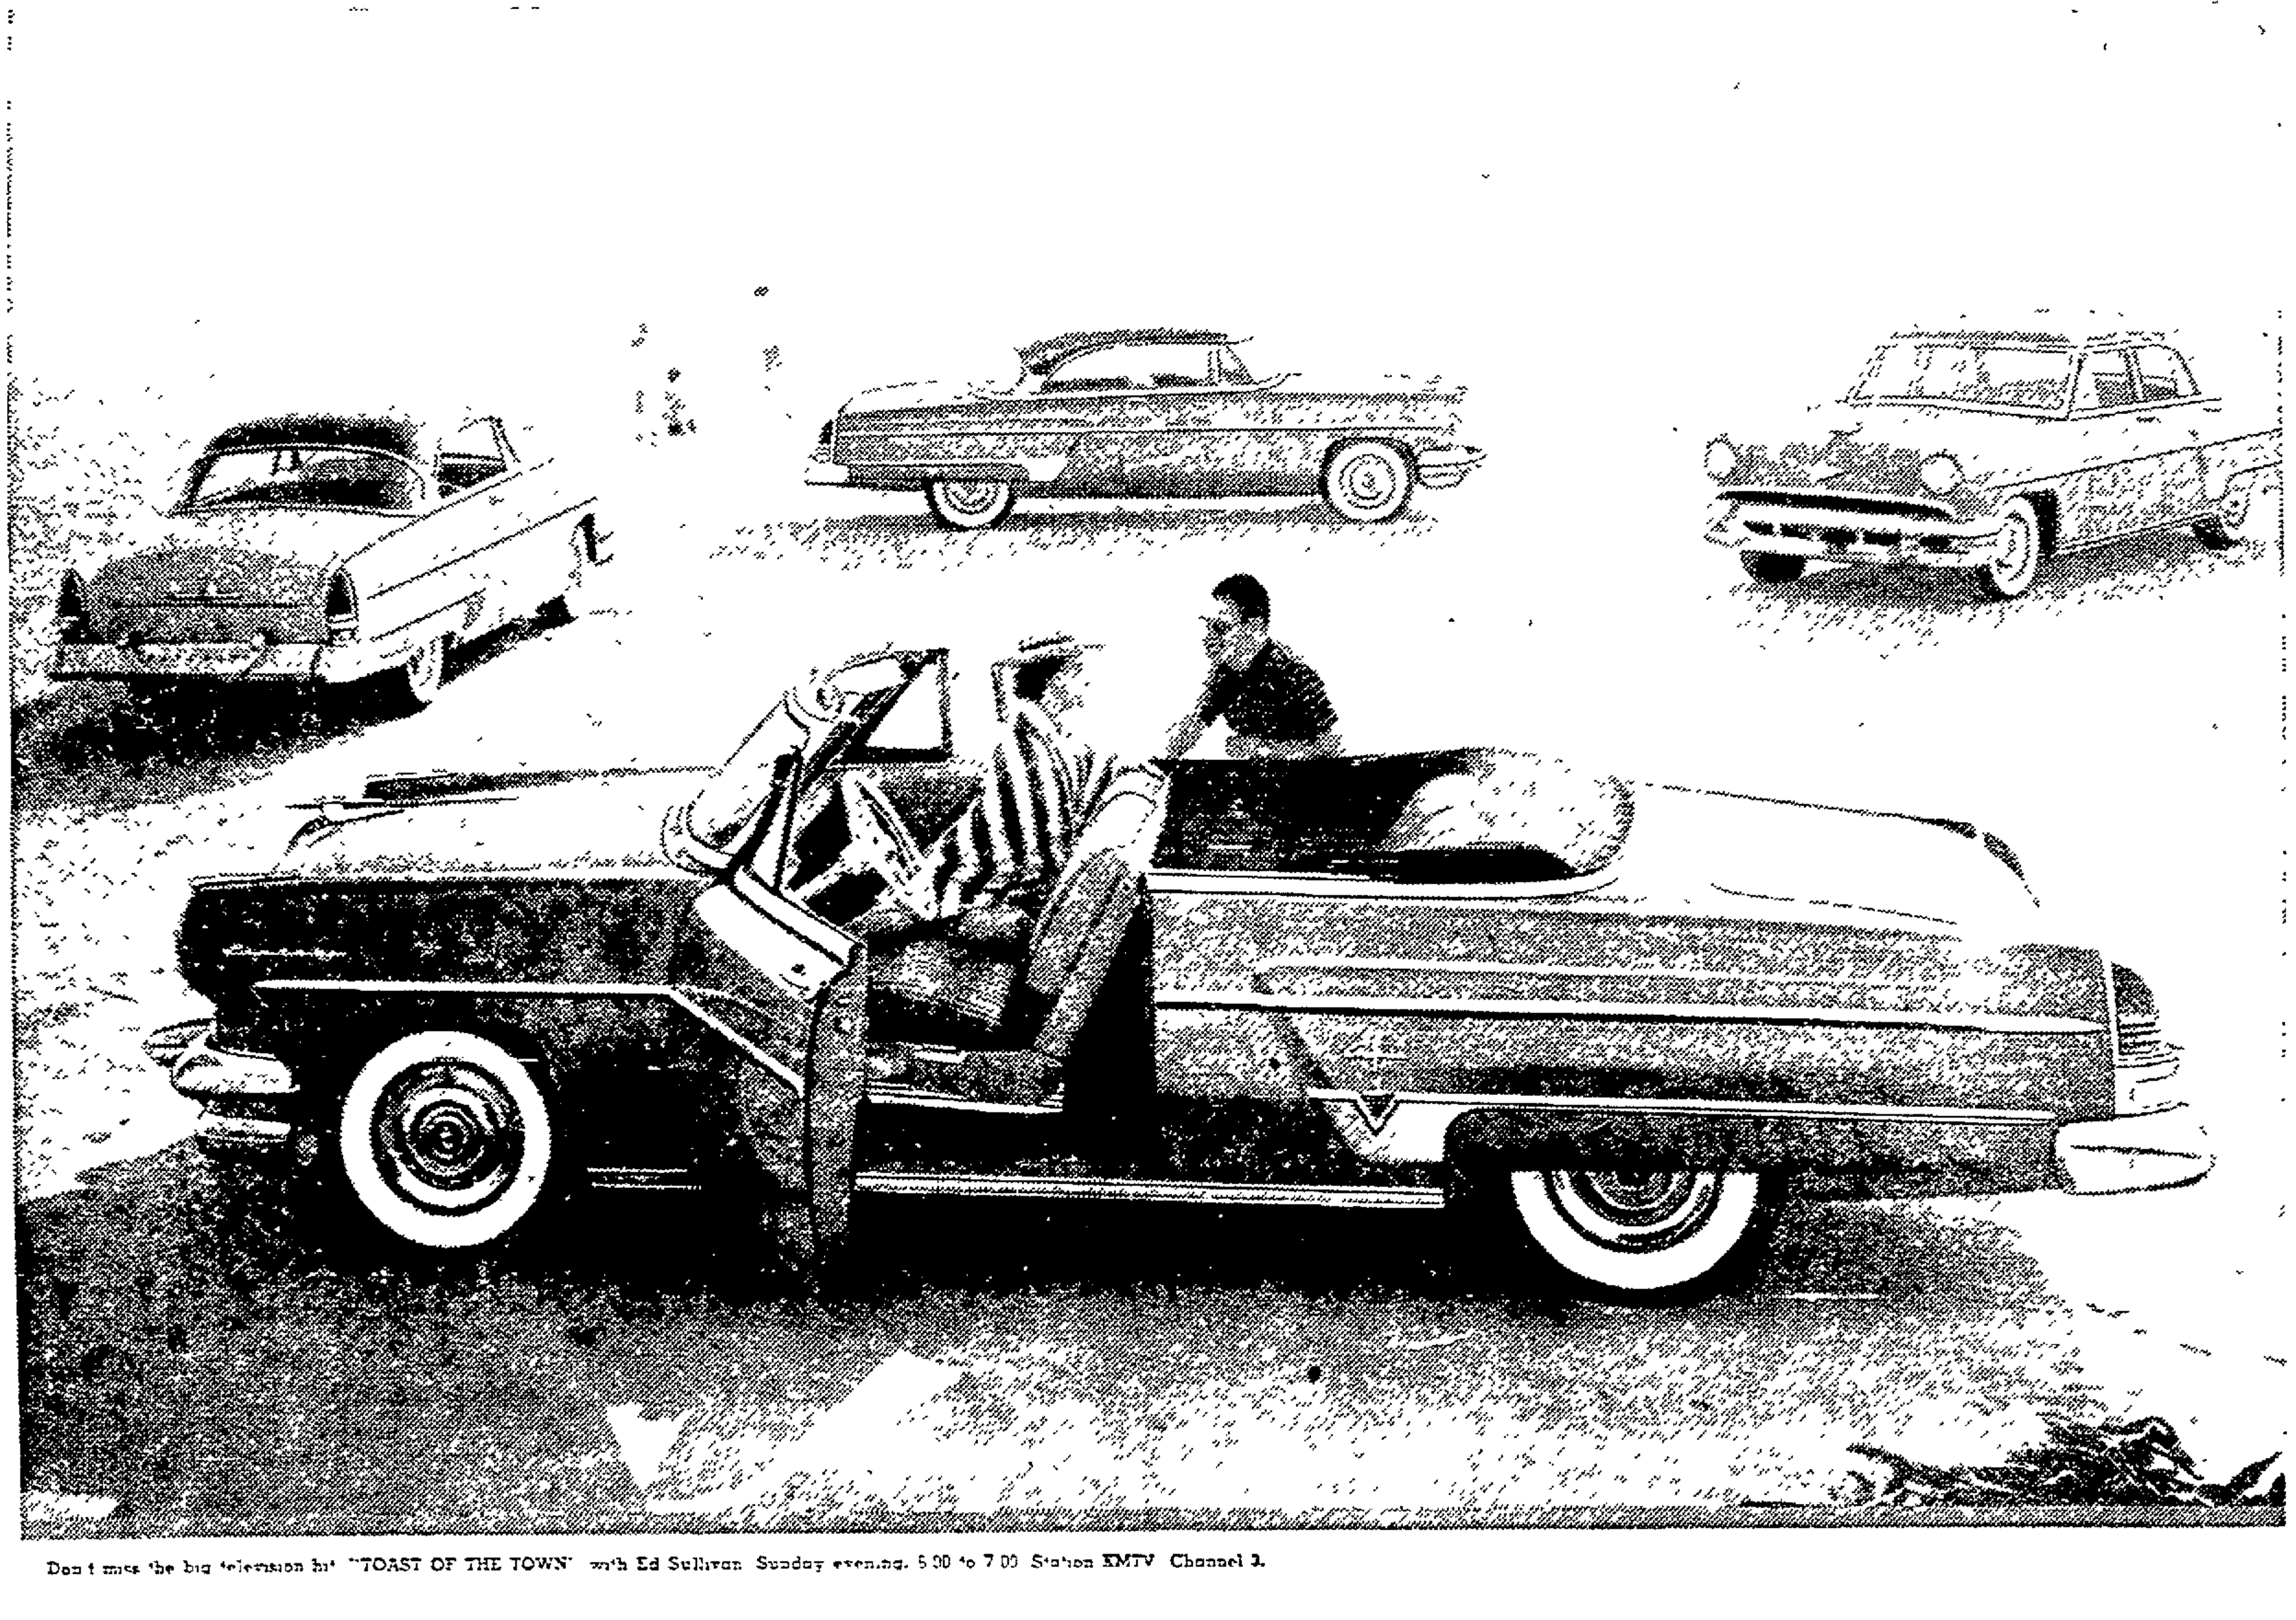
"Lincoln," he says, "is the outstanding champion over the road . . . gets this title through roadability, cornering qualities, good brakes. Lincoln's average of these factors is higher than any other American car. That's why they're champs. On winding or mountainous roads, the Lincoln is unbeatable in America . . . and will actually out-corner some sports cars."

Want further proof of Lincoln's performance superiority? This is the car that won first in its class in the Mobilgas Economy Run—the 4th straight win in 4 years. And for 2 years in a row, Lincoln has won the first 4 places over all stock cars in the Mexican Pan-American Road Race!

IF YOU ARE ENGINEERING MINDED, HERE ARE SOME FACTS: *Engine:* Lincoln's V-8, 205-hp engine has new 4-barrel carburetor, rear barrels vacuum controlled. Gives you economy in all ranges. New automatic spark control for smoother, livelier response. *Suspension:* new ball-joint on front wheels (only Lincoln in fine car field has it) for better handling. *Brakes:* far exceed any other fine car in braking area per pound.

FOR THE STYLE MINDED; Lincoln offers clean, graceful beauty in every detail; rich, luxurious interiors in a wide variety. Drive a Lincoln today.

Now available—a new, advanced fine-car air conditioning system built exclusively for Lincoln—optional at extra cost.



Don't miss the big television hit "TOAST OF THE TOWN" with Ed Sullivan Sunday evening. 6:00 to 7:00 Station KMTV Channel 3.

Sheep: Salable 8,000; slaughter lambs steady to 50c lower; ewes steady; feeding lambs strong to 50c higher; choice and prime spring slaughter lambs 90-96 lbs. $21; utility to choice slaughter ewes $4.00@4.50; choice 73 lbs. outstanding black-faced range lambs $18.50; mostly good 73 lb. feeders $17.

Markets At A Glance

NEW YORK (AP)—

Stocks—Higher; steels falter.

Bonds—Higher; rails improve.

Cotton—Higher; trade buying.

CHICAGO:

Wheat—Firm; rust damage reports.

Corn—Steady; cash corn prices firm.

Oats—Steady with corn.

Hogs—Steady to 25 cents lower; top $23.50.

Cattle—Steers steady to weak; top $26.75.

BOND MARKET

NEW YORK (AP)—Bond market prices improved Tuesday under leadership of medium grade rails. Late in the session prices ran up against profit taking, and final quotations were under the best of the day in many instances.

U. S. governments were sluggish all day and ended quietly up 1-32 to off 4-32 of a point.

Corporate bond prices were shade mixed most of the forenoon but gathered momentum on the plus side early in the afternoon and held up relatively well until about an hour before the cose when offerings in the secondary rails increased and there was a general backing down movement. The Associated Press average of 20 rail bonds ended unchanged, the industrials were up .2 of a point, the foreign group up .2 and the low-yields down .1 of a point.

Sales of $3,880,000 compared with $3,900,000 Monday.

All Grains Close Near Day's Highs

CHICAGO (AP)—Grains advanced under fairly urgent buying on the Board of Trade Tuesday closing near the day's highs in most instances.

The market experienced two strong buying movements, one in the morning and one late in the session. Between times, dealings were slow with prices drifting downward.

September soybeans again was a feature of trading. It was up nearly 10 cents, the daily limit, at one time but lost several cents of its extreme gain by the finish.

Wheat closed 1⅝ to 2 cents higher, corn ¼-⅜ higher, oats ¼-⅝ higher, rye 2¼-2¾ higher, soybeans unchanged to 6¼ higher and lard 5 to 32 cents a hundred pounds higher.

STATE

Tuesday—State-Federal Poultry Market Report:

Eggs: Steady to firm. Prices for current receipts showed some additional strength. Southeast area has considerable variation in prices being paid. Grade prices in western area are stronger at some points. Price per dozen paid producers delivered to country buying stations.

	Southeast (Mostly)	Northeast	West
A Large	29-35	30-36	32-39
A Medium	23-27	25-28	24-30
B Large	23-27	23-28	21-25
Unders	16-20	16-20	12-15
Cur. Rec.	21-26 22-25	21-25	20-27

Poultry: Steady to firm on hens, steady on other classes. Most hen price increases are in the northeast section of state with hen prices generally 12-14c for heavy breeds. Marketing of hens has been stepped up considerable in those areas with higher price. Price per pound paid producers delivered to country buying stations and plants.

State Combined

Hens, heavy large	9-15c	mostly 10-12c
Hens, heavy small	6-14c	mostly 10-12c
Hens, light	6-14c	mostly 9-10c
Old roosters	4-8 c	mostly 6-7 c

OMAHA

Churning cream: Country station average 50 cents; direct shipper track basis, 54 cents.

Milk: 3.8 per cent butterfat. Class 1, $4.56 Cwt.; Class 2 $3.01.

Butter: 92 score, quarters one-pound cartons, 61½ cents; 90 score 60.

Dinner Club Asks Return Of U.S. Taxes

The Lincoln Dinner Club, a non-profit organization, has filed suit in Federal Court against the United States seeking the return of $1,016.96 allegedly collected unlawfully in taxes by the Internal Revenue bureau.

The club alleges it was an "erroneous assumption" of the bureau that the annual membership fees and dues were amounts paid for admission by season ticket, and therefore taxable. The amount was collected for a period from March, 1952, through December, 1953.

The petition states the club's purpose is the promotion "of cultural, educational and scientific discussion through general meetings" and the $10 initial membership fee and $10 annual dues are largely expended for guest speakers.

Membership in the club is by invitation, the petition states, and total 265 persons. No charge is made for guests of members at the meetings, of which six or seven are held each year. The club was organized in 1942.

Stocks End Lower During Final Trade

NEW YORK (AP)— The stock market ended lower Tuesday, reversing an upward trend in the final hour.

Oils and motors, which sustained the market's upward movement through most of the session, ended firm. But railroads, utilities and motion pictures departed from the plus column during the late sell-off. Radio-television and mining issues became irregular. Mail order houses and airlines were generally higher. Steels were under selling pressure all day.

Aircrafts, market leaders in recent sessions, were surprisingly neglected most of the day. But during the late selloff, they were subject to profit taking. So were chemicals.

The early upsurge followed by a market reversal generated a lusty 2,900,000 share volume, up from Monday's 2,760,000 shares.

The Associated Press average of 60 stocks declined 30 cents from its 25-year peak to $134.20. The industrial component was off 80 cents, railroads 50 cents and utilities slipped 20 cents.

Packard Motors and Studebaker sparked the motors upward after stockholders of both companies approved merger terms. Packard was the most active issue, ending unchanged at 2¾ on 81,600 shares. Studebaker was fourth most active, closing up ⅝ at 19⅝ on 35,500 shares.

The American Stock Exchange was irregular as volume climbed to 800,000 shares from 790,000 Monday.

AP COMMODITY INDEX

NEW YORK—The Associated Press weighted wholesale price index of 35 commodities Tuesday declined to 171.78.

Previous day 172.68, week ago 171.39, month ago 172.11, year ago 179.71.

	1954	1953	1952	1951
High	175.49	181.72	195.20	215.71
Lows	170.31	170.55	175.53	189.34

(1926 average equals 100).

Inmates Get Year Sentence For Escape

Two State Reformatory inmates were each sentenced to one year in the Penitentiary after pleading guilty in Lancaster District Court to escape charges.

They are E. J. Holcomb, 21, and Orville W. Williams, 22, who broke custody as trustees on July 26 and escaped in a Reformatory truck.

The pair reached Wood River, Neb., before being apprehended by the State Safety Patrol and returned to the Reformatory the next day.

Williams, formerly of Lincoln, was serving a two-to-four year term for forgery, given Sept. 4, 1953, from Lancaster County.

Silver Star

Williams, who had enlisted at 16 in the Army and rose from private to master sergeant, is a veteran of the Korean War and Silver Star winner.

Holcomb, formerly of Lawton, Okla., was serving a six-year term for rape, given in September, 1952, from Hall County.

Both will complete these terms at the Penitentiary before beginning the escape terms, which were ordered to run consecutively.

Judge John Polk pronounced sentence on the escapees.

Notice to Contractors

Sealed proposals will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk, up to 10 o'clock a.m., Central Standard Time, Wednesday, August 25, 1954, for the construction of alley paving in Alley Paving District No 255, being in the North and South Alley between 16th and 17th Streets and H and J Streets, in said City, according to the plans and specifications of the City Engineer on file in the office of the City Clerk.

Plans and specifications may be seen and blank proposals obtained in the office of the City Engineer.

The City Engineer's estimate of the cost of this alley paving is $3,100.00.

Each proposal must be accompanied by a certified check for $155.00, made payable to Frank J. Miller, City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all proposals and to waive any defect in proposals.

THEO H. BERG, City Clerk.

Notice to Dealers in Electric Transformers

Sealed proposals will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk, up to 10 o'clock a.m., Central Standard Time, Wednesday, August 25, 1954, for furnishing nine electric transformers for the use of the City Light Department, in accordance with specifications for same on file in the office of the City Clerk.

Copies of the specifications may be obtained in the office of the City Engineer.

The City Engineer's estimate of cost of these transformers is $10,500.00 f.o.b. Lincoln, Nebraska.

Each proposal must be accompanied by a certified check in the sum of five per cent (5%) of the total amount of the bid, made payable to the order of Frank J. Miller, City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all proposals and to waive any defect in proposals.

THEO. H. BERG, City Clerk.

Budget for the City of Lincoln, Nebraska, for the fiscal year beginning September 6, 1954

Lincoln, Nebraska, August 14, 1954

To the Honorable City Council
City of Lincoln, Nebraska.

There is submitted herewith the annual estimate of expense and funds needed for the operation of the city of Lincoln, Nebraska, for the fiscal year beginning September 6, 1954, generally referred to as the "Budget."

This budget consists of two parts: Part I includes all operations of the city that are supported in whole or in part by tax on property and is composed of two sections: 1-A and 1-B. Section 1-A is known as the general Operating Budget, and includes all of the general operating departments of the city, to which the limit of taxation in the charter applies.

Section 1-B includes such tax funds as are not included in the charter limitation and is known as "Special Levy" or unlimited appropriations.

Part II which is attached is known as the budget for Self-sustaining funds, and includes such departments for which no taxes are levied on property for the operation and maintenance of the same.

The appropriation ordinance, when adopted, should contain an appropriation of $1,046,400, for storm sewers to be paid from the proceeds of bonds to be issued under authority granted at the special election held on June 15, 1954, and there should be appropriated in the Auditorium Building fund, all of the money in said fund arising from sale of bonds, investments and other incomes, together with money in the Parking Lot fund for the purpose of erecting a public building to be used as a city auditorium and equipping the same as provided by the charter of said city.

That there be established a Sidewalk Revolving fund for the purpose of paying for construction of sidewalks for which the city will be reimbursed, in the amount of $5,000 as proposed herein, and that all money received in Revolving funds including Inspection fund, Stores Revolving fund and Utility Payroll Revolving fund, be credited to such funds in accordance with the purpose for which the same is created.

That all encumbrances outstanding against prior appropriations at the close of the fisca year on August 31, 1954, be added to the appropriation for the following year.

The total valuation of the city as returned by the County Assessor including intangible and motor vehicles, plus railroads from the State Board of Equalization is $228,962,070. This figure when multiplied by 9¾ mills will produce the sum of $2,232,380.17.

Under the charter, the budget is prepared on a basis of 90% of the levy, which would make the 90% limit, $2,009,142.16. The city assessed valuation is $137,814,965. The proposed budget provides for a levy of 11.306 mills for the limited funds, producing $1,402,319.63.

This budget is compiled in accordance with the figures as determined by the city council after conferences with the different department heads and due study and consideration of the welfare and needs of the city, and is now submitted for adoption.

Respectfully submitted.
THEO. H. BERG, Director,
Department of Accounts & Finance.

PART I — SECTION 1-A

FUND OR DIVISION	Appropriation Last Year	Appropriation This Year	Balances	Estimated Other Receipts	Estimated	Mill Levy
GENERAL FUND						
City Council	$ 3,220.00	$ 5,510.00				
Mayor and Council		19,000.00

PART II—BUDGET FOR SELF-SUSTAINING FUNDS (NO PROPERTY TAX)

This contains the estimates of expense, together with the necessary income for the operation, maintenance and development of the departments listed, and includes salaries, wages, supplies, materials, improvements, structures, miscellaneous items for the proper functioning and operation of the departments, based on the detailed estimates filed, which estimates are to be used to control the expenditures.

There is appropriated as shown in the Gasoline Tax and Auto Registration Funds, all collections received from the County of Lancaster, as the City's share of such collections, which together with any balances remaining in the funds, are to be used for street work as provided by law, and the matching of funds with the Federal or State governments for street work and street improvements.

Fund	Allowed Last Year	Allowed This Year	Estimated Balance	Estimated Income
Water Revenue	$6,698,000.00	$1,710,000.00	$ 610,000.00	$1,100,000.00

Coffee Prices Start Down On East Coast

NEW YORK (AP) — The nation's big coffee roasters stood aside cautiously Tuesday to await developments as smaller companies announced price cuts of 10-cents-a-pound in the wake of Brazil's easing of foreign exchange regulations.

The prime question holding back the big fellows was "Where will the price of green coffee stabilize?"

The price of coffee futures on the New York Coffee and Sugar Exchange dropped the two-cent-a-pound daily limit for the second straight day as trading reached a standstill.

How much farther coffee futures will drop below the current offering prices and whether the prices will firm up could not be answered.

Big Distributors Mum

So General Foods Corp., distributors of Maxwell House coffee, Standard Brands Inc., which puts out Chase & Sanborn, and the A&P which sells its own brands in 4,000 stores remained silent.

Ten-cent-a-pound cuts in wholesale prices were announced, beginning Monday by Joseph Martinson & Co., followed by Aborn's Coffee Corp. in Boston, and Albert Ehlers Inc. in New York.

The Martinson's cut of the wholesale price from $1.30 to $1.20 a pound was reflected in A&P stores and by the Grand Union Co., owner of 330 supermarkets. The reduction in retail prices was from $1.41 to $1.31 a pound.

In San Francisco, Folgers Coffee Co. first announced a 5-cent drop to $1.19. Later Hills Bros. said it was dropping its price 10 cents, and Folger followed with another 5-cent cut, bringing its wholesale price down to $1.14.

Lincolnites Nominated To Vet Center Board

Two Lincoln men, Warren K. Dalton and Preston Polsky, have been nominated to five-year terms on the advisory board of the Lancaster County Veterans Center.

The County Board expects to make an appointment next week to fill a board vacancy created by the expiring term of Jack Stewart.

SUSAN HAYWARD GETS DECREE; RETAINS PERSONAL FORTUNE

Susan Hayward

BURBANK, Calif. (AP) — The hotly contested Susan Hayward-Jess Barker divorce case ended Tuesday when a judge granted the actress a decree and the right to keep all her real and personal property.

Her property includes more than a quarter of a million dollars in cash, bonds and insurance and a million dollar movie contract.

Barker, also an actor, was awarded a Ford station wagon and the right to visit the couple's twin sons on alternate weekends. Miss Hayward was given custody as part of the ruling.

Barker had contested his wife's divorce action and at one point his attorney said he had turned down a $100,000 settlement offer from Miss Hayward because of "certain strings attached."

The hectic divorce trial included charges that Barker once threw her into their swimming pool during an argument and a counter charge by Barker's lawyer that she was an "icy woman, an absentee mother."

During trial of the case last June it was brought out that assets in her own name included $293-319. Barker's bank account was set at about $5,000. In 1951 and 1952 he earned a total of $665 while she earned $374,068.

Barker asked half of community property.

Miss Hayward maintained that under a pre-nuptial agreement she was entitled to keep what she she earned after their marriage and Barker was to keep what he made.

The couple married in 1944.

At one point in the trial the next door maid testified that a red-haired woman, presumably the actress, raced nude through the Barkers' grounds at 3 a.m. one morning shouting "Please don't kill me." A man who appeared to be Barker was chasing her, the maid testified, shouting "You're going to sign that deal." Moments later she heard splashes in the swimming pool, the maid said.

Bohlen Sees His Tailor Before Trip To Moscow

LONDON B—Charles E. Bohlen, U. S. ambassador to the Soviet Union, arrived by air from Paris Tuesday afternoon for a date with his tailor.

"I flew in to pick up some clothes," he said. "It may be a cold winter over there."

Bohlen is scheduled to return shortly to France, where he has been vacationing. He said he planned to go back to Moscow this week.

Ross Quits U.N. Team

UNITED NATIONS, N. Y. (AP)—The resignation of John C. Ross, No. 3 man on the U. S. delegation to the United Nations and the last of its Truman appointees, was announced by Ambassador Henry Cabot Lodge Jr. Ross will be succeeded by Brig. Gen. C. Stanton Babcock, who was an adviser to Secretary of State Dulles in the drafting of the Japanese peace treaty.

WOMAN'S NUDE BODY FOUND; HUSBAND HELD

KANSAS CITY, Kan. (INS) — The husky husband of a mother of seven children, who was murdered in her Bonner Springs, Kan., home, was held for investigation Tuesday night.

But Henry Wagenknecht, 47-year-old electrician at the Sunflower Ordinance Plant in DeSoto, Kan., insisted he knew nothing of the slaying of his wife, Eva, 44.

The nude body of the frail, 105-pound woman was found in the garden of her home. She had been beaten apparently with a piece of lumber taken from a pile of wood on the back porch.

The husband, who weighs 200 pounds, said he was watching television in the living room and heard nothing. He said he looked in on their bedroom and saw his wife asleep.

Deputy sheriffs are investigating a report that a stranger in a truck had been seen in the neighborhood at the time.

DEATHS

ALBERS—Augusta Dora Albers passed away at Lincoln at the age of 69 years, 7 days. Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

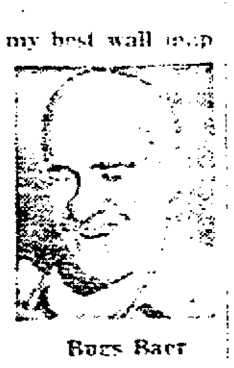
(Distributed by King Features, Inc.) Registered U. S. Patent Office

BAERING DOWN ON THE NEWS By Arthur 'Bugs' Baer

(Distributed by International News Service)

We'll have peace when the pins are out of the war maps and back in the shirts.

I've worn out my best wall map following the spoor of Dulles chinning himself on parallels. We've finished second in more spots than a plumber's helper.



Bugs Baer

Best news we had this week was the king of the Congo cannibals ordered toast for breakfast. But that's balanced by Winnie Churchill putting Suez up for grabs.

After 72 years of relentless friendship the English finally gave up trying to harness camels to hacks.

Wasn't so long ago Montgomery and Gen. Electric Whiskers were using sand for ballast in their shoes. Then we went over to help Mussolini out of Libya. He found too late that playing a violin with a saw was not music.

We sure helped Premier Mendes-France out of Indochina with a lavish farewell.

When it comes to coat-holding we also do a good job on the trousers.

Gen. Kai-shek is safe on Formosa because we went to his rescue. The general isn't sure whether we are running a first aid or a travel bureau.

Then we went to the rescue of Churchill's Suez aquacade. We certainly were a big assistance in packing Winnie's portable exodus.

In case you don't like it where you are we will forward our catalogue of interesting armistices and charming parallels. Syngman Rhee is still wondering how he is south of the Yalu with a good song ringing tree.

A Lot Of Lobster

BOSTON (AP) — Boston's Museum of Science displays what it claims are the two largest lobsters on record. Caught off the Virginia Capes, they weighed 42 pounds, 7 ounces and 38 pounds, 12 ounces, respectively.

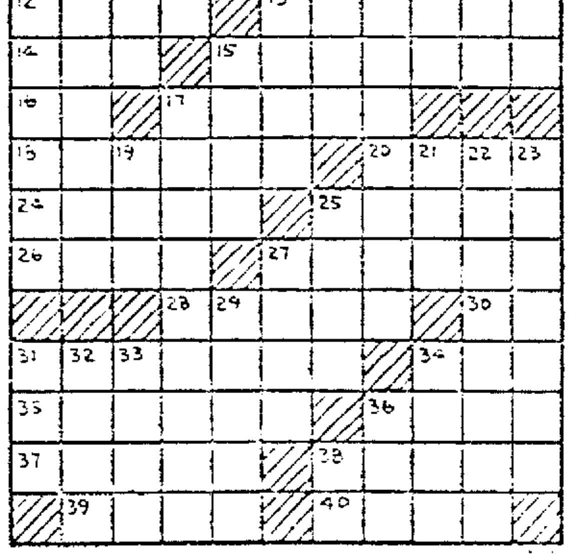
Yesterday's Answer



DAILY CRYPTOQUOTE

Here's How To Work It

A X Y D L B A A X R
L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

T K M W O K A D M P Y A C A D, T K B P J M P Y A C A D M W O K - S G U Y A K O.

Markets At A Glance

NEW YORK (AP)—

Stocks—Higher; steels falter.

Bonds—Higher; rails improve.

Cotton—Higher; trade buying.

CHICAGO:

Wheat—Firm; rust damage reports.

Corn—Steady; cash corn prices firm.

Oats—Steady with corn.

Hogs—Steady to 25 cents lower; top $23.50.

Cattle—Steers steady to weak; top $26.75.

BOND MARKET

NEW YORK (AP)—Bond market prices improved Tuesday under leadership of medium grade rails. Late in the session prices ran up against profit taking, and final quotations were under the best of the day in many instances.

U. S. governments were sluggish all day and ended quietly up 1-32 to off 1-32 of a point.

Corporate bond prices were shade mixed most of the forenoon but gathered momentum on the plus side early in the afternoon and held up relatively well until about an hour before the close when offerings in the secondary rails increased and there was a general backing down movement. The Associated Press average of 20 rail bonds ended unchanged, the industrials were up .2 of a point, the foreign group up .2 and the low-yields down .1 of a point.

Sales of $3,880,000 compared with $3,900,000 Monday.

All Grains Close Near Day's Highs

CHICAGO (AP)—Grains advanced under fairly urgent buying on the Board of Trade Tuesday closing near the day's highs in most instances.

The market experienced two strong buying movements, one in the morning and one late in the session. Between times, dealings were slow with prices drifting downward.

September soybeans again was a feature of trading. It was up nearly 10 cents, the daily limit, at one time but lost several cents of its extreme gain by the finish.

Wheat closed 1⅛ to 2 cents higher, corn ¼-⅞ higher, oats ⅜-½ higher, rye 2¼-2⅝ higher, soybeans unchanged to 6⅛ higher and lard 5 to 32 cents a hundred pounds higher.

Milk: 3.8 per cent butterfat, class 1, 54 cents.

STATE

Tuesday—State-Federal Poultry Market Report:

Eggs: Steady to firm. Prices for current receipts showed some additional strength. Southeast area has considerable variation in prices being paid. Grade prices in western area are stronger at some points. Price per dozen paid producers delivered to country buying stations.

	Southeast (Mostly)	Northeast	West
A Large	29-35	30-36	32-39
A Medium	23-27	25-28	24-30
B Large	23-27	23-28	21-25
Unders	16-20	16-20	12-15
Cur. Rec.	21-26 22-25	21-25	20-27

Poultry: Steady to firm on hens, steady on other classes. Most hen price increases are in the northeast section of state with hen prices generally 12-14c for heavy breeds. Marketing of hens has been stepped up considerable in those areas with higher price. Price per pound paid producers delivered to country buying stations and plants.

State Combined

Hens, heavy large	9-15c	mostly 10-12c
Hens, heavy small	6-14c	mostly 10-12c
Hens, light	6-14c	mostly 9-10c
Old roosters	4-8 c	mostly 6-7 c

OMAHA

Churning cream: Country station average 50 cents; direct shipper track basis, 53 cents.

Milk: 3.8 per cent butterfat. Class 1, $4.56 Cwt.; Class 2 $3.01.

Butter: 92 score, quarters, one-pound cartons, 63½ cents, 90 score 60.

Dinner Club Asks Return Of U.S. Taxes

The Lincoln Dinner Club, a nonprofit organization, has filed suit in Federal Court against the United States seeking the return of $1,016.96 allegedly collected unlawfully in taxes by the Internal Revenue bureau.

The club alleges it was an "erroneous assumption" of the bureau that the annual membership fees and dues were amounts paid for admission by season ticket, and therefore taxable. The amount was collected for a period from March, 1952, through December, 1953.

The petition states the club's purpose is the promotion "of cultural, educational and scientific discussion through general meetings" and the $10 initial membership fee and $10 annual dues are largely expended for guest speakers.

Membership in the club is by invitation, the petition states, and total 265 persons. No charge is made for guests of members at the meetings, of which six or seven are held each year. The club was organized in 1942.

Stocks End Lower During Final Trade

NEW YORK (AP)— The stock market ended lower Tuesday, reversing an upward trend in the final hour.

Oils and motors, which sustained the market's upward movement through most of the session, ended firm. But railroads, utilities and motion pictures departed from the plus column during the late sell-off. Radio-television and mining issues became irregular. Mail order houses and airlines were generally higher. Steels were under selling pressure all day.

Aircrafts, market leaders in recent sessions, were surprisingly neglected most of the day. But during the late selloff, they were subject to profit taking. So were chemicals.

The early upsurge followed by a market reversal generated a lusty 2,900,000 share volume, up from Monday's 2,760,000 shares.

The Associated Press average of 60 stocks declined 50 cents from its 25-year peak to $134.20. The industrial component was off 80 cents, railroads 50 cents and utilities slipped 20 cents.

Packard Motors and Studebaker sparked the motors upward after stockholders of both companies approved merger terms. Packard was the most active issue, ending unchanged at 2⅞ on 81,600 shares. Studebaker was fourth most active, closing up ⅝ at 19⅞ on 35,500 shares.

The American Stock Exchange was irregular as volume climbed to 800,000 shares from 790,000 Monday.

AP COMMODITY INDEX

NEW YORK—The Associated Press weighted wholesale price index of 35 commodities Tuesday declined to 171.78.

Inmates Get Year Sentence For Escape

Two State Reformatory inmates were each sentenced to one year in the Penitentiary after pleading guilty in Lancaster District Court to escape charges.

They are E. J. Holcomb, 21, and Orville W. Williams, 22, who broke custody as trustees on July 26 and escaped in a Reformatory truck.

The pair reached Wood River, Neb., before being apprehended by the State Safety Patrol and returned to the Reformatory the next day.

Williams, formerly of Lincoln, was serving a two-to-four year term for forgery, given Sept. 4, 1953, from Lancaster County.

Silver Star

Williams, who had enlisted at 16 in the Army and rose from private to master sergeant, is a veteran of the Korean War and Silver Star winner.

Holcomb, formerly of Lawton, Okla., was serving a six-year term for rape, given in September, 1952, from Hall County.

Both will complete these terms at the Penitentiary before beginning the escape terms, which were ordered to run consecutively.

Judge John Polk pronounced sentence on the escapees.

Notice to Contractors

Sealed proposals will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk, up to 10 o'clock a.m., Central Standard Time, Wednesday, August 25, 1954, for the construction of alley paving in Alley Paving District No. 255, being in the North and South Alley between 16th and 17th Streets and H and J Streets, in said City, according to the plans and specifications of the City Engineer on file in the office of the City Clerk

Plans and specifications may be seen and blank proposals obtained in the office of the City Engineer

The City Engineer's estimate of the cost of this alley paving is $3,100.00

Each proposal must be accompanied by a certified check for $155.00, made payable to Frank J Miller, City Treasurer, as a guarantee of good faith

The City reserves the right to reject any or all proposals and to waive any defect in proposals.

THEO. H. BERG, City Clerk.

Notice to Dealers in Electric Transformers

Sealed proposals will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk, up to 10 o'clock a.m., Central Standard Time, Wednesday, August 25, 1954, for furnishing nine electric transformers for the use of the City Light Department, in accordance with specifications for same on file in the office of the City Clerk.

Copies of the specifications may be obtained in the office of the City Engineer.

The City Engineer's estimate of cost of these transformers is $10,500.00 f.o.b. Lincoln, Nebraska.

Each proposal must be accompanied by a certified check in the sum of five per cent (5%) of the total amount of the bid, made payable to the order of Frank J. Miller, City Treasurer, as a guarantee of good faith

The City reserves the right to reject any or all proposals and to waive any defect in proposals.

THEO. H. BERG, City Clerk.

Budget for the City of Lincoln, Nebraska, for the fiscal year beginning September 6, 1954

Lincoln, Nebraska, August 14, 1954

To the Honorable City Council
City of Lincoln, Nebraska.

There is submitted herewith the annual estimate of expense and funds needed for the operation of the city of Lincoln, Nebraska, for the fiscal year beginning September 6, 1954, generally referred to as the "Budget."

This budget consists of two parts: Part I includes all operations of the city that are supported in whole or in part by tax on property and is composed of two sections: 1-A and 1-B. Section 1-A is known as the general Operating Budget, and includes all of the general operating departments of the city, to which the limit of taxation in the charter applies.

Section 1-B includes such tax funds as are not included in the charter limitation and is known as "Special Levy" or unlimited appropriations.

Part II which is attached is known as the budget for Self-sustaining funds, and includes such departments for which no taxes are levied on property for the operation and maintenance of the same.

The appropriation ordinance, when adopted, should contain an appropriation of $1,046,400; for storm sewers to be paid from the proceeds of bonds to be issued under authority granted at the special election held on June 15, 1954, and there should be appropriated in the Auditorium Building fund, all of the money in said fund arising from sale of bonds, investments and other incomes, together with money in the Parking Lot fund for the purpose of erecting a public building to be used as a city auditorium and equipping the same as provided by the charter of said city.

That there be established a Sidewalk Revolving fund for the purpose of paying for construction of sidewalks for which the city will be reimbursed, in the amount of $5,000 as proposed herein, and that all money received in Revolving funds including Inspection fund, Stores Revolving fund and Utility Payroll Revolving fund, be credited to such funds in accordance with the purpose for which the same is created.

That all encumbrances outstanding against prior appropriations at the close of the fiscal year on August 31, 1954, be added to the appropriation for the following year.

The total valuation of the city as returned by the County Assessor including intangible and motor vehicles, plus railroads from the State Board of Equalization is $228,962,070. This figure when multiplied by 9¾ mills will produce the sum of $2,232,380.17.

Under the charter, the budget is prepared on a basis of 90% of the levy, which would make the 90% limit, $2,009,142.16. The city assessed valuation is $137,814,965. The proposed budget provides for a levy of 11.306 mills for the limited funds, producing $1,402,319.63.

This budget is compiled in accordance with the figures as determined by the city council after conferences with the different department heads and due study and consideration of the welfare and needs of the city, and is now submitted for adoption.

Respectfully submitted.
THEO. H. BERG, Director.
Department of Accounts & Finance.

PART II—BUDGET FOR SELF-SUSTAINING FUNDS (NO PROPERTY TAX)

This contains the estimates of expense, together with the necessary income for the operation, maintenance and development of the departments listed, and includes salaries, wages, supplies, materials, improvements, structures, miscellaneous items for the proper functioning and operation of the departments, based on the detailed estimates filed, which estimates are to be used to control the expenditures.

There is appropriated as shown in the Gasoline Tax and Auto Registration Funds, all collections received from the County of Lancaster, as the City's share of such collections, which together with any balances remaining in the funds, are to be used for street work as provided by law, and the matching of funds with the Federal or State governments for street work and street improvements.

Fund	Allowed Last Year	Allowed This Year	Estimated Balance	Estimated Income

ONCE UPON A TIME
There was a mama, a papa and three little ones. They bought a gracious four bedroom colonial home that needed little decorating and modernizing. Well, the mama and papa went to work doing the necessary and with outstanding results. One dark night, the papa came home and got the mama and the three little ones together and told them they were going to move to another state. You can imagine how they all regretted this. FOLKS!!! This isn't really a "bedtime" story, we offer you one of the finest family homes in the city for, well, you can practically name the price. -18

Coffee Prices Start Down On East Coast

NEW YORK (AP) — The nation's big coffee roasters stood aside cautiously Tuesday to await developments as smaller companies announced price cuts of 10-cents-a-pound in the wake of Brazil's easing of foreign exchange regulations.

The prime question holding back the big fellows was "Where will the price of green coffee stabilize?"

The price of coffee futures on the New York Coffee and Sugar Exchange dropped the two-cent-a-pound daily limit for the second straight day as trading reached a standstill.

How much farther coffee futures will drop below the current offering prices and whether the prices will firm up could not be answered.

Big Distributors Mum

So General Foods Corp., distributors of Maxwell House coffee, Standard Brands Inc., which puts out Chase & Sanborn, and the A&P which sells its own brands in 4,000 stores remained silent.

Ten-cent-a-pound cuts in wholesale prices were announced, beginning Monday by Joseph Martinson & Co., followed by Aborn's Coffee Corp. in Boston, and Albert Ehlers Inc. in New York.

The Martinson's cut of the wholesale price from $1.30 to $1.20 a pound was reflected in A&P stores and by the Grand Union Co., owner of 330 supermarkets. The reduction in retail prices was from $1.41 to $1.31 a pound.

In San Francisco, Folgers Coffee Co. first announced a 5-cent drop to $1.19. Later Hills Bros. said it was dropping its price 10 cents, and Folger followed with another 5-cent cut, bringing its wholesale price down to $1.14.

Lincolnites Nominated To Vet Center Board

Two Lincoln men, Warren K. Dalton and Preston Polsky, have been nominated to five-year terms on the advisory board of the Lancaster County Veterans Center.

The County Board expects to make an appointment next week to fill a board vacancy created by the expiring term of Jack Stewart.

SUSAN HAYWARD GETS DECREE; RETAINS PERSONAL FORTUNE

Susan Hayward

BURBANK, Calif. (AP) — The hotly contested Susan Hayward-Jess Barker divorce case ended Tuesday when a judge granted the actress a decree and the right to keep all her real and personal property.

Her property includes more than a quarter of a million dollars in cash, bonds and insurance and a million dollar movie contract.

Barker, also an actor, was awarded a Ford station wagon and the right to visit the couple's twin sons on alternate weekends. Miss Hayward was given custody as part of the ruling.

Barker had contested his wife's divorce action and at one point his attorney said he had turned down a $100,000 settlement offer from Miss Hayward because of "certain strings attached."

The hectic divorce trial included charges that Barker once threw her into their swimming pool during an argument and a counter charge by Barker's lawyer that she was an "icy woman, an absentee mother."

During trial of the case last June it was brought out that assets in her own name included $293-319. Barker's bank account was set at about $5,000. In 1951 and 1952 he earned a total of $665 while she earned $374,068.

Barker asked half of community property.

Miss Hayward maintained that under a pre-nuptial agreement she was entitled to keep what she she earned after their marriage and Barker was to keep what he made.

The couple married in 1944.

At one point in the trial the next door maid testified that a red-haired woman, presumably the actress, raced nude through the Barkers' grounds at 3 a.m. one morning shouting "Please don't kill me." A man who appeared to be Barker was chasing her, the maid testified, shouting "You're going to sign that deal." Moments later she heard splashes in the swimming pool, the maid said.

Bohlen Sees His Tailor Before Trip To Moscow

LONDON (AP)—Charles E. Bohlen, U. S. ambassador to the Soviet Union, arrived by air from Paris Tuesday afternoon for a date with his tailor.

"I flew in to pick up some clothes," he said. "It may be a cold winter over there."

Bohlen is scheduled to return shortly to France, where he has been vacationing. He said he planned to go back to Moscow this week.

Ross Quits U.N. Team

UNITED NATIONS, N. Y. (AP)—The resignation of John C. Ross, No. 3 man on the U. S. delegation to the United Nations and the last of its Truman appointees, was announced by Ambassador Henry Cabot Lodge Jr. Ross will be succeeded by Brig. Gen. C. Stanton Babcock, who was an adviser to Secretary of State Dulles in the drafting of the Japanese peace treaty.

WOMAN'S NUDE BODY FOUND; HUSBAND HELD

KANSAS CITY, Kan. (INS) — The husky husband of a mother of seven children, who was murdered in her Bonner Springs, Kan., home, was held for investigation Tuesday night.

But Henry Wagenknecht, 47-year-old electrician at the Sunflower Ordinance Plant in DeSoto, Kan., insisted he knew nothing of the slaying of his wife, Eva, 44.

The nude body of the frail, 105-pound woman was found in the garden of her home. She had been beaten apparently with a piece of lumber taken from a pile of wood on the back porch.

The husband, who weighs 200 pounds, said he was watching television in the living room and heard nothing. He said he looked in on their bedroom and saw his wife asleep.

Deputy sheriffs are investigating a report that a stranger in a truck had been seen in the neighborhood at the time.

DEATHS

ALBERS—Augusta Dora Albers passed away at Lincoln at the age of 69 years, 7 days. Control Of High Blood Pressure Within 10 Years Is Predicted By Expert

WASHINGTON (INS)—A top expert on heart disease predicts that within 10 years a drug will be developed to control high blood pressure indefinitely and without "bad reactions."

The forecast was made by Dr. Robert W. Wilkins, chief of the Hypertension Clinic at Boston's Massachusetts Memorial Hospitals.

In a copyrighted interview with the magazine "U.S. News and World Report," Dr. Wilkins declared: "I think that a great deal of progress has been made—certainly in the past five years we've made more progress with drugs than we've ever made before."

Mild Cases Benefit Now

The doctor discussed the new Indian drug, Rauwolfia, at considerable length. He said that while it "hasn't proved to be the ideal answer to all the problems of high blood pressure" it is very useful, especially in milder cases.

Answering a series of questions, Wilkins said:

"We haven't got a drug that picks out only the blood pressure-blocking effect, has no bad reactions, and remains effective in a given dose for a long period of time. That's what we want.

"We're getting close to it. I think we have every reason to hope that we will some day get such a drug."

Asked what he meant by "someday," the doctor answered: "I would predict within 10 years."

Wilkins said putting the average patient to sleep with ordinary sedatives is not an effective day-to-day treatment, although it has been used in Russia and France in cases of very severe high blood pressure.

He made these other points:

1. Experts believe that both heredity and environment have a lot to do with whether or not an individual develops the disease.

2. The business executive appears to be no more susceptible than a truck driver or a housewife who worries about "little things."

3. More and more doctors are coming to believe that the "salt-free" diet is not a feasible method of treatment except on a short-term basis.

4. The blood pressure is probably the least important measurement a doctor can make in diagnosing the disease. One of the most important is the appearance of the blood vessels in the back of the eyes, and tests of heart and kidney functions are also important.

Wilkins said the experts believe they can add at least five years to the lives of high blood pressure sufferers where the disease is discovered early and where it exists only in a mild form.

He added: "We firmly believe that it's worthwhile to try. For the first time, largely because of rauwolfia, we have gotten a method of drug treatment which can be taken as rarely as once a day . . . in a small dose, and will keep these people on a moderately even keel indefinitely.

"At least it has done so for the four years that we have used it. That opens a whole new vista in hypertension."

ONCE UPON A TIME
There was a mama, a papa and three little ones. They bought a gracious four bedroom colonial home that needed little decorating and modernizing. Well, the mama and papa went to work doing the necessary and with outstanding results.
One dark night, the papa came home and got the mama and the three little ones together and told them they were going to move to another state. You can imagine how they all regretted this.
FOLKS!!! This isn't really a "bedtime" story, we offer you one of the finest family homes in the city for, well, you can practically name the price. -18

Control Of High Blood Pressure Within 10 Years Is Predicted By Expert

WASHINGTON (INS) —A top expert on heart disease predicts that within 10 years a drug will be developed to control high blood pressure indefinitely and without "bad reactions."

The forecast was made by Dr Robert W Wilkins, chief of the Hypertension Clinic at Boston's Massachusetts Memorial Hospitals

In a copyrighted interview with the magazine "U S News and World Report," Dr Wilkins declared: "I think that a great deal of progress has been made —certainly in the past five years we've made more progress with drugs than we've ever made before

Mild Cases Benefit Now

The doctor discussed the new Indian drug, Rauwolfia at considerable length He said that while it "hasn't proved to be the ideal answer to all the problems of high blood pressure" it is very useful, especially in milder cases

Answering a series of questions, Wilkins said

"We haven't got a drug that picks out only the blood pressure-blocking effect, has no bad reactions, and remains effective in a given dose for a long period of time. That's what we want

"We're getting close to it I think we have every reason to hope that we will some day get such a drug."

Asked what he meant by "someday," the doctor answered: "I would predict within 10 years."

Wilkins said putting the average patient to sleep with ordinary sedatives is not an effective day-to-day treatment although it has been used in Russia and France in cases of very severe high blood pressure

He made these other points:

1 Experts believe that both heredity and environment have a lot to do with whether or not an individual develops the disease

2 The business executive appears to be no more susceptible than a truck driver or a housewife who worries about "little things."

3 More and more doctors are coming to believe that the salt-free diet is not a feasible method of treatment except on a short-term basis

4 The blood pressure is probably the least important measurement a doctor can make in diagnosing the disease One of the most important is the appearance of the blood vessels in the back of the eyes, and tests of heart and kidney functions are also important

Wilkins said the experts believe they can add at least five years to the lives of high blood pressure sufferers where the disease is discovered early and where it exists only in a mild form.

He added: "We firmly believe that it's worthwhile to try. For the first time largely because of rauwolfia, we have gotten a method of drug treatment which can be taken as rarely as once a day . . in a small dose, and will keep these people on a moderately even keel indefinitely

"At least it has done so for the four years that we have used it. That opens a whole new vista in hypertension."
